**WATERFRONT ITEMS**

The steamer Alliance arrived yesterday morning from coast ports and unloaded 700 cases of salmon which were shipped from Coos Bay.

The Breakwater was moored to the Couch street dock yesterday afternoon shipping a general cargo for Coos Bay. The steamer passed out last night.

The steam schooner Sue Elmore arrived from Tillamook yesterday evening.

The British ship Port Patrick, Capt. Saintry, arrived in port this morning, 65 days from Newcastle, N. S. W. The Patrick has a cargo of coal for Portland and will move up stream in a few days. Capt. Saintry reports a pleasant trip and did not speak any vessels until opposite the river. He also mentioned that the colliers of the island continent were running full capacity. The harbors are also full of sailing vessels with no charters, the steam vessels getting the cream of the shipping. Capt. Saintry wishes to emphatically deny the report that his ship was in distress off the mouth of the river. Fine weather prevailed and there was little wind. He was picked up by the Wallula about 8:30 yesterday morning.

**How to Cure a Cold.**

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by Frank Hart and Leading Druggists.

**SCHOONER ASHORE.**

SAN FRANCISCO, Oct. 24.—The Merchants Exchange has received a dispatch from Coos Bay stating that the three-masted schooner Novelty, bound in ballast from San Pedro to Coos Bay is ashore on the rocks between the latter point and the Umpqua river. The vessel is owned by the Simpson Lumber Co., and was built at Coos Bay in 1896. She carried a crew of nine men.

**INTENDS TO BORE FOR OIL**

AN EASTERN MAN HAS A PROPOSITION WHEREBY IT WILL SOON BE DETERMINED WHETHER OIL CAN BE FOUND IN THIS COUNTY.

Mr. Sherman, of Robinson, Ill., is co-operating with some of our most progressive local boosters in bringing about a plan by which money can be raised to make a thorough test drill, for gas and oil, which Mr. Sherman, who has been in the business all his life, thinks there is splendid prospects of finding. He has made as thorough an examination of the possibilities as is possible to be made without drilling, and he says he is reasonably certain that if the money can be raised, and a hole put down to a sufficient depth, that oil and gas will be found in paying quantities. He is quite enthusiastic about it and as soon as he gets his plans prepared, he will make the public acquainted with them, through the local papers, and he says that if he is successful in carrying out the preliminaries, upon which he is now working, he will have a plan by which sufficient local capital can be interested and protected in a way by which, should they fail to find gas or oil, their money will not be lost.

Mr. Sherman says that the local people cannot begin to realize what a great thing it will be for Astoria, and vicinity, should gas and oil be found. It has made good sized, thriving cities out of many small towns in the Mississippi Valley, and on account of the location of this section the commerce, etc., that would be attracted by it, even railroads, is far beyond imagination or calculation.

We think that every encouragement, and all the help that can possibly be given Mr. Sherman, by our local citizens should be given him, because, should it prove a success, it is as he says, the benefits to be derived are incalculable and if we have gas and oil here, which we think we have, it is time we were getting it.
