**Yale Beats Oldest Rival Harvard.**

## MAGNIFICENT DEFENSE

**Forty Thousand Persons View Hard Struggle Between Teams.**

## CARLISLE DEFEATS CHICAGO

**Indians Are Too Fast for Lake City Boys—Multnomah Wins From Williamette by Score of 43 to 0—Other Games Played.**

CAMBRIDGE, Mass., Nov. 23.—Yale superbly maintained her football supremacy by defeating Harvard, her oldest rival, in the stadium today by a score of 12 to 0. Without resorting except on occasions to the so-called new plays, Yale scored a touchdown in each half on almost continuous plunges through Harvard's line. Either content with a safe lead, or weary by her efforts in defeating Princeton a week ago Yale today made no effort apparently to roll up a high score, yet, when in very last minute of the game the crimson players, by a fortunate on side kick, carried the ball to within striking distance of Yale's goal the sturdy line of Eli became adamant and Harvard was prevented from scoring. It has been years since such a magnificent defense has been seen on the soldier's field. Nearly 40,000 persons sat in the Indian summer sunshine and saw Harvard struggle in vain against the superior prowess of the Yale team. It was not a particularly thrilling game for long and spectacular runs were missing, and there were few errors in the back field to give the opposing side material advantage. It was not until the first half was drawing to a close that Yale's offensive machinery began to work smoothly enough to carry the ball steadily down the field. From Yale's 40th yard line three rushes, an on-side kick and a clever executed forward pass, placed the ball on Harvard's ninety-yard line. The crimson players braced themselves for the onslaught but could not withstand Yale's plunges and three rushes carried the ball over. Captain Bigelow added another point by kicking a goal, the second score came 15 minutes after the second half had begun and again Yale started in her territory and carried the ball 70 yards without loss to Harvard's goal line. From this time on Yale played entirely on the defensive and substitutes were sent in every few minutes.

CHICAGO, Nov. 23.—The Carlisle Indians defeated the University of Chicago eleven today in a fast and desperately fought contest. The score was 18 to 4. Three field goals from placement and a touchdown and goal accounted for the Indians' points. Walter Steffen, quarterback of the Chicago team scored by a drop kick from the 30-yard line. In almost every department of the game, especially line plays, the Indians had the better of their rivals. Chicago having won the championship of the Middle West, was expected to give the eastern players the hardest kind of battle, but these hopes were vain. Speedy attack which had swept aside other western teams was slowed up by the fierce play of the Indian guards and tackle. The Carlisle team was without the services of Mount Pleasant, the spectacular quarterback whose work has bothered Harvard, Pennsylvania and Princeton. The kicking of Houser, coupled with his slashing

runs and line plunging, made up for the ground gaining and scoring abilities of the regular quarterback. Houser's best work however was with his toe, making three line negotiated goals from placement with Balenti holding the ball. Perfect weather brought out 27,000 enthusiastic witnesses of the game.

PORTLAND, Nov. 23.—Multnomah walked over Williamette University today, winning by a score of 42 to 0. The local team outweighed the university boys 20 pounds to a man and secured the first touchdown two minutes after the make-off.

ALBANY, Nov. 23.—Pacific University 5, Albany College 0.  
DES MOINES, Nov. 23.—Ames 20, Iowa 14.  
ITHACA, Nov. 23.—Pennsylvania Freshmen 20, Cornell Freshmen 0.  
NOTRE DAME, Nov. 23.—Notre Dame 17, Purdue 0.  
SOUTH BETHLEHEM, Nov. 23.—Lafayette 22, Lehigh 5.

## PORTLAND MAN SELECTED.

Trans-Mississippi Congress Names T. B. Wilcox of Portland on Committee.

MUSKOGEE, Okla., Nov. 22.—The trans-Mississippi Congress adjourned today to meet in San Francisco next November. A number of resolutions were adopted covering a wide range of national affairs, among the most important of which was one favoring a government appropriation not less than \$500,000,000 for the improvement of rivers and harbors, and favoring the separation of public lands from underground minerals of public lands, and sale to actual settlers. The executive committee was appointed with Thomas F. Walsh, of Colorado, chairman, and a Congressional committee was appointed among whom is Theodore Wilcox, of Portland.

## CASE GOES TO JURY

**Adams Trial Finished and Verdict Awaited.**

## INSTRUCTIONS FAVOR STATE

**Judge Wood States That Jurors Are to Pay No Attention to Statement That Adams Was Influenced by Detectives—Defense Emphasizes Reasonable Doubt**

RATHDRUM, Idaho, Nov. 23.—Judge Wood finished his instructions to the jury in the case of Steve Adams, on trial for the murder of Fred Tyler, at 8:30 o'clock tonight. They were in favor of the state in that they stated should be shown that special inducement had been offered Adams by Detective McFarland of the Pinkertons, it must be disregarded and a verdict of guilty found. Not unless some worldly promise had been given Adams should the jury regard the prayer of the defense that Adams had been influenced. Judge Wood also instructed the jury if the confession as to the killing of Tyler had been made as incidental to the Steunenberg confession a verdict should be accordingly found for conviction. The defense urged the "Reasonable doubt" construction in the instructions. The main arguments of the day were made by Clarence Darrow for the defense and James H. Hawley for the state.

