Complete Market Reports Corrected Each Day Giving the Wholesale Prices of Commodities, Farm Produce, and Vegetables.

PORTLAND, Feb. 27.-Eggs are becoming more plentiful from day to day and were considered weak at 18 cents on Front street this morning. As usual during the falling market retailers are not inclined to buy any more than they need for the day's business, and as there is no export demand, stocks are inclined to pile up. Cold storage men say they will not put away eggs this year unless the price of fresh eggs drops to 14 or 15 cents a dozen.
