LOCAL TEAM MAY COMPETE

HOSE CHAMPIONSHIP OF AMERICA PLANNED FOR EXHIBITION WITH TEAMS FROM EVERY STATE IN THE UNION TO COMPETE IN SEATTLE.

The local hose wagon team, which won the championship of the Pacific Coast in 1904, will probably participate in a big tournament at the Alaska-Yukon-Pacific Exposition, in 1909, according to Fred Brown, who has just returned from a trip of a couple of weeks to Seattle. He states that the management of the fair intend to have teams represented from every State in the Union, if possible, and that a regular firemen's tournament will be held for the championship of America.

"I have not asked the men who formed the Astoria team in 1904 anything about it yet, because I have just returned," said "Fred," yesterday morning. "I think they will be willing to take part in the contest, however, and it is certain that they will be well in the front if they decide to enter. I think that with a few months practice they could be put into shape, and make even a better showing than they have in the past."

SHAKE UP LONDON POLICE.

"Perjury Band" Has Caused Scandal for Years.

LONDON, Oct. 7.—The royal commission charged with the investigation of London's police force is nearly ready, following several months' work, to accuse Scotland Yard and the entire department of grafting and numerous forms of corruption. Something similar to New York's Lexov' shakeup is expected to follow.

The investigation brought to light a police "perjury band," which has caused scandals for years. It was shown that numerous officers were in league to support each other by false testimony to secure the conviction of innocent persons.

Bribes have been exacted from every one who could not be forced to pay for protection. Even bus drivers have been held up for small tribute by crossing policemen to save themselves from arrest on charges of obstructing traffic.

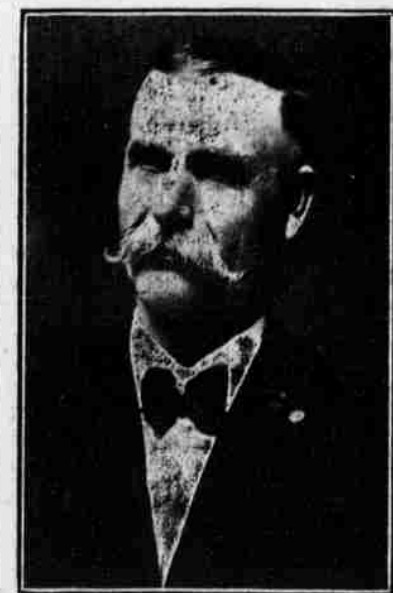

In the policemen's defense it was stated that their salaries of \$7 a week almost compelled them to find ways of aiding to their income.

Londoners were even forced to unite in a public vigilance society to prosecute perjured policemen.

SUGAR TRUST MAKES 'EM GUESS.

NEW YORK, Oct. 7.—What information, Wall Street is asking, led the sugar trust to acquire the Colonial Sugar Company's vast Cuban plantations. Speculators declare the purchase means one of two things—the sugar trust has information either that Cuba is about to be annexed to the United States or that the next Congress will lower the sugar tariff. Though the announcement of the colonial absorption came suddenly, the street thinks the Havemeyer interests have been negotiating for some time for control of the island's entire output.

THRIFT URGED BY BOOTH.

Salvation Army Head Tells of Message.

CHICAGO, Oct. 7.—General William Booth, commander in chief of the Salvation Army, today brought Chicago and the United States a message of the need of thrift, a warning of the dangers that lie in wait. General Booth said that the end of the era of high wages is in sight; that a growing population meant less food and clothing for each individual. This problem must be solved in England and America, in part, he said, as it has been solved in Indo-China and Japan. "The physical standard of living must be lowered," said the leader of the Salvation Army, "but this will only be half of the solution. It must be aided by moral and intellectual progress upward."

North Adams, Mass., Oct. 7.—A. B. H. He started the woolen department of those mills 19 years ago and then went to Ware where for 15 years he was general superintendent of the mills in that place and Gilbertville of the George H. Elizabeth, N. J., Oct. 7.—Klinger & Bach, shirt manufacturers, of No. 737 Broadway, New York, have purchased the shirt factory at No. 409 Livingston Street, this city, from G. H. Cooper & Son, the former owners of the plant. G. H. Cooper will be retained as superintendent and will look after the interests of the New York firm in this city. When Mr. Cooper started the plant a year ago last May, he had but 15 machines. Today there are 70, the output being six times that of a year ago.

The Place To Dine.

Where shall we dine? There should be no question about that. If you have no appetite, but feel that you should dine, drop into the Palace and, if you meet Arthur Smith, ask him to prescribe for you. He'll do it, by laying something tempting before you, and while he does not wish to interfere with physicians, prescribing for dyspepsia, he is in the business to cater to men's stomachs. Try him once and then you will always dine at the Palace.
