DENVER. The Ideal Town for Conventions—One Mile Above Sea Level.

Denver, Col., Jan. 27.—Still a future event in the minds of the public, the Democratic Convention at Denver has already assumed the guise of a present reality to railroad officials, who are beginning to think out schemes for taking care of the crowds without confusion. Regular trains will be made longer, and many special trains will be run. Long before the Democratic delegate has brushed the dust off his plug hat and sent his frock coat to be refurbished, the operating men in the railroad offices will be working overtime on emergency schedules.

This selection of a city so far West as the place of convention is without precedent. It introduces new problems for the carriers, since the lines of railroad in this section are much fewer than in the Mississippi Valley and on the Atlantic Seaboard. Denver has no fear least its guests suffer from lack of accommodation. Ever since it was a collection of huts, it has been called "the tourist's city." The railroads may dump thousands of delegates into it in two days, but the Queen City of the Plains will refuse to be disturbed. Denver didn't offer \$100,000 to the Democratic National Committee for nothing; it knew what it wanted, and it is going to be well prepared for the crowd.

Work on the mammoth Auditorium is two thirds completed. Of the total 1,500 tons of steel which will go into the building, 1,000 tons are now in place. By far the heaviest part of the work is done, and the contractor says that he will be ready to turn over the finished job to the city on the first day of May. The \$425,000 for the erecting of the Auditorium was raised through a Bond sale voted by the citizens of Denver.

The Auditorium is 260 feet long, 168 feet broad and 93 feet high. Its normal seating capacity will be 9,000, but this can be increased to 11,500 by utilization of aisle space. Committee rooms adjoin the main hall, and, if there is any overflow of committees, the Democratic Club, three blocks distant, is available.

From the timeliness of it, one might suppose that the double-tracking of the Union Pacific Railroad, between the Mississippi and the Rockies, was undertaken for the particular benefit of the Democratic Convention. The construction of the second track, by sections, has proceeded steadily during the last four or five years, and now the Union Pacific has the only double track lines west of the Missouri River. Many of the improvements now under way will have been finished when the political gathering is held next July.

Westward into Denver the Union Pacific will run special Convention trains over its two main stems—one line through Nebraska from Omaha, and the other through Kansas from Kansas City. The Nebraska route will be taken by the delegates from the North Atlantic States, while the delegates from further south will find the southerly route more convenient. Arriving at Denver, the trains enter a magnificent union station. It is at the foot of the slope on which the city is built, and is within a short distance of the big hotels.

Excessive heat has been part of the history of most political conventions. The President-makers go back home and tell their families and friends how they nearly stewed in the convention hall at St. Louis, or Kansas City, or wherever it was. The conventions are always held in the summer, and somehow the weather man seems invariably to be lavish with humidity and a knockout temperature. But Denver says it will not be so there. They don't know what it is to have

(Continued on page 8)

Lane's Family Medicine is a tonic-laxative. It does not depress or weaken, but imparts a feeling of buoyancy and strength that is delightful. At all druggists 25c.

TOWER'S TRIAL BEGUN.

BOULDER, Mont., Jan. 27.—The trial of James C. Tower, accused of the murder of Engineer Claw on the North Coast limited, in May last, in the hold-up at Welch's spur began today. The entire day was spent in an effort to secure a jury, it being difficult to find men without already having established opinions.

Our clearing sale runs the year through. BARGAINS AT ANY TIME 467 Commercial Street.

Fever Sores. Fever sores and old chronic sores should not be heated entirely, but should be kept in healthy condition. This can be done by applying Chamberlain's Salve. This salve has no superior for this purpose. It is also most excellent for chapped hands, sore nipples, burns and diseases of the skin. For sale by Frank Hart and leading druggists.

There are 4,000,000 people in Roumania who cannot read. In some ways they are really to be envied.

Stomach Trouble Cured.

If you have any trouble with your stomach you should take Chamberlain's Stomach and Liver Tablets. Mr. J. P. Klote, of Edina, Mo., says: "I have used a great many different medicines for stomach trouble, but find Chamberlain's Stomach and Liver Tablets more beneficial than any other remedy I ever used." For sale by Frank Hart and leading druggists.

The report is that money is easy in New York, but the people who have it do not seem to be that way.

Lame Shoulder Cured.

Lame shoulder is usually caused by rheumatism of the muscles and quickly yields to a few applications of Chamberlain's Pain Balm. Mrs. F. H. McElwee, of Bolstown, New Brunswick, writes: "Having been troubled for some time with a pain in my left shoulder, I decided to give Chamberlain's Pain Balm a trial, with the result that I got prompt relief." For sale by Frank Hart and leading druggists.

Japan would certainly not stand to have her pride wounded were it not that her treasury is so badly hurt.

Don't Take the Risk.

When you have a bad cough or cold do not let it drag along until it becomes chronic bronchitis or develops into an attack of pneumonia, but give it the attention it deserves and get rid of it. Take Chamberlain's Cough Remedy and you are sure of prompt relief. From a small beginning the sale and use of this preparation has extended to all parts of the United States and to many foreign countries. Its many remarkable cures of coughs and colds have won for it this wide reputation and extensive use. Sold by Frank Hart and leading druggists.

As far as Canada is concerned the phrase, "Our beloved allies, the Japanese," is purely a London expression.

Simple Remedy For La Grippe

La grippe coughs are dangerous as they frequently develop into pneumonia. Foley's Honey and Tar not only stops the cough but heals and strengthens the lungs so that no serious results need be feared. The genuine Foley's Honey and Tar contains no harmful drugs and is in a yellow package. Refuse substitutes.

Bryan is eternally on the go. When he isn't kept that way by the Republican party he takes a hike of his own accord.

The Pure Food Law.

Secretary Wilson says, "One of the objects of the law is to inform the consumer of the presence of certain harmful drugs in medicines." The law requires that the amount of chloroform, opium, morphine, and other habit forming drugs be stated on the label of each bottle. The manufacturers of Chamberlain's Cough Remedy have always claimed that their remedy did not contain any of these drugs, and the truth of this claim is now fully proven, as no mention of them is made on the label. This remedy is not only one of the safest, but one of the best in use for coughs and colds. Its value has been proven beyond question during the many years it has been in general use. For sale by Frank Hart and leading druggists.

BILLIARD CHAMPIONSHIP.

NEW YORK, Jan. 27.—George Sutton of Chicago, and Ora Morningstar of New York, will meet here tonight in a game for the championship at 182 balk line billiards. Sutton became champion at the game in 1905, when he defeated George F. Slosson, who won the international championship match in the spring of that year. Since then Sutton has successfully defended the title against Jacob Schaefer, Willie Hoppe and Morningstar, the latter match taking place in Chicago a year ago, when Sutton won by the narrow margin of 38 points. Willie Hoppe has issued a challenge to the winner of tonight's match, who will have to play the boy within 60 days. Hoppe has also challenged Schaefer for the trophy representing the championship at 181 balk line.
