TACOMA, Feb. 6.—Accused of one of the most brutal and cold blooded murders in the criminal annals of St. Joseph, Mo., Hayden Peoples, alias William Marshall, a negro, was yesterday arrested by City Detectives Fitzgerald and Ellison, who may be line to claim a reward of \$5,000.
For three and one half years Peoples has been fugitive from justice. The crime for which Peoples is alleged to be wanted is for the murder of Henry Syferd, an aged German saloonkeeper, the night of May 29, 1904, in St. Joe, Mo.

EXCLUSION LEAGUE FORMED

SEATTLE, Feb. 6.—The Asiatic Exclusion League of North America, formally inaugurated here today at a meeting of exclusionists from all over the coast, demands that Congress act immediately on legislation looking

toward an absolute barring out of the Japanese, Koreans and Chinese from American shores. The memorial protests against the presence of the Orientals in America as a menace to labor, and hints that if Congress does not act quickly, the people will take the law in their own hands.

O. A. Tviemoe, of San Francisco, was elected president today after a long wrangle. C. O. Loung, of Tacoma, was first elected president but resigned when the San Francisco delegation resented Tviemoe's defeat and began to block further action by the convention.

The convention will meet in Vancouver, B. C., on the fourth Monday of March, 1909.

SUMMER PLAY GROUNDS.

NEW YORK, Feb. 6.—That money furnished by John D. Rockefeller and Harold McCormick, his son-in-law of Chicago, will provide summer play grounds in the country on an extensive scale for city children, was stated last night by Captain Jack Crawford, some times known as the "Poet Scout." Captain Jack Crawford says he is to have charge of the first playgrounds to be opened a tract of wilderness in Michigan, on Portage Lake, near Manistee.

According to the plan outlined, the

boys' summer play, systematically supervised, will be largely in woodcraft. Other parks, it is said, are planned. Boys from the big cities will be selected to make up the camping parties.

Save Money by Buying Chamberlain's Cough Remedy.

You will pay just as much for a bottle of Chamberlain's Cough Remedy as for any of the other cough medicines, but you save money in buying it. The saving is in what you get, not what you pay. The sure-to-cure-you quality is in every bottle of this remedy, and you get good results when you take it. Neglected colds often develop serious conditions, and when you buy a cough medicine you want to be sure you are getting one that will cure your cold. Chamberlain's Cough Remedy always cures. Price 25 and 50 cents a bottle. For sale by Frank Hart and leading druggists.

PARLIAMENTARY REFORM.

WASHINGTON, Feb. 6.—A bitter attack on the rules and powers of the speaker was made in the house yesterday by Mr. Nelson of Wisconsin, Republican, who said the power of the house was merged in the speaker. "He is the house," he exclaimed amid

Democratic applause. He charged that the business of the country was not being despatched speedily, economically or considerately. He did not, he said, believe in personalities or partisanship. "I am speaking," he declared, "of principles and not of men that are passing."

It was intended, he said, that the speaker should be only a mere moderator in according the representatives of the people their just rights and in securing a square deal. But now he said, the speaker over-ruled ruthlessly the rights of his opponents and his own associates as well. The minority, he declared, were not only speechless, but absolutely helpless, and as for the majority members they have to obey the will of the speaker.

At times, he added, they would break away, but not for long because they were brought back under the power of the speaker's spell. He said that many of the president's policies were important, but they were no more important than parliamentary reforms in the house.

TELLS OF SUICIDE.

Sends Her Mother a Postal Card Informing her of the Deed.
Brooklyn, N. Y., Feb. 6.—"Mother: My body is in Prospect Park Lake. What Gus done I was blamed for, and I never said anything. That is

what I get for being good. Good bye." This message, written on a post-card, and unsigned, was received today by Mrs. Theresa Zupo, owner of a small candy store in the basement of 357 Eighteenth street. This is the first news the mother has received since her 16-year-old daughter Mary disappeared from her home late yesterday afternoon.
Mrs. Zupo is grief-stricken over the disappearance of Mary.
"I shall go to the lake this afternoon and keep watch," she said, tear-

COFFEE

Cheap for those that won't pay for good; Schilling's Best for those who won't have poor.

Your grocer returns your money if you don't like it; we pay him

fully, "for I do not think my poor little Mary has yet carried out the threat on the postal. She was a good girl, kind and dutiful. She had no young men or girl friends, her only companions being books and magazines."

"About six months ago she took a course in manicuring. Being an unusually bright girl she learned quickly and was graduated in two months. Almost every morning since then she left home looking for work. Her inability to secure employment of any kind preyed upon her mind, and in the evenings, after returning home tired and foot-sore, she would often weep for hours."

Mary is small for her age. She has black hair, brown eyes, and is considered pretty. When she left home she wore a red felt hat with ribbon to match, a yellow dress with red dots and a brown cloak.
