

One of the Important Duties of Physicians and the Well-Informed of the World

is to learn as to the relative standing and reliability of the leading manufacturers of medicinal agents, as the most eminent physicians are the most careful as to the uniform quality and perfect purity of remedies prescribed by them, and it is well known to physicians and the Well-Informed generally that the California Fig Syrup Co., by reason of its correct methods and perfect equipment and the ethical character of its product has attained to the high standing in scientific and commercial circles which is accorded to successful and reliable houses only, and, therefore, that the name of the Company has become a guarantee of the excellence of its remedy.

TRUTH AND QUALITY

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing, therefore we wish to call the attention of all who would enjoy good health, with its blessings, to the fact that it involves the question of right living with all the term implies. With proper knowledge of what is best each hour of recreation, of enjoyment, of contemplation and of effort may be made to contribute to that end and the use of medicines dispensed with generally to great advantage, but as in many instances a simple, wholesome remedy may be invaluable if taken at the proper time, the California Fig Syrup Co. feels that it is alike important to present truthfully the subject and to supply the one perfect laxative remedy which has won the approval of physicians and the world-wide acceptance of the Well-Informed because of the excellence of the combination, known to all, and the original method of manufacture, which is known to the California Fig Syrup Co. only.

This valuable remedy has been long and favorably known under the name of—Syrup of Figs—and has attained to world-wide acceptance as the most excellent of family laxatives, and as its pure laxative principles, obtained from Senna, are well known to physicians and the Well-Informed of the world to be the best of natural laxatives, we have adopted the more elaborate name of—Syrup of Figs and Elixir of Senna—as more fully descriptive of the remedy, but doubtless it will always be called for by the shorter name of Syrup of Figs—and to get its beneficial effects always note, when purchasing, the full name of the Company—California Fig Syrup Co.—plainly printed on the front of every package, whether you simply call for—Syrup of Figs—or by the full name—Syrup of Figs and Elixir of Senna—as—Syrup of Figs and Elixir of Senna—is the one laxative remedy manufactured by the California Fig Syrup Co. and the same heretofore known by the name—Syrup of Figs—which has given satisfaction to millions. The genuine is for sale by all leading druggists throughout the United States in original packages of one size only, the regular price of which is fifty cents per bottle.

Every bottle is sold under the general guarantee of the Company, filed with the Secretary of Agriculture, at Washington, D. C., that the remedy is not adulterated or misbranded within the meaning of the Food and Drugs Act, June 30th, 1906.

French Ship Arrives From San Francisco in Tow.

ALLIANCE LEFT YESTERDAY

Armeria, Breakwater, Senator, Jules Gomme Arrive In—Dauntless, General de Boisdere, Cambrian King Yellowstone, Sue H. Elmore Out.

The tug Dauntless arrived yesterday morning at 11 o'clock having in tow the French ship Andre Theodore, six days from San Francisco. The Theodore is in ballast and left yesterday afternoon in charge of the Harvest Queen, and will load grain for Europe.

The lighthouse tender Armeria returned in at 4:30 yesterday afternoon, after having placed lightship No. 50 in position.

The tug Dauntless, which brought up the Andre Theodore, returned on her way to San Francisco yesterday afternoon.

The Berwick left up for Portland yesterday with a load of frozen fish from Rogue River.

The French bark General de Boisdere, grain laden, for Europe, was taken to sea yesterday.

The British steamer Cambrian King crossed out Sunday, bound for Melbourne. She loaded 1,175,000 feet of fir lumber at the Tongue Point Mill which together with her load of 1,316,599 feet of redwood lumber from California makes her cargo valued at \$53,673.

The Gerald C. left out last night for Nehalem.

The steam schooner Yellowstone left out yesterday morning. She has 850,000 feet of lumber for San Diego, which was loaded at Prescott.

The Geo. R. Vosburg, left out for Nehalem with a general cargo, on Sunday.

The Breakwater arrived in from Coos Bay on Sunday afternoon and after a short delay proceeded to Portland.

When You Have a Bad Cold

You want a remedy that will not only give quick relief but effect a permanent cure.

You want a remedy that will relieve the lungs and keep expectoration easy.

You want a remedy that will counteract any tendency toward pneumonia.

You want a remedy that is pleasant and safe to take.

Chamberlain's Cough Remedy meets all of these requirements, and for the speedy and permanent cure of bad colds stands without a peer.

A Severe Cold Quickly Cured by Chamberlain's Cough Remedy.

"Last winter I caught a very severe cold which lingered for weeks," says J. Urquhart, of Snyper, Ontario. "My cough was very dry and harsh. The local dealer recommended Chamberlain's Cough Remedy and guaranteed it, so I gave it a trial. One small bottle of it cured me. I believe Chamberlain's Cough Remedy to be the best I have ever used."

When Leap Years End.

In 1582, in the arrangement of the Julian calendar, ten days were dropped so as to get things running on the then new but the present basis of calculating time. So as to keep things running right it was determined that a year ending a century should not be bisextile, except every fourth century. Thus there was no leap year in 1700, 1800 or 1900. It is, or at least was, rather rough on the ladies, who have special advantages in leap year; but, though there will not be many of those who saw 1900 who will see 2000, the latter year, ending a fourth century, will be a leap year. In this way three days are retrenched in four centuries, and the remaining seven days will be made up in a little over 800 years. After that calendar years will be like solar years, and future errors in the calculation of time will occur no more. The loss of leap year will in thousands of years affect the seasons, but I suppose the mathematicians of the centuries hence will be so slip in handling figures and making calculations that they will have no difficulty in keeping things going correctly.—Exchange.

The Commercial.

One of the coziest and most popular resorts in the city is the Commercial. A new billiard room, a pleasant sitting room and handsome fixtures all go to make an agreeable meeting place for gentlemen, there to discuss the topics of the day, play a game of billiards and enjoy the fine refreshments served there. The best of goods are only handled, and this fact being so well known, a large business is done at the

Commercial, on Commercial street, near Eleventh.