## CRITIZES ADMINISTRATION.

Chairman of Committee on Currency Criticizes Government.

NEW YORK, Nov. 22.—Charles N. Fowler, chairman of the committee on currency and banking today gave out a statement regarding the issue of Panama Canal bonds criticizing the policy of the administration. The general tenor of his statement is that when New York bankers on November 15 had successfully passed the crisis in the present currency panic the government steps in and by issuing canal bonds has taken action that must be a most disturbing factor although the bankers of the country may be able to prevent any serious consequences.

## HOLIDAYS CONTINUED

**Will be in Vogue During Coming Week.**

## BANKS MAKE REQUEST

**Governor Chamberlain Decides More Respite is Necessary for Banks.**

## RECEIVES MANY TELEGRAMS

Messages From All Over the State Decide Chief Executive to Declare Holidays Until Sunday, December 1—Express Reductance in Making Known.

Governor Chamberlain announced today that the legal holidays would be continued during next week. This action was taken at the urgent request of bankers and business men throughout the state.

With a reluctance born out of an earnest desire to take no step which shall further check or jeopardize the industrial and mercantile interests of the state, Governor Chamberlain decided shortly after noon today that one more week of legal holidays would be necessary in order to clear the financial atmosphere of all menacing clouds.

It was only after several hours of conference with the leading bankers and business men of the city, together with due recognition of the many telegrams, he has received from banks and business men in the state outside of Portland that the Governor took this involuntary step. Each of the four weeks that he has been obliged, in the interests of the business and industries of the state, to prolong the stagnating suspension in all fields of endeavor, he has felt that he could scarcely be expected to continue to offer such protecting strictures upon the financial institutions, the courts and the mercantile activity of the state, without the clearest showing that the situation demands it.

The Governor spent most of yesterday and practically all the forenoon today in arriving at the decision he has made. He was hopeful when he returned from Salem yesterday morning that the end of the holidays was at hand. He was

even hopeful of this when he arrived at his office this morning, but he found a number of importunate telegrams from country banks and out-of-town business concerns which pleaded for another week. He found local bankers and business men of two minds, some avowedly in favor of calling the holidays off, some lukewarm and others gravely conservative and asking for another week's grace.

This situation led Governor Chamberlain to his decision. Next Saturday will be the last day of November, and the Governor will insist that no stone be left unturned by bankers and business men of the state to assist him in his desire to wind up the holiday season with the passing of the month.

It is apparent even now that only the misguided insistence of timid depositors in continuing withdrawals from the banks that makes an additional siesta necessary. When the depositors withdraw the banks must bear down upon their debtors and the result in the financial situation is a condition of uncertainty whose outcome, in case the holidays were called off, the financial and industrial interests do not feel themselves prepared to cope with, particularly in the face of the continuation of holidays in other states, whose banks and business concerns might continue a seriously depleting raid.

There is scarcely the shadow of a doubt but that with the dawning of December the State of Oregon will at least be relieved of the holiday incubus if, indeed, it may not be able to indulge in less recourse to scrip payment.

## ANSWERS FILED.

Illinois Central Fight Causes Presentation of Many Papers.

CHICAGO, Nov. 23.—The answers to demurrers and bills of exceptions to the injunction brought by Stuyvesant Fish, and others, in the Illinois Central imbroglio were filed today. The answer of John Jacob Astor, and associates, which is made joint, is the most important of the documents. Numerous charges regarding Fish's acts as president of the railroads were contained therein. The defendants stated that they voted for J. T. Harahan at the behest of Harriman, asserting that their action was taken because, "The said Fish had misused funds of the Illinois Central and had used his power as president of said company to further his personal interests. Also allege that Fish was a director and a member of the executive committee of the Missouri Pacific, a competitor of the Illinois Central in much of the latter's territory while neither the Union nor the Southern is in any sense of the word a competitor of the Illinois Central. In addition to this answer the Mutual Life Insurance Company, and Railroad Securities Company, filed demurrers asking that suit be dismissed. Edward H. Harriman, Robert A. Goellet, Charles A. Peabody and the Union Pacific Railroad filed a bill of exceptions.

## COPPER DIVIDENDS.

NEW YORK, Nov. 23.—The United Copper Company today passed without action the semi-annual 3 per cent dividend on \$5,000,000 of 6 per cent cumulative preferred stock due November 15.

When the "Script Money" Idea Gets to Working Good.

