By carrier, per month... .50

**WEEKLY ASTORIAN.**  
By mail, per year, in advance...\$1.60

Entered as second-class matter July 30, 1891, at the postoffice at Astoria, Oregon, under the act of Congress of March 3, 1879.

Orders for the delivery of **THE MORNING ASTORIAN** to either residence or place of business may be made by postal card or through telegraph. Any irregularity in delivery should be immediately reported to the office of publication.

**TELEPHONE MAIN 661.**  
Official paper of Clatsop County and the City of Astoria.

tic testimony, by recalling the wandering fancy of the advertiser back from the vagaries and lures of the chance schemes wherewith he is confronted oftener than not to his real detriment. The newspaper goes to the hand of the buyer oftener and with more directness than any other agency on earth, and he looks to its columns for that which he needs; and failing to find it, he deprecates the intelligence of the seller who has failed to apprise him in the medium best known, and qualified, to reach him. We hand out this hint again with the best of intentions and because it is again necessary.

**THE WEEK IN ASTORIA SOCIETY**

All items of social or personal nature will please be sent to Miss Alort, the Astorian office. Phone Main 661. No communication will be received later than 10 o'clock Saturday morning, except in case of an event occurring later than that time.

The Ladies' Guild of the Grace Episcopal Church held their annual sale of fancy work, delicacies, home-made candies, sandwiches, coffee and ice cream on Thursday afternoon and evening in the Reed building on Duane street. The booths where these toothsome dainties were on sale, were most charming, being decorated very artistically with flags and Chinese lanterns also cut flowers and running vines. Something over \$200 was netted to this enterprising society from this sale, which was very successful owing to the able efforts of the ladies in charge.

visited Washington, D. C., Cattanooga, Chicago and St. Paul and are now in Seattle and are expected to arrive in Astoria on Wednesday when they will make an extended visit. Mrs. Bergmann is planning a round of gayeties in their honor.

Mr. and Mrs. Hartwig, who have been sojourning in California for a year, have returned to Astoria. They are delighted to be home again, and their many friends are more than pleased to welcome them back.

The Women's Relief Corps held a very interesting meeting on Friday night. The department inspector, Mrs. Cora Davis was present and inspected the corps. After the routine business was gone through with, luncheon was served and the remainder of the evening was spent in social converse and a general good time.

Mr. and Mrs. Archibald McLean entertained on Thursday evening at their home on Commercial street. The occasion being the first anniversary of their marriage or cotton wedding. The house was prettily decorated with holly and autumn leaves. The evening's entertainment consisted of six-handed euchre. The ladies first prize going to Miss Mackay, the consolation prize falling to the lot of Mrs. Masterson. The gentleman's prize being won by Mr. Younce and the consolation prize by Mr. Howard Knight.

A dainty luncheon was served to the many guests. Those present were Mr. and Mrs. Masterson, Mr. and Mrs. Chris Schmidt, Dr. and Mrs. Kinsley, Mr. and Mrs. Chas. Zeigler, Mr. and Mrs. E. C. Younce, Mr. and Mrs. J. A. Montgomery, Mr. and Mrs. George Ronslow, Mr. and Mrs. A. J. Gregg, Mr. and Mrs. Ed. Streumeyer, Mr. and Mrs. Howard L. Knight, Mr. and Mrs. John Eldridge and the Misses Mackay, Dorothy Montgomery, Alma Johnson, Alma Parker and Mrs. W. H. Hobson and Messrs. Robert McLean and George Stevens.

Miss Maude Van Dusen took part in a piano recital at St. Helens hall last evening. This popular school gives a number of such recitals during the year. There are over a hundred pupils in the musical department and we are proud to relate that Miss Van Dusen is considered as one of the star piano pupils. The high standard this school has attained is shown by the attendance at these events the spacious rooms are always filled to their utmost capacity and it is now talked that Portland must soon have a larger St. Helens hall. The Leschetzky method is in vogue at the hall, and Miss Beebe, the instructress, was a personal pupil for three years of the selected artist.

