NEW CANNERY.

Plant Will Have Capacity of Between 40,000 and 50,000 Cases.

EUGENE, Oct. 3.—The Weber-Bussell Canning Company, of Seattle, which has announced its intention of erecting a big fruit and vegetable cannery in Eugene this winter and have it in operation by the opening of spring, writes the Guard that the plant will have a capacity of between 40,000 and 50,000 cases each season, and that in the neighborhood of 200 hands will be employed during the season, which lasts from the time the first fruits and vegetables begin to ripen in the spring until late in the fall.

The Weber-Bussell Company has canneries all over the Pacific Northwest, for the location of the cannery, but has not yet determined which of them it will take. The matter will probably be decided during the next two weeks. The berries all over the Pacific Northwest, to the Southern Pacific railroad tracks, in order that shipments may be facilitated.

FALLS OFF HIGH BRIDGE.

EUGENE, Oct. 3.—Marean Hurd, son of G. F. Hurd of this city, fell from a railroad bridge 32 feet to the ground at Wetherbee, in Eastern Oregon, last Saturday, and was severely injured, although no bones were broken. He will be unable to play football this year on account of the injuries. He was to have started home the next day and re-enter the University of Oregon. He has been employed by the O. R. & N. Co. in Eastern Oregon all summer.

GOOD IN ALL COUNTRIES.

Five Million Stamps Now Ready for Distribution.

LONDON, Oct. 3.—Five million specimens of the new international stamp, adopted by the Postal Conference held at Rome in 1906, are now ready for distribution, and it is said that the postal authorities in the United States have already ordered 500,000, which are

now on the way to America.

The new stamp is practically a money order, and can be redeemed for money at any postoffice all over the world. Its value is 5 cents. It will afford greater facilities for international communications. Each year an account will be rendered by every one of the countries connected with the Postal Union, showing the number of letters so stamped received and sent during the year, and the central office of the Postal Union will settle accounts just as a clearing-house does.

GERMANY SEEKS SETTLEMENT.

Wants to Know France's Intentions in Morocco.

MILAN, Oct. 3.—The Corriere Della Sera today announces, from what it declares to be a most reliable source, that Germany is seeking to reach an understanding with France, covering not only Morocco, but all outstanding questions.

The paper adds that Germany, unless she reaches such an agreement, although she will not oppose France's Moroccan policy so long as she keeps within the terms of the Algeiras convention, will effectually prevent France from obtaining any except the most meagre results in Morocco.

AMERICANS HURT IN AUTO.

Mrs. William Graham, of Santa Barbara, Cal., Injured in France.

PARIS, Oct. 3.—An automobile containing Mrs. William Graham of Santa Barbara, Cal., her daughter and a governess, knocked down and killed a peasant yesterday near Auxerre, about 100 miles from Paris.

The chauffeur in trying to avoid the accident ditched the machine, and its occupants were thrown out. Mrs. Graham was cut about the head and the governess had an arm broken, but Miss Graham and the chauffeur were not hurt. The party were brought to Paris today in an auto-ambulance. Mrs. Graham's injuries are not serious. She is suffering principally from shock.
