 There can be no question of the supreme advantage of the permanent work over the wooden methods, from whatever point of view is had; it is merely an issue of when the city shall begin to do that which she must do. The immediate adoption of this cement-wall plan will go a long way toward meeting the greater system that must grow out of the seawall project.

We believe, for the good of all concerned, that the project is wise and opportune, and absolutely feasible, and shall be glad to hear that the rule has at last been made for "permanency" rather than "patching."

**ASTORIA'S SOUTH COAST TRADE.**  
 The letter of Captain Robert Jones, published in these columns yesterday, anent the building up of a local commerce with the lower Oregon coast out of Astoria, is a timely suggestion that is worth earnest consideration at the hands of our shippers and merchants, and should be dealt with, and no doubt will be, by the Chamber of Commerce.

Aside from the deprivations borne by the people in these secluded localities which call for immediate and permanent relief, there is always the standard advantage of being in possession of the field of enterprise and the certain profits arising from it, and using it as a predicate for the launching of correlative ventures.

It is high time the port of Astoria was maintaining another coast fleet, and if it has to be started in a small way, the way is made plain in the letter alluded to, and cannot be too soon undertaken.

**Don't Take the Risk.**  
 When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Frank Hart and leading druggists.

The man who does not advertise because somebody said it did not pay, ought not to believe that the world is round because the ancients said it was flat.—Indiana Retail Merchant.

**Fever Sores.**  
 Fever sores and old chronic sores should not be healed entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Frank Hart and leading druggists.

The man who does not advertise because his grandfather did not, ought to wear knee breeches and a queue.

**It Does The Business**  
 Mr. E. E. Chamberlain, of Clinton, Maine, says of Bucklen's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c at Chas. Rogers' drug store.

The man who does not advertise because he tried it and failed, should throw away his cigar because the light went out.

**ATHLETE'S DIFFICULTY.**  
**Manager Halpin Will Press Charges Against Jumper.**  
 NEW YORK, Jan. 8.—Matthew Halpin who is to manage the American team at the Olympic games in London next summer and against whom a storm of protest has been raised, appeared before a committee of the Amateur Athletic Union last night to substantiate his charges against Ray Ewry, the jumper, whom Halpin accused of participating in unsanctioned athletic meetings. This Ewry has denied. Halpin forced Ewry to admit last night that he had appeared at meetings without taking the trouble to find out whether or not they had been authorized by the Union, but declared was only in exhibition for branches of the Young Men's Christian Association. He produced cards to show that he had participated in a number of such exhibitions and seven or eight of them, it is said, were not sanctioned. Chairman Hughes of the registration committee of the Union, stated, however, that he was in a measure responsible for this as he had made a statement that Ewry can compete in these meetings. Halpin stated that Ewry had given an exhibition at a circus at Atlantic City and had received prizes. Ewry stated that he had appeared under the impression that the permission of the union had been obtained, but denied that he had received any prizes. The committee reserved decision on the charges.

**Rank Foolishness.**  
 "When attacked by a cough or a cold, or when your throat is sore, it is rank foolishness to take any other medicine than Dr. King's New Discovery," says C. O. Eldridge, of Empire, Ga. "I have used New Discovery seven years and I know it is the best remedy on earth for coughs and colds, croup, and all throat and lung troubles. My children are subject to croup, but New Discovery quickly cures every attack." Known the world over as the King of throat and lung remedies. Sold under guarantee at Chas. Rogers' drug store. 50c and \$1. Trial bottle free.

**THIRTY MILLION IN FINES.**  
 Spurred by the criticism that little has been done to "tame the trusts," the Department of Justice has issued a pamphlet showing what has been accomplished by the Roosevelt Administration in comparison with the accomplishments of other administrations. The activity of the present administration has resulted in the prosecution of 150 suits. The Roosevelt government in six years has instituted 17 civil and 18 criminal actions under the Sherman anti-trust law. Railroad prosecutions have formed the chief feature of the "trust-busting" policy. Under the Elkins law during the present year, two civil and thirty-six criminal actions have been instituted, and many suits begun in former years have been continued. No corporation official or other person has been sent to jail for violation of the Sherman act or the other interstate commerce laws. Fines, however, have been imposed aggregating \$30,259,125. Of this, \$20,240,000 represents the penalty imposed upon the Standard Oil Company for accepting rebates. Incidentally, it might be remarked, this fine has not yet been collected.

