RELIEVES IN FIVE MINUTES.

Help Comes Quickly When Hyomei is Used for Catarrh.

The quick relief that comes from the Hyomei treatment for catarrh is most remarkable. Put a few drops of liquid Hyomei in the little pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions, and soothes the irritated mucous membrane.

If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, general weakness and debility, or any other symptoms of catarrh, you should begin to use Hyomei at once. It will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh. So strong is T. F. Laurin's belief in the power of Hyomei to cure all catarrhal troubles that with every \$1.00 outfit he gives a guarantee to refund the money unless the remedy gives satisfaction.
