

Barrington Hall The Steel Coffee

Is just pure Mocha and Java prepared in a new way. The coffee berry is cut up (not ground) by knives of almost razor sharpness into small uniform particles. Thus it is not crushed, as by the old method of grinding, and the little oil cells remain unbroken. The essential oil (food product) cannot evaporate and is preserved indefinitely. This is one reason why a pound of Barrington Hall will make 15 to 20 cups more of full strength coffee than will any coffee ground the old way; why it excels all other coffee in flavor and why it will keep perfectly until used.

But the main thing about Barrington Hall Coffee is that it can be used without ill effect by those who find ordinary coffee injures them, because the yellow tannin-bearing skin and dust (the only injurious properties of coffee) are removed by the "steel-cut" process. A delicious coffee not a tasteless substitute.

Price, per pound,

40 cents.

ANGLERS TO MEET.

NEW YORK, Nov. 7.—The Anglers' Convention will be held at the American Museum of Natural History next Monday evening. Invitations have been issued by Dr. Henry Van Dyke, Dr. David Starr Jordan, Dr. Barton W. Evermann, Prof. Charles Frederick Holder, Charles Hallock, Charles Stewart Davison, Robert B. Lawrence, F. Gray Griswold, John L. Cadwallader and others. This invitation says that the "preservation of the game fishes of America in rivers, lakes and sea and their increase by proper methods of protection and planting, is a matter in which the anglers have a warm and common interest."

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Peppin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill feeling at once, strengthen the digestive functions, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by Frank Hart and leading druggists.

I AM HERE

Dr. D. A. Sanburn, the French specialist, has returned to Astoria and is permanently settled. My remedies are roots, herbs, barks, and berries in the natural form. I also give magnetic treatment to those who require them. I guarantee to cure all those that are curable of both sex. If there is any who can not come, write me your symptoms and I will send you my remedies to any part of the United States. Address Shanahan Building, 578 Commercial street. Consultation free. Astoria, Oregon.

CALLED FOR CASH

State Treasurer Precipitates Title
Guarantee Failure.

BANK'S AFFAIRS IN BAD SHAPE

Cash Was Drained From Vaults After
Failure of Oregon Trust & Savings
Bank—Some Loan Securities Are Also
in Poor Condition to Negotiate.

PORTLAND, Nov. 7.—Precipitated by the demand of George A. Steel, state treasurer, for \$100,000 of the \$393,000 state funds deposited in the bank, the Title Guarantee & Trust Company was forced to go into the hands of a receiver late yesterday afternoon. George H. Hill, vice-president of the bank, being appointed receiver by Federal Judge Charles E. Wolverton. The assets of the bank are roughly placed at \$3,000,000 and the liabilities at \$2,600,000. Although the bank has 5500 savings accounts and 1200 accounts subject to check, the deposits amounting to \$1,800,000, there was but \$9000 in the vaults and \$9000 on deposit in other banks when the legal holidays were first ordered.

The heaviest debt of the Title Guarantee & Trust Company is an account of \$607,000, due Ladd & Tilton, drawing 8 per cent interest, payable monthly. This debt has been an incubus of long standing and, as one of the bank officials declares, has been a millstone around the neck of the institution. Contrary to general belief, W. M. Ladd is not an officer in the bank, although he owns 753 shares, valued at \$100 each. Originally Mr. Ladd was president, but resigned July 1, 1906, being succeeded by J. Thorburn Ross. Mr. Ladd was carried as a director, however, until last July, although recent advertisements of the Title Guarantee & Trust Company carried his name as director until the suspension. The withdrawal of Mr. Ladd was, apparently, unknown even to people in the bank, for a few days ago Receiver Hill said that Mr. Ladd was back of the bank to the best of his knowledge.

Failure of the Oregon Trust & Savings Bank in August caused a steady run on the Title Guarantee & Trust Company. At that time there was in the vaults of the latter \$485,000. The deposits at the time were \$2,245,000. In the past two months \$300,000 has been withdrawn, and the climax came when State Treasurer Steel demanded \$100,000, which he intended scattering among other banks in the Willamette Valley. Before the receiver was appointed yesterday Steele was secured for the \$395,000 by surety bonds, timber land in Benton county valued at \$600,000, on which the bank had loaned \$500,000, and a mortgage on land near Silverton valued at \$428,000. While the bank made the state a preferred creditor, this action is meeting with denunciation on the street, as the state money was secured by the bondsmen of Treasurer Steel.

M. B. Rankin was the heaviest borrower of the bank, having secured \$500,000 for timber deals in Benton county on one transaction alone.

Lafe Pence induced the bank to lend him \$225,000 for his scheme of filling Guilds Lake, by sluicing down the hills back of the city, and the bank also invested \$175,000 additional in the Fair Grounds. Pence secured his loan through T. T. Burkhart, the treasurer, and Atchison, the secretary, during the absence of Ross in Europe.

About five months ago Ross and Pence had a falling out, because the banker refused to lend the promoter more coin. The Pence enterprise was considered visionary, and although a fortune had been placed in sluice boxes and other paraphernalia, the work ceased.

A Significant Prayer.

"May the Lord help you make Bucklen's Arnica Salve known to all," writes J. G. Jenkins, of Chapel Hill, N. C. It quickly took the pain out of a felon for me and cured it in a wonderfully short time." Best on earth for sores, burns and wounds. 25 cents at Chas. Rogers & Son's Drug Store.

