

THE CHANGE OF LIFE

Sensible Advice to Women from Mrs. Henry Lee, Mrs. Fred Certia and Mrs. Pinkham.

MRS HENRY LEE

MRS. FRED CERTIA

Owing to modern methods of living not one woman in a thousand approaches this perfectly natural change without experiencing a train of very annoying and sometimes painful symptoms.

This is the most critical period of her whole existence and every woman who neglects the care of her health at this time invites disease and pain.

When her system is in a deranged condition or she is predisposed to any or a combination of any organ, the tendency is at this period likely to become active and with a host of nervous irritations make life a burden.

At this time also cancers and tumors are more liable to form and begin their destructive work. Such warning symptoms as some of confusion, hot flashes, headaches, melancholia, dizziness, insomnia, palpitations of the heart, nervousness, constipation and diarrhoea are promptly headed by intelligent women who are approaching this period of life when this great change may be expected.

Mrs. Fred Certia, 1014 So. Lafayette Street, So. Bend, Ind., writes: "Dear Mrs. Pinkham— Lydia E. Pinkham's Vegetable Compound is the ideal medicine for women who

are passing through Change of Life. For several months I suffered from hot flashes, extreme nervousness, headache and sleeplessness. I had no appetite and could not sleep. I had made up my mind there was no help for me until I began to use Lydia E. Pinkham's Vegetable Compound. My bad symptoms ceased, and it brought me safely through the danger period, built up my system and I am in excellent health. I consider Lydia E. Pinkham's Vegetable Compound unsurpassed for women during this trying period of life."

Mrs. Henry Lee, 60 Winter Street, New Haven, Conn., writes: "After suffering untold misery for three years during Change of Life I heard of Lydia E. Pinkham's Vegetable Compound. I wrote you of my condition, and began to take Lydia E. Pinkham's Vegetable Compound and followed your advice, and today I am well and happy. I can now walk anywhere and work as well as anyone, and for years previous I had tried but could not get around without help. I consider your medicine a sovereign balm for suffering women."

Women passing through this critical period should rely upon Lydia E. Pinkham's Vegetable Compound. If there is anything about your case you don't understand write to Mrs. Pinkham, Lynn, Mass., for advice. It is free and has guided thousands to health.

When a medicine has been successful in restoring to health, actually thousands of women, you cannot well say without trying it, "I do not believe it will help me." It is your duty to yourself and family to try Lydia E. Pinkham's Vegetable Compound.

GREET EXPLORER.

Norwegians Welcome Countryman Who Has Gained Fame.

CHICAGO, Nov. 11.—More than 3000 Chicago Norwegians greeted Captain Roald Amundsen, the Arctic explorer and scientist, who first succeeded in navigating the Northwest passage, when he arrived in Chicago yesterday at the La Salle Street station. Captain Amundsen first was greeted by F. Herman Gade, consul for Norway in Chicago, who headed the reception committee, headed by Alderman Adolph Larsen. As the explorer stepped into the waiting room a chorus from the Norwegian singers League, sang the Norwegian national anthem. Instantly Captain Amundsen bared his head and bowed in reverence, the example being followed by every man present.

Several speeches of welcome were made, to which Captain Amundsen replied briefly. He then was escorted to the Chicago Club, where he will remain during his stay in Chicago.

Consul Gade will give a luncheon in his honor today and this evening the explorer will be the guest of honor at a banquet to be given, by Chicago Norwegians. Tomorrow the Hamilton Club will give a luncheon.

On Wednesday the Press Club will give him a luncheon and on Wednesday evening he will lecture for the Geographical Society of Chicago. The lecture will be preceded by a dinner at which Captain Amundsen will be notified of

being the first recipient of the Society's gold medal endowed by Miss Helen Culver of Lake Forest.

LINGERING COLD.

Withstood Other Treatment But Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Zephyr, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used." This remedy is for sale by Frank Hart and leading druggists.

PROHIBITION PAPER.

CHICAGO, Nov. 12.—A national prohibition organ is to be published in Chicago. It will be known as the National Prohibitionist. Wm. R. Ferguson, will be the editor. The paper is a consolidation of the Defender of New York and the New Voice and Home Defender of Chicago.

A Good Liniment.

When you need a good reliable liniment try Chamberlain's Pain Balm. It has no superior for sprains and swellings. A piece of flannel slightly dampened with Pain Balm is superior to a plaster for lame back or pains in the side or chest. It also relieves rheumatic pains and makes sleep and rest possible. For sale by Frank Hart and leading druggists.

Battle Results in Attempt to Eject Brothers.

THE COMING WAS INTRUSION

Home Guard Who Thought They Were Entitled to Kick Out All Newcomers Mix With the Wrong Bunch and One is Killed.

ROSEBURG, Or., Nov. 12.—Herman Shook and Manse Kincaid lie dead in a little mountain valley along Yellow Creek, and Louis Pichett is under relatives' care with a bullet in his shoulder. The three men and one or two other inhabitants of the isolated Yellow Creek country tried to run two brothers named Carlisle out of the country.

The battle took place yesterday forenoon, 15 miles west of Oakland, Or. Yellow Creek is one of the numerous streams of the Coast Range, and to a homestead along its course came Louis and King some months ago. They were Californians.

Almost before they settled the Carlisles were in disfavor among the residents of longer standing along Yellow Creek, who looked on their coming as an intrusion, and in one or two cases begrudged them the claim they had secured. Finally, a few days ago, one of the Carlisles was chased away. He came back.

Late last evening the Carlisles were brought to Roseburg and lodged in jail. They made a statement alleging self-defense.

