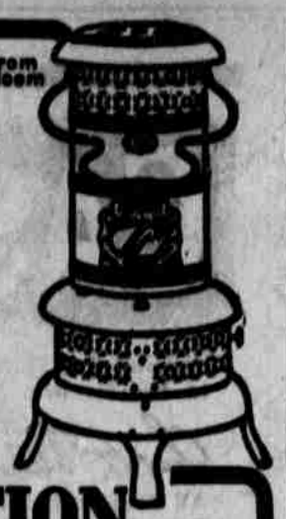
Carry it from Room to Room



Early Morning Comfort

Open your sleeping-room windows—let in the crisp, fresh air—but your room need not be cold while dressing—a touch of a match and the welcome heat is radiating from the

PERFECTION Oil Heater

(Equipped with Smokeless Device)

For heating the bath-room quickly it's a great convenience, and will make the morning dip as glorious as in the summer.

Now it's breakfast time—make the room cozy and cheerful—your breakfast more enjoyable and start the day without a shiver. The Automatic Smokeless Device prevents all smoke and smell and makes it impossible to turn the wick too high or too low. Cleaned in a minute—burns 9 hours with one filling. Finished in Nickel and Japan. Every heater guaranteed.

The Rayo Lamp can be used in any room—nickel and best for all-round household use—latest improved central draft burner—bright light at small cost. Absolutely safe. All parts easily cleaned. Made of brass, nickel plated. Every lamp warranted. If you cannot get the Rayo Lamp or Perfection Oil Heater from your dealer, write to our nearest agency for descriptive circular.

HERINGTON'S TABLETS

ABSOLUTELY CURE

Indigestion, Rheumatism, Diabetes, Kidney Diseases, Bladder Troubles, Liver complaints.

A SURE KIDNEY AND LIVER CURE

Have you healthy kidneys? If not, you will soon be attacked with that terrible Diabetes, Bright's Disease, Gravel, Dropsy or Rheumatism, and your health and happiness ruined. We have the only treatment that is a sure cure for the dreaded Bright's Disease, Diabetes, and all other forms of Kidney and Bladder Troubles. If your kidneys are not healthy, if the bladder is inflamed and weakened, urine highly colored or cloudy, smarting in passing, pains in back, nervous, languid, depressed, weakened in body and bind, bowels constipated and digestion bad, write for a box of Herington's Tablets and be cured.

RHEUMATISM is caused by an excess of uric acid in the blood. Ask any reputable physician, ask your family doctor, and he will tell you that the Uric Acid must be dissolved and drawn from the system before the disease yields.

What Causes Rheumatism

Now we say that the only medicine known that will actually dissolve this Uric Acid and carry it out of the body is Herington's Tablets. Local applications such as liniments, electricity, massaging, etc., will afford temporary relief only, and is time wasted to the injury of the patient, unless constitutional treatment is carried on at the same time. Why? Because the malady is a disease of the blood, and the blood must be freed of the cause—or no cure can follow.

WRITE TODAY—Fill in the coupon printed below and send it to us with 25 cents. We will immediately mail to you a liberal sized box of Herington's Tablets. If they fail to CURE you we will return your money as willingly as we took it. Our guarantee is, NO CURE, NO PAY.

FILL IN THIS COUPON TODAY

Our remedy will put you on the road to health and happiness.

HERINGTON MEDICINE CO., Grand Rapids, Mich.

Herrington Medicine Co., Grand Rapids, Michigan,

I enclose 25 cents, for which please send, postage prepaid, 1 box Herington's Tablets.

FIRST OF ITS KIND IN ASTORIA

THE LATEST FAMOUS ELECTRICAL INVENTION, THE TELEGRAPHONE, ON EXHIBITION AT THE OCCIDENT.

There arrived in this city yesterday the first specimen of the most famous of the late inventions of mankind, the Telegraphone. It is housed at the Hotel Occident and is in charge of a group f well known Portlanders, who will set it up, exhibit its work and exploit it commercially, during their stay here.

The Telegraphone is one of the real marvels of the moderns and is as intensely practical as it is uniquely wonderful, and its appeals directly to the abnormal American sense of swift utility, than which there is no more predominant characteristic in our commercial make-up.

It is the invention of Waldemar Poulsen, a young electrician of Copenhagen, Denmark, and the crux of the discovery that has placed him in the foremost ranks of scientific masters, is that of the ascertained quality and use of the "localized magnet" always the despair of Edison and all his confreres. It is told of the inventor, that when he had mastered the profound secret that made his invention critically and immensely valuable, he decided to visit America for the sole purpose of meeting the great master of the electrical cult, Edison, to pay him honor, and incidentally, show him the result of his own studies and their splendid reward. He found the great American in the very midst of his shops and greeted him gladly and with profound respect and the welcome he received fully compensated him for the journey. During the conversation that ensued after the courtesies of the hour, Edison asked the young Dane what he had accomplished, and was told, in quiet, modest terms that "he had discovered localized magnetism." Mr. Edison looked at him for a moment and replied gravely: "Young man, if you have achieved that, you are entitled to the appelation of 'Wizard of the World,' and no man will be prouder than I to accost you as such when you shall prove to me that you have attained to it!" The instrument was then exhibited to him and for hours they poured over it and put in through all its practical paces; whereupon Edison repeated his declaration that it was the climax of inventive genius and its inventor the very king of the profession.