Miss Mildred Bryan of the Murray and Mack theatrical company was the guest of Mrs. Ford and Miss McCrea during the stay of that company in the city. Miss Bryan's home is in Los Angeles. At one time she attended school at St. Helen's Hall.

Mrs. Jeffers entertained the Birthday Club of the Presbyterian Church on Wednesday. Refreshments were served and a delightful afternoon spent by the ladies. About twenty-five members of the club were present.

**A Hard Debt to Pay.**  
"I owe a debt of gratitude that can never be paid off," writes G. B. Clark, of Westfield, Iowa, "for my rescue from death, by Dr. King's New Discovery. Both lungs were so seriously affected that death seemed imminent, when I commenced taking New Discovery. The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equalled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by Charles Rogers & Son, druggists. 50 cents and \$1.00. Trial bottle free.

**CO-EDS SUSPENDED.**  
CHICAGO, Nov. 23.—A special to the Tribune from Muskegon, Mich., says: Fourteen girls comprising the entire senior class of Pentwater (Mich.) High School, attended the football game between Hart and Pentwater this afternoon, disobeying the orders of the principal and were suspended for the year.

It comes put up in a collapsible tube with a nozzle, easy to apply to the soreness and inflammation, for any form of Piles; it soothes and heals, relieves the pain, itching and burning. Man Zan Pile Remedy. Price 50 cents. Guaranteed. Sold by Frank Hart's Drug Store.

**THE PEOPLE WILL PAY IT.**

Ever since the hour in which the Standard Oil Company was fined that \$29,000,000, the people of this country have known it would never be paid by the arch-graft of the universe; that years would be frittered away in tomfool try-outs in court and out of it; that the court itself would fail to enforce the terms of its own mandate; and that in the end, the farce of settlement would be gone through and the great burden be shifted back to the shoulders of the consumer of those substantial wherewith the Standard deals with such magnificent success. We will pay it, all in good time; and paying it, we will know we have no sort of recourse against either the giant company against whom it was levied, nor the courts that imposed it. But we are sure of one thing, in this and myriads of other similar outrages; the people are doing some stout thinking these days and are likely to make a demonstration against the corporate life of the country, once a leader arises who has the honesty and ability to head the fight, that will come as near wrecking, and reversing, the governing principle of that cult, as a masterful, modern nation, with infinite experience, can.

**EDITORIAL SALAD.**

A certain kind of fruit is accused of causing baldness, but there was a time when the French would not eat potatoes, a report having been circulated that they induced freckles. These vagrant yarns should not be allowed to injure the standing of wholesome food.

Holland has plenty of waterways and has become rich enough by its commerce to claim large tracts of land from the sea, carrying on, it has been said, "a career of conquest armed with a pump, and prepared to hold its outpost by the windmill." The Dutch canals are land builders as well as cheap transportation equalizers.

A trackless trolley car, such as is in use in Germany, has been placed on a New Haven line. It can travel on a track by trolley power, but, by means of a storage battery, is able to leave the rails and make a run over common roads for a distance of twenty-five miles. This is an age of new transportation wrinkles by land, water and air.

An organization has been formed by the citizens of Atlanta, Ga., to have the annual encampment of the Grand Army of the Republic held in that city in 1909. Next year's reunion will take place in Toledo. As a center of military interest Atlanta has strong claims, and many of the old trenches and other relics of 1864 are still visible in its surroundings.

Do you know that Pinesalve Carboliced acts like a poultice in drawing out inflammation and poison? It is antiseptic. For cuts, burns, eczema, cracked hands it is immediate relief. Sold by Frank Hart's Drug Store.

**EDITOR TRIED FOR LIBEL.**

BERLIN, Nov. 23.—The judicial authorities have decided to try Maximilian Harden, editor of Die Zukunft on the charge of having criminally libeled Count Kuno Von Moltke, formerly military governor of Berlin. Von Moltke recently sued Harden for defamation of character, but lost his case. The forthcoming suit is a sequel of the recent trial. Harden will be tried by five judges. The date of the hearing has not yet been fixed.