As Kincaid, Shook, Ferber and Pichett approached the cabin Monday noon, they said they secreted themselves nearby, rifles in hand. A revolver strapped to Shook's waist was the only weapon visible. When the quartet was 25 feet from the cabin it was confronted by the Carlisles with leveled rifles and ordered away.

Instead of complying Shook brought his revolver into play, firing at Louis Carlisle and piercing his coat. Louis returned the fire, hitting Shook in the breast, killing him instantly.

Kincaid picked up an ax nearby and started toward King Carlisle, who promptly fired. Falling wounded, Kincaid reached for Shook's revolver, but a bullet from Louis Carlisle's rifle ended his life.

Ferber and Pichett fled, followed by a fusillade of rifle bullets, one of which wounded the latter in the shoulder.

A few days ago, Louis Carlisle and Kincaid's brother, Walter, made counter complaints before the district attorney that each was afraid the other would kill him.

The coroner's jury cannot return a verdict till the emergency holidays are over.

The Carlisles surrendered to the Marshal of Oakland, 15 miles from the scene.

District Attorney Brown and Coroner W. B. Hammitte have gone to investigate the affair, preparatory to holding an inquest.

Kincaid was a brother of Alfred Kincaid, who was murdered by Sam Brown at Oakland 12 years ago. Shook was shot in the shoulder near Comstock eight years ago while resisting a hold-up. His brother shot and killed two men and then committed suicide, following a domestic quarrel at Elkton in 1905.

ELECTS OFFICERS.

New Astorian Bank About Ready to Open Its Doors.

The directors of the new Scandinavian-American bank held a meeting last evening and elected officers as follows: Gust Holmes, president; C. G. Palmberg, vice-president; J. M. Anderson, cashier; John Nordstrom, assistant cashier.

The bank has a capital stock of \$50,000 which is fully subscribed for, and 50 per cent of which has been paid.

The bank will be opened as soon as the State Bank Examiner can get around to give a permit to the officials.

Mr. J. M. Anderson, the cashier of the new institution, is a practical banker of many years' experience and it has been mainly through his influence and efforts that the bank has been established, he having induced several eastern acquaintances of large capital to invest their money here. Two of the largest shareholders in the institution are C. F. Hendrickson, president of the Scandinavian

American bank of Portland, and Dr. Henry Coe, also of that city, who is a large holder of lands in Dakota, Canada, and Cuba, and who is interested in a number of other banks.

The new institution will be a welcome addition to our city as showing our increasing importance in financial and commercial strength.

ORGANIZE FEDERATION.

Endeavor Being Made to Amalgamate Several Brotherhoods.

NEW YORK, Nov. 12.—Plans are being discussed for a federation of railway employes according to the Times today so that strikes of the members of one brotherhood will involve a strike of the others. The organizations are the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen, the Brotherhood of Railway Trainmen, The Order of Railroad Conductors, and the Order of R. R. Operators. A federation of this kind was suggested when the late P. M. Arthur was the head of the Brotherhood of Locomotive Engineers but the plan fell through because the engineers did not take kindly to it, being conservative in the matter of sympathetic strikes. The brotherhoods are federated on some of the individual railroad systems, but has acted so far as a preventive of strikes.

RELIEVING SITUATION.

Chicago Banks Receiving Gold From London Shipment.

CHICAGO, Nov. 12.—With Chicago banks the richer by nearly \$3,500,000 in gold, it was confidently stated yesterday that the money scarcity will not be prolonged beyond a few weeks. While the banks continued to engage more gold abroad, the clearing house rushed the work of getting out its "cashless checks" in small denominations which will be used locally in lieu of currency.

"It was the general opinion at the meeting of the Clearing-House today that the tension had been appreciably relieved," said John J. Mitchell, president of the Illinois Trust & Savings Bank. "All of the gold reserve cities have reported the situation much improved. The report from abroad is that London is getting gold plentifully from the continent, thus making it less difficult for American banks to engage gold in Great Britain. I have engaged \$500,000 more today, making a total of \$2,500,000 for this bank."

DEAD MAN IDENTIFIED.

Victim of Mysterious Explosion Was Sought by Family.

SPOKANE, Nov. 12.—Albert Grant, killed by a mysterious explosion here Monday, has been identified as the missing son of Albert Grant, Sr., of Forest River, Ill., whose family has been seeking him for six years. Charles Moore, who was with Grant when the explosion occurred, is held in jail on suspicion of being a safe blower and Al Addison is at a hospital. It is thought the men were extracting nitro glycerine from dynamite. Grant's father is said to be a large stockholder in the National Biscuit Company.

GATHERING PROXIES.

Circulars Issued to Stockholders of the Illinois Central.

CHICAGO, Nov. 12.—President Hariban, of the Illinois Central, today reopened the active campaign for proxies to be used at the annual meeting of the road on December 18. He issued two circulars to stockholders of the road, in one of which, after narrating facts regarding the procuring of an injunction by Stuyvesant Fish, he says that if Fish's claim, that corporations cannot vote or hold stock in Illinois corporations, be sustained it will result in a heavy loss to insurance companies, trust companies, savings banks and other investment companies, which have invested in Illinois corporations. In the second circular he denies any change of management of the Illinois Central. He says the same traffic arrangements made by Fish, when president are still in existence.

McKINLEY ESCAPES.

Land Fraud Criminal Gets Away From Chinese Officers.

PEKIN, China, Nov.—Horace G. McKinley, wanted in Oregon in connection with land fraud trials in that state, who was arrested by Manchurian authorities at Mukden, October 5, and incarcerated pending the arrival of an officer from America, escaped from custody yesterday. The Chinese government is making efforts to recapture the prisoner. The escape of McKinley will probably defeat the first attempt of China's co-operation in extraditing criminals without a treaty. It was hoped the attempt would succeed and discourage numerous American criminals and adventurers from taking refuge in China.