**A VALUABLE HOME RECIPE**  
 WILL BREAK UP A COLD IN 24 HOURS OR CURE ANY COUGH THAT IS CURABLE.

Mix one-half ounce of Concentrated oil of pine with two ounces of glycerine and a half pint of good whiskey. Shake thoroughly each time and use in doses of a teaspoonful to a table-spoonful every four hours.

The renowned throat and lung specialist who established a camp for consumptives in the pine woods of Maine, and whose remarkable cures there attracted international attention declares that the above formula is one of the very best remedies obtainable for an acute cold and that it will strengthen the lungs, relieve coughs and heal the bronchial tubes. Also, that it will cure any ease of lung trouble not too far advanced if the patent will assist by plenty of outdoor exercise, inhaling deep, long breaths every few minutes.

The ingredients are procurable of any good prescription druggist and easily mixed at home and should take its place as one of the most valued remedies in the family medicine chest.

Inquiry at one of the leading druggists elicited the information that Concentrated oil of pine is put up for dispensing only in half-ounce vials securely sealed in tin screw-top cases intended to protect it from heat and light. The oils sold in bulk and the patent medicines put up and labeled "Oil of Pine," are to be avoided because owing to their impurities they produce nausea and are useless as a medicine, besides they sometimes leave permanent kidney trouble.

Senator Newland of Nevada is spending the holiday recess in endeavoring to prevent a withdrawal of the government troops from Goldfield. He has had several conferences with Secretary Taft, and the Secretary, in turn, has taken the matter up with the White House. The Senator declares that a reign of terror would ensue once the troops were withdrawn and that there is not any other adequate means of protection in his state. Administration officials, however, are inclined to believe that they have no right in employing any part of the regular army in Nevada under present conditions. Since the 280 men of the 22nd Infantry landed in Goldfield, the government has repeatedly called Gov. Sparks' attention to the fact that this constitutional doubt could be solved by the simple device of calling together the State legislature, when that body could either give its warrant to the use of federal troops or provide by legislation for raising a state force, either of militia or police, sufficient to insure the maintenance of peace and the observance of the law in Goldfield. It is believed that Senator Newlands has prevailed upon the governor to do this, and if this proves true the administration probably will permit the troops to remain until some arrangements can be made.

**The Pure Food Law.**  
 Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Frank Hart and leading druggists.

**TEACHERS SCARCER.**  
 CHICAGO, Jan. 8.—The scarcity of teachers in Chicago public schools was more noticeable yesterday than Monday. Assistant Supt. Roberts was unable to supply instructors to 300 rooms. The principals were forced to act as teachers. Reports indicate that most of the absentees are down with grip, but a few are still on their vacations.

**Lame Shoulder Cured.**  
 Lame shoulder is usually caused by rheumatism of the muscles and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwee, of Bolstown, New Brunswick, writes: "Having been troubled for some time with a pain in my left shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by Frank Hart and leading druggists.

The man who does not advertise because it costs money, should quit paying rent for the same reason.

We have the only treatment that is a sure cure for the dreaded Bright's Disease, Diabetes, and all other forms of Kidney and Bladder Troubles. **RHEUMATISM is caused by an excess of uric acid in the blood. Ask any reputable physician, ask your family doctor, and he will tell you that the Uric Acid must be dissolved and drawn from the system before the disease yields.**

**What Causes Rheumatism**  
 Now we say that the only medicine known that will actually dissolve this Uric Acid and carry it out of the body is Herington's Tablets. Local applications such as liniments, electricity, massage, etc., will afford temporary relief only, and is time wasted to the injury of the patient, unless constitutional treatment is carried on at the same time. Why? Because the malady is a disease of the blood, and the blood must be freed of the cause—or no cure can follow.

**WRITE TODAY—Fill in the coupon printed below and send it to us with 25 cents. We will immediately mail to you a liberal sized box of Herington's Tablets. If they fail to CURE you we will return your money as willingly as we took it. Our guarantee is, NO CURE, NO PAY.**
