FOREST RESERVE.

British Columbia Has Placed All Its Forest Lands in Reserve.

WASHINGTON, Feb. 17.—At one stroke of the Lieutenant Governor's pen, 150,000,000 acres of forest land in British Columbia have been placed in reserves. This includes every acre of the province's timberlands, except what has been leased. This is as much land as was put in the National Forests of this country between the years 1891 and 1907.

The action was taken to check wasteful exploitation of timber resources and to bring the care and cutting of timber more effectually under government control.

The province has been leasing timberland instead of selling it. The most of the leasing has been done the past three or four years, and Americans hold the largest part of the 10,000 leases now in force. The lease is, in its effect, a long-term option at low rate. It runs twenty-one years and may be renewed at the end of the first term. The lessee pays twenty-five cents a year until he is ready to cut the timber, when he pays a royalty of fifty cents per 1,000 feet, board measure, for the timber removed. The income of the Province from leases was about \$1,275,000 last year.

British Columbia is the latest of the great soft wood timber regions to be invaded by lumbermen. The great industry began its work in Maine two or three generations ago; passed later to the pine and hemlock forests of Pennsylvania and New York, and when supply ran short there, they moved to Michigan, Wisconsin, and Minnesota. The pine wood of the Lake States held out a long time, but the decline finally became so rapid that the scene of operations was shifted to Washington and Oregon. The output of the Puget Sound region rose to first place, and it is still at top notch. But holdings are harder to get and buyers on speculators have crossed into British Columbia. While there are many rich stands of timber in the Province, it is doubtful if the forest woods furnish a cut of more than 100 to 150

billion feet of lumber less than what this country uses in eighteen months.

British Columbia does not permit the export of logs cut on provincial land. They must be sawed by mills in the Province, which evidently intends not only to take care of its timbers, but to make the most out of it. An export duty has been seriously considered by the Dominion Government for all the provinces of Canada. It is apparent that British Columbia will not be slow to take any advantage which the further diminishing of the timber supply of the United States may afford her in the lumber trade.

The Jumping Off Place.

"Consumption had me in its grasp; and I had almost reached the jumping off place when I was advised to try Dr. King's New Discovery; and I want to say right now, it saved my life. Improvement began with the first bottle, and after taking one dozen bottles I was a well and happy man again," says George Moore, of Grimesland, N. C. As a remedy for coughs and colds and healer of weak, sore lungs and for preventing pneumonia New Discovery is supreme. 50c and \$1.00 at Charles Rogers & Son, druggists. Trial bottle free.

DAY-LIGHT ROBBERY.

SAN FRANCISCO, Feb. 17.—Mrs. Edw. Branstein was robbed of jewelry worth \$1,000 in some mysterious manner at home on Franklin Street Saturday afternoon. The valuables were taken some time between one and five o'clock in the afternoon. The entire family was at home at the time and no one was aware of the presence of the thieves. The police are trying to solve the mystery attending the robbery.

PORTLAND MARKETS

Latest Quotations in the Portland Markets.

Complete Market Reports Corrected Each Day Giving the Wholesale Prices of Commodities, Farm Produce, and Vegetables.

PORTLAND, Feb. 17.—There were no price changes of importance in the vegetable market today, but with the trade fairly active and supplies only moderately large, prices were well maintained. Celery promises to be scarce before the end of the week, it being reported today that one car that came in was in bad shape and probably would be rejected. The Pearson-Page Company reports the receipt of six cars of stuff from the South today, one each of grapefruit, sweet potatoes, cauliflower and mixed vegetables and two of oranges.

HERINGTON'S TABLETS

ABSOLUTELY CURE

Indigestion, Rheumatism, Diabetes, Kidney Diseases, Bladder Troubles, Liver complaints.

A SURE KIDNEY AND LIVER CURE

Have you healthy kidneys? If not, you will soon be attacked with that terrible Diabetes, Bright's Disease, Gravel, Dropsy or Rheumatism, and your health and happiness ruined. We have the only treatment that is a cure cure for the dreaded Bright's Disease, Diabetes, and all other forms of Kidney and Bladder Troubles. If your kidneys are not healthy, if the bladder is inflamed and weakened, urine highly colored or cloudy, smarting in passing, pain in back, nervous, languid, depressed, weakness in body and mind, bowels constipated and digestion bad, write for a box of Herington's Tablets and be cured.

RHEUMATISM is caused by an excess of uric acid in the blood. Ask any reputable physician, ask your family doctor, and he will tell you that the Uric Acid must be dissolved and drawn from the system before the disease yields.

What Causes Rheumatism

Now we say that the only medicine known that will actually dissolve this Uric Acid and carry it out of the body is Herington's Tablets. Local applications such as liniments, electricity, massage, etc., will afford temporary relief only, and is time wasted to the injury of the patient, unless constitutional treatment is carried on at the same time. Why? Because the malady is a disease of the blood, and the blood must be freed of the cause—or no cure can follow.

WRITE TODAY—Fill in the coupon printed below and send it to us with 25 cents. We will immediately mail to you a liberal sized box of Herington's Tablets. If they fail to CURE you we will return your money as willingly as we took it. Our guarantee is, NO CURE, NO PAY.

FILL IN THIS COUPON TODAY

Our remedy will put you on the road to health and happiness.
