Signed: Maxwell Young, Frank Gamble, Thomas Ryrie, G. O. Moen, A. L. Steele, F. W. Gardiner. The corner has been instructed to bury the body here by the young man's mother who wired from Wyoming, Ontario.

Good Day For Registration—
The increase in registration yesterday was 60. The increase in Astoria precincts was 31 and in outlying precincts 29, the largest increase being in New Astoria which jumped from 2 to 27. The total number of voters registering was 826, divided as follows: Astoria No. 1, 107; Astoria No. 2, 86; Astoria No. 3, 62; Astoria No. 4, 89; Astoria No. 5, 106; Astoria No. 6, 65; Astoria No. 7, 74; Clifton No. 2, 25; Chadwell, 6; Clatsop, 14; John Day No. 1, 3; John Day No. 2, 8; Jewell, 2; Knappa, 4; Mischawaka, 2; Melville, 4; New Astoria, 27; Olney, 8; Push, 1; Seaside, 51; Svensen, 13; Vesper, 1; Warrenton, 55; Walluski, 7; Youngs River, 5; Elsie, 1.

Street Improvement Contract—
Bids were opened yesterday by the property owners on Eleventh street, between Duane and Exchange streets, for the improvement of that street, by placing new underpinning and planking. The work will be done under the contract awarded by the property owners, the city council having granted permission. When the bids were opened yesterday it was found that Palmberg & Co., had bid \$1765; Hendrickson Bros., \$1758; Birch & Jacobson, \$1725 and Makalla & Co., \$1480. The latter firm, being the lowest bidder, were awarded the contract. The result of the bidding was very satisfactory to the owners, as it is said that the lowest bid is \$500 less than the city engineer's estimate for the work.

Chataqua Assn. Want Site—
The representative of the Chataqua Association has asked the Chamber of Commerce to secure for him if possible a site of from 10 to 20 acres anywhere along the beach from Fort Stevens to Seaside where a summer Chataqua can be held. The association will be a permanent feature and will last indefinitely in the future, each summer meeting continuing probably about two weeks. This representative desires that the site be tendered free of rental if possible and in that case as the beach from Fort Stevens to Seaside is more desirable than any part of the Northwest for such a meeting he has no doubt of his ability to give Clatsop county the benefits of the permanent association. As there would be in all probability at least a thousand people in camp at these Chataqua grounds for the two weeks or longer there would of course be valuable reasons why property holders might want to secure the location for the Chataqua. Probably the best site for an encampment of this kind anywhere in the Northwest is that on which the State militia camped at Seaside last summer and if the citizens of Seaside see fit to tender a site of 10 acres for the permanent Chataqua Association which can be used two weeks or a little longer each summer there is scarcely any doubt of the fact that Seaside will capture the plum, but there are some splendid sites along the sea beach in Clatsop county outside of Seaside and the owners of these or interested parties in these should get busy at once.

Another Cold Night—
Last night was somewhat colder than Wednesday night, a cutting wind from the east heightening the unpleasant effects of the low temperature. The range of the thermometer for the 48 hours ending at 5:30 p. m. yesterday as recorded by Manager Lamar, was 48 as the maximum and 30 as a minimum, or 2 degrees below the freezing point. The low point was reached at an early hour yesterday morning. A 3 o'clock this morning the thermometer registered 32 degrees and was still falling while at midnight of Wednesday it was 36.

REUF'S GUARD DOUBLED.
SAN FRANCISCO, Jan. 30.—The Call says today: Warned by a persistent and well-defined rumor that Abe Reuf, grown frantic on the eve of trial, has planned out in detail an escape from custody to be accomplished on the lonely road between this city and the county jail. Sheriff Dolan has doubled the guard over the prisoner and has taken every precaution to prevent the carrying out of the suspected plot. Two deputy sheriffs, fully armed and with instructions to keep Reuf prisoner at any cost, now accompany him in his automobile during all the time he is absent from the jail and the strictest orders have been issued concerning the methods to be adopted at the first suspicious sign made by either the fallen boss or the chauffeur in charge of the car. Should Reuf attempt to put the plan which it is believed has already been arranged the first appearance of a rescue party would be the signal for action by the deputy sheriffs to the end of preventing their prisoner ever leaving the automobile alive.

CAMPAIGN OF EDUCATION.
CHICAGO, Jan. 30.—"A campaign of education," on the saloon question is to be pushed through the United States—not this time by the W. C. T. U. nor any law and order leagues but by liquor dealers and their allies. The nature of the instruction also will differ from that familiar through the campaigns of the teetotal crusades. The movement was given impetus last night at a meeting of the Manufacturers and Dealers Club of Illinois. The object of the campaign is to create a sentiment against the local option laws and disorderists which are becoming so numerous. They are opposed to "cranks, hypocrites and the fanatical prohibition element." The movement is not wholly in the interest of the manufacturers. The concern is felt for the welfare "of the starving women and children of employes" thrown out of work because of the activity of the prohibitionists.

LONG TERM BONDS.
Forty Million Dollars Worth of New York Bonds to Be Sold.
NEW YORK, Jan. 29.—About \$40,000,000 worth of long term 4 1-2 per cent bonds will be offered for sale by the city of New York the middle of next month according to statements made in Wall street yesterday. Last fall the city put in bankers hands a similar amount of fifty years bonds and \$10,000,000 in ten years bonds. It was agreed between the municipality and the bankers that no new offering of long term bonds should be made until the last of that issue was sold to investors. That the bankers have marketed all or practically all of last fall's issue is indicated by the reported preparations for another municipal bond issue.