**JAPAN SENDS GOLD.**

NEW YORK, Nov. 23.—One of the most interesting bits of financial news yesterday was the announcement that \$750,000 in gold from Japan's store of the metal had reached Honolulu on its way to the United States, being consigned to San Francisco banks.

**COFFEE**

Your grocer must sell poor coffee; we can't all be comfortable; but he needn't sell it to you.  
Your grocer returns your money if you don't like Schilling's Best; we pay him.

**WEATHER.**

Western Oregon and Washington—Partly cloudy with occasional rain.  
Eastern Oregon, Washington and Idaho—Partly cloudy with occasional rain or snow.

**FOREIGN INDUSTRIAL EXODUS.**

That thousands of foreign industrial workers and laborers are leaving the Atlantic states, daily, for their old homes, is a good sign; one not given, generally, in cases of industrial subsidence such as prevails just now. We cannot recall such a movement as this as a direct result of any great lull in the working field of America, and it stands for three very explicit and commendable facts: That the foreigner has succeeded in his work over here to a point that enables him to go back to his old home, when he feels like it, to enjoy the reward of his thrift; That he is exercising most excellent judgment in vacating a congested field and leaving it to those first in interest, at a time when they need the full sway of the situation; That his going relieves the pressure on operator and operative in most of the lines of industrial service here and contributes in no small degree to an easier and quicker solution of a threatening lot of problems.

**WHEAT OF OUR SALMON**

The war of the lower Columbia fishermen, individually, and organically, against the fishwheel and the upper reaches of the river, is a righteous one, and this paper hereby goes on record as an ardent friend of the cause and its representatives, as well as of one of the commanding industries of the Northwest.

We are not in favor of the abolition of the fishwheel and all devices and appliances of the sort, in the narrows and shallows that lead to the hatcheries, which operate to the exclusion of the fish seeking the spawning grounds, but we are absolutely in favor of a law fixing tide-water limitations to the industry in the Columbia.

Having stated our position, we ask at the hands of the local representatives of the fishery organizations here, to be kept in full and constant touch with their plans and purposes as the same affect public knowledge and interest.

It is patent to every man with technical knowledge of the salmon industry, that rigid and early legislation is imperative for the preservation of one of the greatest and most valuable of the productive business of the country, and that a stop shall be put to the gross and ruinous selfishness of the few buccaneers who, by hook or crook, have maintained their grasp on the predatory end of it.

The work of Messrs. Rosenberg and Lornsen, of the big unions of this coast, and city, in this behalf, is to be commended and encouraged on all sides, and this must come, not only from the press of the valley and state, but from the citizen, everywhere, whose livelihood and business are closely associated with the amendment so absolutely essential for the salvation of a crowning phase of industry.

**A LESSON IN ADVERTISING.**

That newspaper and magazine advertising is the most direct and realistic route to the general intelligence of the country, no modern business man will gainsay for an instant. The press itself, carrying, as it does, the vast percentage of the public announcements of the commercial world, proves the theory conclusively; and yet it is necessary at times, to augment even this authen-

**STOP WOMAN AND CONSIDER**

First, that almost every operation in our hospitals, performed upon women, becomes necessary because of neglect of such symptoms as Backache, Irregularities, Displacements, Pain in the Side, Dragging Sensations, Dizziness and Sleeplessness.

Second, that Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, has cured more cases of female ills than any other one medicine known. It regulates, strengthens and restores women's health and is invaluable in preparing women for child-birth and during the period of Change of Life.

Third, the great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time being published by special permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Pinkham's advice.

**Lydia E. Pinkham's Vegetable Compound**

For more than 30 years has been curing Female Complaints, such as Dragging Sensations, Weak Back, Falling and Displacements, Inflammation and Ulceration, and Organic Diseases, and it dissolves and expels Tumors at an early stage.

**Mrs. Pinkham's Standing Invitation to Women**

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, Lynn, Mass. for advice. She is the Mrs. Pinkham who has been advising sick women free of charge for more than twenty years, and before that assisted her mother-in-law, Lydia E. Pinkham in advising. Thus she is especially well qualified to guide sick women back to health. Write today, don't wait until too late.