The apparatus does not strike the layman as very complex, it being a plain, but exquisitely beautiful piece of mechanism, compact in form but intensely precise in all its appointments and connections, and is handsomely housed in polished woods.

It is designed as an adjunct to the ordinary telephone, and will amplify the service of that remarkable instrument almost a thousand-fold. It is quickly connected with any telephone and does its auxiliary work instantly and with absolutely thoroughness. There are really two distinct phases of service and two separate machines for the different operations, the recording machine, and the writing machine. The former when in harness receives and records, indelibly and forever, any message that is sent over a telephone wire, even to the extra breath expended by the sender in despatching it, and this is repeated clearly and exactly upon the reversal of the mechanism. The second device puts the same message upon a filmy disc, which may be mailed around the world for current postal cost and again reproduced upon a fellow machine, just as the records of a talking machine are developed.

The marvel must be seen to be appreciated and the opportunity is at hand for any and all to witness its revealed wonders during the stay here of the party in charge of it, to-wit, Messrs. H. P. and F. O. Reilly, C. H. Woodward and G. E. Smith, who will issue due invitations in this behalf today or tomorrow.

AFTER KING ALCOHOL.

Prohibition Increases in Illinois and the People go Thirsty.

CHICAGO, Nov. 6.—Alonzo E. Wilson, chairman of the state prohibition committee, last night, said:

"The general success of the prohibition movement throughout the South and in this state wherever the people have been given the opportunity to manifest their views, is an indication that the people are fully awakened to the dangers of the liquor traffic.

"Illinois is in a better condition as regards prohibition than most people are aware. There are 10 prohibition counties and from the reports of the election it is likely that other counties have joined the prohibition group. Fifty thousand square miles of the state are now prohibition territory and it wont be long before the remaining 6000 square miles are made prohibition territory. Nearly 3,000,000 people live in the territory.

"Today's election, in my belief, will be followed by a demand for additional legislation that will enable the foes of the liquor traffic to continue their warfare against it. It also is evident to me that the people of the country have become thoroughly aroused over the arrogance and power of the saloon interests as demonstrated during the recent charter election in Chicago."

HIDDEN DANGERS.

Nature Gives Timely Warnings That No Astoria Citizens Can Afford to Ignore.

DANGER SIGNAL NO. 1 comes from the kidney secretions. They will warn you when the kidneys are sick. Well kidneys excrete a clear, amber fluid. Sick kidneys send out a thing, pale and foamy, or a thick, red, ill-smelling urine, full of sediment and irregular of passage.

DANGER SIGNAL NO. 2 comes from the back. Back pains, dull and heavy, or sharp and acute, tell you of sick kidneys and warn you of the approach of dropsy, diabetes and Bright's Disease. Doan's Kidney Pills cure sick kidneys and cure them permanently.

P. J. Ritchery, living on Seventh street, Hillsboro, Ore., says: "For a long time I suffered from an acute attack of kidney trouble. My kidneys were very irregular the secretions passing very frequently and were attended by severe pain. They were also very scanty and my bladder seemed to be very weak. I tried a number of remedies that were said to cure kidney trouble, but received no relief. At last I saw an advertisement of Doan's Kidney Pills, and procured a box. The pains left and as I continued to use them the trouble entirely vanished. I gradually grew better and now I am without a sign of kidney trouble. I recommend Doan's Kidney Pills at every opportunity."

Plenty more proof like this from Astoria people. Call at Chas. Rogers' drug store and ask what his customers report.

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sale agents for the United States.

Remember the name—Doan's—and take no other.

ROOSEVELT WILL HELP.

NEW YORK, Nov. 6.—E. H. Gary, chairman of the executive committee of the United States Steel Corporation, is quoted today as saying regarding to the visit which he and H. C. Frick made to Washington on Monday:

"The President is disposed to do everything in his power that is right and proper to benefit the business interests of the country."

Mr. Gary declared that he was not prepared to make any more detailed statement about the visit nor about the acquisition in the control of the Tennessee Coal & Iron Company by the United States Steel Corporation. He thought he would be ready to say more about the matter in a day or two.

HASN'T DECIDED.

MANILA, Nov. 6.—Secretary of War Taft gave out a statement yesterday in which he said that he had not yet decided regarding the abandonment of his Siberian trip but that the probability is that he will return to Washington via San Francisco. He declined to discuss the reasons for abandoning his trip around the world but laid great stress on the situation at Vladivostok. Secretary Taft received the assembly at a farewell reception. The Secretary has highly complimented Manila on the fine engineering feat in the construction in the waterworks for the city, which he inspected.

JAPANESE IMMIGRATION.

VANCOUVER, B. C., Nov. 6.—A special from Ottawa, says:

An order in council has been passed extending the powers of Commissioner Mackenzie King to inquire into the Japanese immigration question at Vancouver. The deputy minister of labor will be able now to prosecute the inquiry with a view to showing how the Japanese laborers arriving in Canada in such large numbers this summer have been induced to come to the country under contract with employment agencies in Vancouver.

PORTRAIT OF BRYAN.

MANILA, Nov. 6.—A portrait of Wm. J. Bryan has been presented to the assembly by Justice Mapa and was received with many thanks. It will be hung in an appropriate place in the assembly hall.
