

## ON OFFICIAL TOUR OF INQUIRY

COMMANDER J. P. WERLICH, U. S. N., PASSES THROUGH THIS CITY EN ROUTE TO PUGET SOUND—CONFERS WITH PILOTS.

Commander J. P. Werlich, U. S. N., commanding officer of the Thirteenth Lighthouse District, arrived in this city from Portland yesterday afternoon on an official tour of inquiry and investigation into conditions and needs. He came down on the 11:40 express, alighting at Tongue Point, where the lighthouse tender Heather was awaiting him for a cruise to Tatoosh Island in Puget Sound.

When the Heather reached this city from the buoy station at Tongue Point, Commander Werlich went directly to the office of the Columbia River Bar Pilots' Association, for the purpose of discussing with that group of mariners the necessities incident to the establishment of the range lights desired here as an aid in entering this port, the range to include Sand Island and Flavel. As it happened that there were but three or four of the pilots ashore at the hour of his call, it was agreed that he shall meet them again on his return from Puget Sound, when more of them might be at hand to express their opinions as to the exact requirements of the new aid.

Commander Werlich expressed himself as perfectly willing to meet the wishes of the pilots, and people of this port, in any way at all, so long as there is money at his disposal and authority for its application to the projects most needed. The question of the new range lights was gone into quite thoroughly by all present and there is no doubt of their being put into service just as soon as he can confer conclusively with the majority of the pilots' association.

After the meeting adjourned that officer went at once aboard the Heather, and she sailed for the Sound, where Commander Werlich will look into a case of non-service of the whistling-buoy near there, and adjust it so that it may be heard in all directions instead of just one as at present. He will return to

this port when he has disposed of this matter.

### NAVY YARD BUSY.

NEW YORK, Nov. 11.—Beginning today the force at the New York Navy Yard will work night and day in order to have the battleships now being fitted out for the Pacific voyage ready by December 14, and to proceed to Hampton Roads, from which they will sail on December 16. They are the Connecticut, Flagship of the fleet and the Louisiana, Ohio, Rhode Island and Alabama.

Rear Admiral C. C. Sperry, who was designated a few days ago to command the fourth division of the fleet, hoisted his flag on the Alabama. This assignment completed the division and squadron commands, the other being Rear Admirals Thomas and Emory. Admiral Evans, commander in chief of the fleet, is in personal command of the first division.

### MORE TIME TO PAY.

NEW YORK, Nov. 11.—In view of the disturbed financial conditions it is difficult for importers to get currency in time to meet their obligations to the government. Secretary Cortelyou has doubled the time permitting for the payment of customs duties. Making it 96 hours. The law requires payment in gold coin, silver dollars, gold and silver certificates or treasury notes.

The change in customs conditions was made at the request of W. Wickham Smith, attorney for George Borgfeldt and Company, and other importers.

### A Hard Debt to Pay.

"I owe a debt of gratitude that can never be paid off," writes G. S. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by Charles Rogers & Son, druggists. 50 cents and \$1.00. Trial bottle free.

## ASTORIA IS AGAIN VICTORIOUS

HOME TEAM WINS FROM BUNKER HILL OF PORTLAND THOUGH BY A CLOSE SCORE—HOME TEAM PLAYS AT ABERDEEN NOV. 17TH.

The Astoria football eleven defeated the Bunker Hill team of Portland in a lively and interesting game Sunday by the close score of 11 to 10.

The game was called at 2:45 and was supposed to be played in two 25-minute halves, with a 10-minute interval, but owing to the hard, dry condition of the field, and the rough, hard playing, a number of players on both sides were more or less injured and enough time was taken out to cause the game to last until 4:20 o'clock.

The Portland boys were outweighed by the local team, but made up for light weight by their clever team work and speedy plays.

The game was marked by a number of unnecessarily rough plays and some slugging was indulged in.

One Bunker Hill man was carried from the field in the second half and was out of play for the balance of the game.

Uphur went in as right half back in the second half, and made a grand stand play by saving the game at the last moment by a tackle of Portland's full back, who was running toward goal and had passed all the other Astoria men.

Other star plays were made for Astoria by Morrison, left tackle; Stebbick, full back, and H. Larsen, left guard.

The boys all worked hard and deserve great credit. With a little more practice on team work and passing they will put up a strong game of ball against all comers.

Chief Gammal acted as referee and his decisions deflected credit upon himself and Astoria and were satisfactory to all concerned. Officers Houghton and Oberg kept the field clear of excited spectators and rooters.

The home team will go to Aberdeen next Saturday night and will play the Gray's Harbor boys at that place.

### BEST OF PROOF.

That Hyomei Will Cure All Forms of Catarrhal Diseases.

Testimonials could be printed by the thousands, many of them from Astoria and nearby towns, that Hyomei is an absolute cure for all catarrhal troubles, but the best proof of its unusual curative powers is the guarantee that T. F. Lawrens give with every outfit that he sells, "Money back if Hyomei does not do all that is claimed for it."

Hyomei is not a secret remedy. Its formula is given freely to physicians who want to know what they use when they prescribe Hyomei. It is guaranteed under the Pure Food and Drug Law by serial No. 1418.

By breathing Hyomei, the healing medication goes directly to every nook and corner of the air passages where the catarrhal germs may lurk, and disinfects and heals. To be convinced of this you have only to give it a trial, remembering that if it does not cure, T. F. Lawrens will refund your money.

There is no dangerous stomach drugging when Hyomei is used. Its healing medication is breathed through a little pocket inhaler a few times daily, and almost immediately a great improvement is noticed and quick recovery follows.

The complete Hyomei outfit costs but \$1.00, and in most cases is sufficient to cure the disease, making it only a scientific treatment but one that is highly economical. Get an outfit today from T. F. Lawrens if you have any symptoms of catarrh, and see how quickly the remedy relieves and cures.
