**PROSPER IS BOOMING OREGON TOWN**

**NEW SAWMILLS BEING BUILT AND GENERAL PROSPEROUS AIR—G. W. SHELBY, OWNER OF TOWN-SITE HERE.**

G. W. Shelby, mayor of Prosper, Ore., and traveling representative of the Wm. Cluff Company, grocers, San Francisco, is in the city calling on his trade. Some time ago Mr. Shelby became interested at Prosper, Oregon, four miles from Bandon, on the Coquille River, and purchased a piece of land which he platted and is meeting with splendid success, having sold over 100 lots. This is a sawmill town and he has just helped to incorporate a new company which will operate under the name of the Spencer, Shelby Lumber Co. Work on the mill has already begun and will be rushed through. It will have a cutting capacity of 60,000 feet per day and be modern in every respect. A box factory will also be started and they are now on the lookout for a practical boxmaker to take charge of the plant. He reports things very prospering on the Coquille and thinks that Prosper will make one of the best cities of the coast and if anyone can do it Shelby says as when it comes to "peddling the hot" we take off our hat to him for he's an artist. How-

ever, he is deserving of all the good luck that is coming his way.

**A Most Worthy Article.**  
When an article has been on the market for years and gains friends every year, it is safe to call this medicine a worthy one. Such is Ballard's Horehound Syrup. It positively cures coughs and all Pulmonary diseases. One of the best known merchants in Mobile, Ala., says:

"For five years my family has not been troubled with the winter coughs. We owe this to Ballard's Horehound Syrup. I know it has saved my children from many sick spells."

**Napoleon Bonaparte** showed, at the battle of Austerlitz, he was the greatest Leader in the world. Ballard's Snow Liniment has shown the public it is the best Liniment in the world. A quick cure for Rheumatism, Sprains, Burns, Cuts, etc. A. C. Pitts, Rodessa, La., says: "I use Ballard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Sold by Hart's Drug Store.

Small Vessel is Chartered to Load Grain.

Two Big Steamers Will Arrive Down Today With Cargoes of Wheat—Few Arrivals in the Harbor—Breakwater to Sail Tomorrow.

One of the most diminutive sailing vessels engaged in the past decade to carry a cargo of grain from the Columbia River to the United Kingdom was chartered yesterday. She is the British ship Lady Walseley, of only 1205 net register tons. The capacity of the vessel is considerably less than 70,000 bushels of wheat. When fully loaded she will not draw more than 18 feet of water.

Back in the '80s the majority of the ships visiting the Pacific Coast did not register more than about 1000 tons, and some few were of 700 tons burden or thereabouts. Since then the practice has been to build larger carriers, with the growing importance of the ports. The plan was kept up until practically all the small sailing craft were crowded from the sea. There are a few of the old-timers left, which keep bobbing up now and then, in search of business. But usually they are kept in the coastwise trade of the country to which they belong.

Good progress is being made in the work of blasting bowlders from Texas and Palouse rapids, on the Snake River, according to David B. Ogden, assistant United States engineer, who just returned from the scene of operations. He says two outfits are employed at Texas rapids drilling holes in the rocks. Apertures whose total length measure 100 feet have been completed. In a day or two these will be filled with charges of powder and the bowlders will be blown from the river. Roll rock, one of the most dangerous to navigation, will be blown up the latter part of the week.

Laden with full cargoes of wheat, the British steamships Indian Monarch and Redhill will arrive down this afternoon bound for the United Kingdom. The aggregate cargoes measure close to 400,000 bushels of wheat, valued at about \$350,000. Before starting on the long voyage around Cape Horn, the Redhill will go to Comox, B. C., to replenish her bunkers. The Indian Monarch has considerable fuel on board and will go to Europe by way of Newcastle, N. S. W., where she will coal. From there she will proceed to Durban, South Africa, to take on an additional supply of fuel.

Proposals for furnishing and delivering four hoisting engines, three locomotives and 80 horsepower tubular boilers, to be used at the government jetty at the mouth of the Columbia River, are being solicited by Colonel S. W. Roessler. Specifications for distribution among bidders will be ready Friday.

The steamer Johann Paulsen arrived in yesterday from San Francisco with a cargo of merchandise, part of which was unloaded at the Calender dock, after which she passed on up the river where she will take on a cargo of lumber.

The steamer Breakwater is scheduled to sail tomorrow for Coos Bay. She is one day late on account of having to have some repairs made to her.

The barkentine Emily F. Whitney arrived down the river yesterday and as soon as she secures the balance of her crew will sail for the Hawaiian Islands. She has a cargo of lumber.

The steamer Major Guy Howard is undergoing repairs and the steamer Jordan is taking her run for a few days between here and the forts at the mouth of the river.

The oil tanker Asuncion arrived in last night from San Francisco and will leave up the river this morning.

**His Dear Old Mother.**

"My dear old mother, who is now 83 years old, thrives on Electric Bitters," writes W. B. Brunson, of Dublin, Ga. "She has taken them for about two years and enjoys an excellent appetite, feels strong and sleeps well." That's the way Electric Bitters affect the aged, and the same happy results follow in all cases of female weakness and general debility. Weak, puny children too, are greatly strengthened by them. **PRETTY WEDDING.**

Popular Couple Married at Home of Bride's Mother Yesterday Afternoon.

Mr. Clarence Warren Spriggs and Miss Helen Mary Brooks were married yesterday afternoon at the residence of the bride's mother, Mrs. Minnie T. Brooks, on Exchange street. The ceremony was performed by Rev. Father John Waters, of St. Mary's Church, in the conservatory, where under a marriage bell of white sweet peas the contracting parties were made man and wife. The palms and potted plants, surrounding the bride party, produced a pleasing effect that aided greatly to the beauty of the scene. At 3 o'clock the wedding march was played by Miss Gertrude Kearney and the bridal party entered the conservatory. The bride was attended by Miss Maude Rahles, of Portland, as bridesmaid, while Mr. Lawrence Lakim, of Portland, was best man. Miss Adrene Epping, the little daughter of Mr. and Mrs. Epping, of Portland, acted as ring bearer. Mr. John Clair Monteith sang a beautiful baritone solo, "Thou'rt Like Unto Me a Lovely Flower," in splendid voice, accompanied on the piano by Miss Kearney. After the ceremony a sumptuous luncheon was served in the pretty decorated dining room, which was the closing of a very pretty and happy ceremony. Mrs. Brooks was assisted during the afternoon by Mrs. A. V. Allen, Mrs. Austin Osburn, Mrs. L. Lakim, Mrs. David Morgan, Mrs. J. T. Allen, Mrs. Streunmeyer, Miss Anna Gilbert and Miss Anna McLean. Many beautiful and costly presents were made the happy couple, who left on last night's train for a trip to Puget Sound cities after which they will make their future home in this city.

**The Place To Dine.**

Where shall we dine? There should be no question about that. If you have no appetite, but feel that you should dine, drop into the Palace and, if you meet Arthur Smith, ask him to prescribe for you. He'll do it, by laying something tempting before you, and while he does not wish to interfere with physicians, prescribing for dyspepsia, he is in the business to cater to men's stomachs. Try him once and then you will always dine at the Palace.
