A Dislocated Arm—
 While working on the improvement on the west end of Bond street yesterday afternoon, William Granlund fell from the roadway to the rocks below and suffered a dislocation of his arm. Last night he was resting easy and no serious results are anticipated.

Closed a Real Estate Deal—
 O. F. Morton has consummated the sale of the property of Mrs. W. S. Kinney, being 4 1/2 lots in block 7, Shively's, with residence, the sale price being \$4000. The property is on Franklin avenue directly south of the Clatsop mills and the price is an evidence of the increase of values in Astoria. Improvements are projected by the purchaser, L. A. Jones, that will enhance the value not only of this property, but that adjacent.

Bids on Street Improvements—
 The committee on street and public ways of the city council, met yesterday afternoon and opened bids on street improvements as follows: Harrison avenue, from Eighth to Twelfth streets; Irving avenue, from Ninth to Eleventh streets, and Tenth street, from Grand to Irving avenues. The engineer's estimate on the improvement of these streets was \$18,728.60 and the lowest bid was that of Hegard Bros., of \$18,655.75. Bids were also opened on the improvement of Irving avenue from Eleventh to Fifteenth streets, and for a sewer on Fourth street. The engineer's estimate on the improvement of Irving avenue was \$9008.55 and on the Fourth street sewer, \$200. E. A. Gerding's bid, \$10,765.20, on the Irving avenue improvement, being the lowest, and Charles Larsen, was the lowest bidder on the Fourth street sewer, his bid being \$173.65. The committee will recommend that these bids be accepted.

TERSE TALES OF THE TOWN

Wanted—
 A girl to work in a bindery. Apply Astorian office.

Too Much Wind—
 The contractors are having too much wind these days to successfully raise the great pole for the new wireless service.

Off For England—
 William Greenland, the expert taxidermist, who has just finished a superb eagle for sale in this city, has purchased his transportation for England and will leave in a few days for a protracted visit to his old London home.

Traveler's Visit—
 Gilbert Cameron, a traveling miner who has spent some twelve years in Alaska, Arizona, California and Nevada, spent the day here yesterday. Mr. Cameron lived for some time in Astoria in 1883. He leaves for Tacoma today, and thence will return to his mines in the Alaska regions.

An Unhappy Case—
 Mrs. Anna Gates, of Fort Stevens, was taken into custody yesterday afternoon by Sheriff Pomeroy, upon a complaint in lunacy sworn out by her husband, Steward Gates, of the post hospital there. Judge Trenehard summoned Dr. J. A. Fulton to carry on the examination, and the result was quickly reached that the lady was suffering from hysteria superinduced by a protracted season of family trouble and unhappiness, and she was discharged with some excellent advice on the part of the presiding officer and the physician named.

Deliver Irons—
 Mr. F. L. Bassett, of the Ideal Self-Heating Iron Co., is in town to deliver the irons ordered in Astoria. 11-9-2t.

Dr. Chapman—
 When such a man comes to our city we all ought to hear him. Saloon men especially ought to be interested in Dr. Chapman's address. He puts the saloon issue in its newest light and gets at the matter from the lawyer standpoint. He is an orator and is aflame with his subject. Methodist Church, Tuesday night, free. This will be the best temperance address ever given in our city!

Badly Cut Finger—
 Charles Mitchell of the Callender dock in grinding a knife yesterday unfortunately cut the end of one of his fingers severely. He had the injury dressed immediately and, while it is painful, no serious results are anticipated.

Former Astorian Dead—
 Charles Weisenstein formerly of this city died at Camas, Wash., yesterday after a short illness. He was well known in this city having been manager of the Louvre for several years. He was a member of Astoria Aerie Fraternal Order of Eagles.

Revisiting Astoria—
 Benjamin Sweek, of Milwaukee, who for years had cruised, and dealt in timber in Clatsop county, and who is quoted all over the country as an expert in all matters appertaining thereto is revisiting Astoria, and is the guest of Mr. Stuart, of the Abstract, Title & Trust Company, of this city. His wife accompanied him on this trip to the west and is domiciled with old friends in Portland. Their trip is entirely one of pleasure this time and Mr. Sweek says they are having any amount of it.

Sunday School Rally—
 A Sunday school rally will be held at the First Methodist Church, on Wednesday evening next. Mr. A. H. Cross, who has for several years been superintendent of Marion Lawrence Sunday school of Toledo, Ohio, and who has been assisting in state work, in Oregon and Washington, will address the gathering on the topic "Sunday school success." It is expected that all the churches will be represented and a cordial invitation is extended to all to attend.

Clearing-House Certificates—
 Some uncertainty was felt by the business men of Astoria, yesterday, on receipt of some of the clearing-house certificates of Portland banks. Printed on plain paper, with but one signature, and no payee named, the dangers of forgery were feared. There may be difficulty in having these certificates cashed among the merchants, not on account of fears of the banks but on the slipshod methods of issuing the certificates from the appearance of which they may be repudiated without redress to the payer.

Stormy at Fort Stevens—
 Contractor Lebeck was called to Fort Stevens, yesterday, owing to an accident to his pile driving apparatus, which has been in operation there for the past week. During Friday night, owing to a heavy swell in that neighborhood, the piledriver partly capsized and many of the tools were lost overboard. A professional diver has been engaged from Portland, who is expected to arrive today, and the tools will, no doubt, be recovered tomorrow. By Tuesday or Wednesday, all damage will be repaired and the work proceed smoothly as in the past. It was very stormy at Fort Stevens, on Friday night, and it is reported that one of the government barges went ashore with about 12 men aboard. No lives were lost, and by heroic work on the part of the crew, the barge was grounded on the sands before striking the jetty.