WATERFRONT ITEMS

The following changes in lights and
buoys are reported by the Lighthouse
Board:

Notice to Mariners.

Lower Willow Bar Range Lights, page
40, Nos. 165 and 166 (List of Lights,
Buoys, and Daymarks, Pacific Coast,
1907, page 86).—Located on the easterly
bank of the Columbia River, about 3.5
miles S. by E. 1/2 E. from Knapp Landing.

September 17 the following changes
were made in the positions of these two
fixed white post-lantern lights to better
guide vessels in the dredged channel
over Lower Willow Bar.

Front light—Moved about 5000 feet
south southeasterly.

Rear light—Now suspended about 500
feet SSE. 1/2 E. in rear of front light.

Oregon and Washington.

Columbia River, pages 59, 60, 61, 62,
63, 65, and 66.—The following changes
have been made:

Sylvia de Grasse Wreck Buoy, 4,
changed to a first-class spar.

Mid-channel buoy, color changed to
red, and will hereafter be designated
Channel Starboard Side Buoy 61.

Tongue Point, left tangent—SE. by E.
1/2 E.; Tongue Point light—S. by E. 1/2 E.;
Fish house o Taylor Sands, NW. by
W. 1/2 W.

Channel West Side Buoy 11, replaced.

Channel East Side Buoy, 12, changed
to a first-class nun.

Channel South Side Buoy, 14, discon-
tinued.

Cathlamet Channel Buoy, 2, discon-
tinued.

Walker Island Channel Buoy, 2, dis-
continued.

Cowlitz River Buoy, 1, replaced.

Cottonwood Island Shoal Buoy, 1, re-
placed.

Carr Slough Buoy, 2, a red first-class
spar, was established September 18, in
22 feet of water, as a guide in the Cot-
tonwood Island Channel.

Cottonwood Island, right tangent,
NNE.; Coffin Rock, SSE. 1/2 E.; Cotton-
wood Island, left tangent, NW. 1/2 N.

Hunter Shoal Buoys, 1, 2, and 4, re-
placed.

Martin Island Bar Buoys, 2 and 4, re-
placed.

Reader Crossing Buoys, 2, 4, and 1,
replaced.

Yesterday morning as the early fog
swept out to sea and left the brilliant
sunshine accentuating everything on
the hills and bay about Astoria, the
first object of interest to catch the eye
from shore, was the handsome white
model of the light-house tender Colum-
bine swinging up the channel from the
bar after a night at anchor off the
whistling buoy outside, where she "came
to" on Wednesday night, from her 42-
day cruise in Alaskan waters. She was
soon docked at her old berth at the foot
of Ninth street, and Captain Charles
Richardson came ashore with hearty
greetings for all hands as fast as he saw
them. He reports a busy trip, and
every phase of weather known to the
"observatories" from a summer calm to
a winter blizzard, the latter overtaking
him while he laid in the Lynn Canal en
route to Skagway. All hands are in
fine shape and glad to get back to the
civilized coasts, and the dandy little
ship is in her usual natty condition, as
are all the fleet in that service here-
about.

The British steamer Inveran, with a
cargo for Shanghai; the Norwegian
steamer Terje Viken, loaded with lum-
ber for the Orient, and the French bark
Turgot, succeeded in getting to sea yes-
terday when the fog lifted.

The oil tank steamer Lansing arrived
yesterday morning from Port Harford
and is discharging her cargo.

The schooner Wm. T. Garms with a
cargo of lumber went to sea yesterday.

The steamer schooner Cascades arrived
yesterday afternoon in ballast from
California and will load lumber.

The steamer Sue Elmore left for Til-
lamook yesterday with a full cargo of
freight and passengers.

The steam schooner Tiverton arrived
in yesterday from San Francisco and
will load lumber at Prescott.

The three-masted schooner Jas. A.
Garfield arrived in yesterday from Cal-
ifornia and will load lumber at the
Astoria Box Company's mill.

Inspectors Ames and Wheldin were
over looking several craft on the water-
front yesterday. They inspected the

quarantine steamer Electro and the
steamer Nahcotta and found everything
ship-shape.

The steamer President sent a wireless
message to District Forecaster Beals
yesterday while lying off the mouth of
the Columbia.

LINGERING COLD.

Withstood Other Treatment But Quickly
Cured by Chamberlain's Cough
Remedy.

"Last winter I caught a very severe
cold which lingered for weeks," says J.
Urquhart, of Zephyr, Ontario. "My
cough was very dry and harsh. The
local dealer recommended Chamberlain's
Cough Remedy and guaranteed it, so I
gave it a trial. One small bottle of it
cured me. I believe Chamberlain's
Cough Remedy to be the best I have
ever used." This remedy is for sale by
Frank Hart and leading druggists.

A Good Liniment.

When you need a good reliable lin-
iment try Chamberlain's Pain Balm. It
has no superior for sprains and swell-
ings. A piece of flannel slightly damp-
ened with Pain Balm is superior to a
plaster for lame back or pains in the
side or chest. It also relieves rheuma-
tic pains and makes sleep and rest pos-
sible. For sale by Frank Hart and
leading druggists.