## CONFER WITH CORTELYOU

**J. Pierpont Morgan Meets With Secretary.**

## CONFIDENCE PREVAILS

**Success of New Loans Heightened by Assurance of Improved Condition.**

## LEADING BANKS CO-OPERATE

**Morgan Favors Modification of Existing Currency System But Does Not Insist on Measure under Discussion—Banks Bill Soon Resume Currency Payments.**

WASHINGTON, Nov. 23.—J. Pierpont Morgan had a short conference with Secretary Cortelyou late today and at its conclusion left for New York. Nothing was disclosed as to the object of the conference. Morgan seemed to be in the best of spirits. The feeling of confidence in the success of new loans prevails in the treasury department and was apparently heightened by assurances of Morgan of improvement in financial situation in New York. The visit of Morgan is generally accepted to mean that the leading bankers of New York intended to cooperate with the treasury department in making a success of the new loans. Morgan has long favored some modifications in existing currency system but has not undertaken to prepare any detailed plan of his own. He found Cortelyou in accord with him that steps should be taken to give greater elasticity to circulation and restore confidence, but did not insist strongly on any one of several measures now under discussion. Assurances were brought by Morgan from New York that encourage the belief here that the corner has been turned and that the banks throughout the country will soon agree to resume currency payments without restrictions.

**LARGE PAYROLL.**  
Pittsburg District Distributes \$15,000,000 in Checks.  
PITTSBURG, Nov. 23.—One of the largest, if not the very largest payrolls in the history of the Pittsburg district, will be made today by railroads, iron and steel plants and other industrial corporations. The grand total as estimated by the leading bankers is \$15,000,000. Clearing-house checks will be used, generally, but this system is now so well understood and the checks are so nearly universally accepted since the advent of the \$1 and \$2 denominations and they occasion but little inconvenience. Banks accept them on almost the same conditions as currency and checks drawn against them when deposited, are honored almost without exception.

## SMELTER OVERWORKED.

**Denver People Can't Handle Shipments of Ores.**

DENVER, Nov. 23.—The Times today says: The inability of the American Smelting and Refining Company to handle all the orders offered has forced the company to take drastic measures to shut off some heavy shipments of ores from Nevada and Canada. Twelve thousand tons of bullion, worth over four million are now on the way to Denver, Salt Lake City and Omaha from Nevada alone. This action was necessary on account of the inability to turn the bullion into money fast enough. It now takes from 45 to 60 days to realize on bullion and the smelting company will defer payments until this is done.

**AFFIRM LEGALITY.**  
Supreme Court Holds That Fellow Servant Act is Constitutional.

HELENA, Mont., Nov. 23.—The supreme court today affirmed the constitutionality of the fellow servant act. S. L. Lewis sued the Northern Pacific and one of its engineers for heavy damages for loss of his left hand while in the employ of the railroad and the jury gave him judgment for \$17,400, this amount was reduced by the district court to \$10,000 on the ground that it was excessive. The railroad appealed, attacking the constitutionality of the fellow servant act under which the action was brought. The court's opinion upholds the legality of the act and Lewis will thus receive \$10,000.

## KILLED BY TRAIN.

SAN JOSE, Cal., Nov. 23.—Walter Truebenbach, aged 26, a native of Germany, was instantly killed last night by the south-bound Sunset Express of the Southern Pacific near Coyote Station. On his person was found a membership card of the Portsmouth, Ohio, Y. M. C. A., and an honorable discharge from the Germany navy, dated 1903.

## OPERATE ON KAISER.

**Affection of Throat Will Place German Ruler on Table.**

NEW YORK, Nov. 23.—A London despatch to the Sun states the real cause of the Kaiser remaining in England after the termination of his state visit to the United States is to prepare for an operation, which will take place within a few days.

According to the despatch, the operation will be through the ear, affecting the throat. It is believed the Kaiser's original trouble there which is regarded as hereditary, but it is added, the operation is not a serious one.

## DID SOME SHOOTING

**When Discharged Editorial Writer Assaults His Employer.**

## APPARENTLY SELF DEFENSE

Richard Horne, an Editorial Writer, Seriously Wounds President of Publishing Company and Managing Editor—Serious Results May Follow the Affray

KANSAS CITY, Nov. 23.—As an outgrowth of his discharge today Richard C. Horne, editorial writer on the Post, shot and seriously wounded O. D. Woodward the president of the Post Publishing Company and slightly wounded H. J. Groves, managing editor of that paper. Woodward is believed to be badly hurt. The shooting occurred in Groves private office. Groves, who was shot in the fleshy part of the hip is in a serious condition tonight. Surgeons fear that blood poisoning may result. The friends of General Horne tonight said that the shooting resulted from the threatening manner assumed by Woodward and Groves when they entered Horne's presence. These friends say Groves and Woodward greeted Horne with abuse and threatened him with violence before he used his pistol.

## SECURE ART TREASURES.

**American's Obtain Possession of Famous Paintings.**

NEW YORK, Nov. 23.—According to a published announcement today there is no doubt that New York will get the most desirable part of the Kant Art Collection for which a Paris syndicate paid over \$5,000,000. The principal art treasures of the collection have been purchased by J. P. Morgan, Benjamin Altman, the Huntington estate and P. A. B. Widener.

Mr. Altman secures the largest and most valuable part, including several Rembrandt's notably one of the best examples of the master, the great painting "Pilate Washing His Hands."
