## COMMERCIAL BODY MEETING

LARGE ATTENDANCE—LIVE TOPICS DISCUSSED—COMMUNICATIONS RECEIVED—BRICK TESTS TO BE MADE THIS WEEK.

The first meeting of the Chamber of Commerce under the new meeting dates (second and fourth Mondays of the month) was held last evening. President Scholfield in the chair; Secretary Whyte and Assistant Secretary Wallace and large number of members present.

There were a large variety of subjects discussed most of which were incorporated in Manager Whyte's report which is printed in this issue. The write-up of Clatsop county to be forwarded to Secretary Wisdom in charge of the Oregon office of the A. Y. P. Exposition which is to be held at Seattle next year was not read as it was referred to a committee to look over. The chair appointed on that committee Messrs. Minchew, Staples, Wingate, Bowsley and J. T. Ross. The communication from Mr. A. E. Buttner, secretary to Paul Wessinger, which appears in full—was gratefully received and the secretary was instructed to write a fitting reply to it. Mr. Buttner being present was called upon and said that Mr. Henry Weinhard has always had a warm spot in his heart for Astoria and had in mind several things for Astoria. Now that he had joined the Great Majority it was the intention of Mrs. Weinhard and Mr. Wessinger to carry out those projects and the sentiment of the letter was not "hot air" but every word of it was true.

The Rose Carnival proposition for Astoria to have a float was not acted upon definitely it being the consensus of opinion that the expenses would not justify the Chamber taking it up. After the meeting was over there was some more talk about it and Mr. Lamar thought he could secure enough subscriptions to it and Mr. Lamar, Mr. Ben Ward and Dr. Barr will try and secure the necessary funds.

Mr. Lew Ogen spoke about his brick proposition and has about closed a deal for a site for a manufacturing plant and will commence his experiments this week.

Teh meeting adjourned at 8:40.

## WILL WED AFTER LONG VISIT

CHICAGO, March 9.—A despatch to the Tribune from Muskegon, Mich., says: After waiting 30 years, during which time she married another, Mrs. L. M. Clark will wed Owen Mulholland of Seattle. Mr. Mulholland, who was a gold mine owner, disappeared when he went into the West and it was not until recently that the couple again heard of each other.

## RELIEVES IN FIVE MINUTES.

Help Comes Quickly When Hyomei is Used for Catarrh.

The quick relief that comes from the Hyomei treatment for catarrh is most remarkable. Put a few drops of liquid Hyomei in the little pocket inhaler that comes with every outfit, and before you have used the treatment for five minutes you will notice relief from your catarrhal troubles.

It gives a tonic healing effect to the air you breathe, kills all catarrhal germs, stops the poisonous secretions, and soothes the irritated mucous membrane.

If you suffer from offensive breath, raising of mucus, frequent sneezing, husky voice, discharge from the nose, droppings in the throat, loss of strength, spasmodic coughing and feeling of tightness across the upper part of the chest, general weakness and debility, or any other symptoms of catarrh, you should begin to use Hyomei at once. It will destroy all disease germs in the nose, throat and lungs and make a quick and permanent cure of catarrh. So strong is T. F. Laurin's belief in the power of Hyomei to cure all catarrhal troubles that with every \$1.00 outfit he gives a guarantee to refund the money unless the remedy gives satisfaction.

Only three Chinamen in Philadelphia own real estate. One of them, Lee Dick, recently paid \$9,000 for a house.

**PILES CURED IN 6 TO 14 DAYS.**  
PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

Tim Murphy is said to be meeting with success in Frederick Pauling's comedy, "Two Men and a Girl."

Kemp's Balsam will stop any cough that can be stopped by any medicine and cure coughs that cannot be cured by any other medicine. It is always the best cough cure.

## TWO WHEAT SHIPS DUE DOWN

Potter on Hassalo's Run and Doing Big Business—Captain Gray III in Portland—Mosquito Fleet All in From Ports—King Cyrus in and up

The steamship Breakwater crossed in at 7 o'clock on Sunday morning, from Coos Bay points, and had plenty of business on both decks and in her cabins. Captain Macgenn is among the popular masters out of this harbor and the Poet-Laureate of the North Pacific.

The oil steamer Maverick came down the river on Sunday evening and went to sea on the early flood yesterday.

The four-masted schooner King Cyrus arrived in port on Sunday afternoon at 4 o'clock, and went on to Portland yesterday morning on the hawsers of the Harvest Queen.

The Rose City swung her handsome length up the city channels yesterday morning at an early hour and went on to the metropolis at 9 o'clock. She had a fine passage up the coast and did a fine business, rabin and hold.

The French bark Emily Galline is ready to come down from Portland with a load of wheat for the United Kingdom, for the second time within 11 months, a fact that will place her in the van of the wheat-carrying fleet out of these waters. She will be down on the Oklahoma this afternoon or in the morning.

The French bark Pierre Loti came down on the Harvest Queen yesterday morning early and went to sea yesterday afternoon, bound for Europe.

As per text of a wireless received yesterday afternoon by the Callender Navigation Company, the fine steamship Roanoke did not reach her berth at that company's dock until nearly 10 o'clock last night. She was busy all the way up from Port Los Angeles, and this threw her a few hours behind.

Captain Thomas Stream, of the schooner Watson, over at Aberdeen, seems to be in a very similar predicament to that in which Captain Forest of the schooner Annie Campbell found himself in this port something over a year ago. It is to be sincerely regretted in whatever way one looks at it; but Captain Stream's case has the merit of being devoid of the harsher feature of the death of the man he took a shot at.

The handsome river packet T. J. Potter is doing the Hassalo's stunt on the Astoria-Portland run these days doing big business both ways and on both decks. She had 80 passengers out of Portland on her last trip

for distribution along the river, besides 140 tons of freight. It is said that when she enters her summer excursion run between Portland and her north-shore landing, opposite this city, she will run free so far as tides are concerned and on a fixed and day-light schedule. She may come over here once every couple of weeks to wash her boilers out, but otherwise Astorians will have to go to her, if they want her. The Nahcotta will be her tender so far as this city is concerned.

The schooner M. Turner went to the Tongue Point mill docks yesterday morning on the tow lines of the Callender tug Melville, and will load out there, for San Francisco.

The regrettable news reached this city yesterday that Captain W. A. Gray is confined to St. Vincent's hospital in Portland, with a bad attack of malaria. His friends wish him a speedy recovery.

The Elmore motor schooner Gerald C. arrived in from the Siletz coast on Sunday last, well laden with general merchandise. It is said her running mate, the Evie, is to be placed on the Portland-Tillamook run to assist the Sue H. Elmore in handling the business; the Evie doing the passenger end of the traffic.

The motor sloop Della, Captain Jones, reached this port from Nestucca on Sunday last with a good manifest of general freight, and is now loading outward at the O. R. & N. pier.

The French bark Amiral de Cornulier, wheat-laden for Europe, is all ready for sea, at Portland, and will be among the first vessels to come down the river. She will be here today or tomorrow.

Word reached this city yesterday that the steamer Yosemite crashed into the steamer Yellowstone in San Francisco harbor on Saturday last, punching a big hole in the side of the latter vessel and carrying away the rigging of the Yosemite; the joint damage figuring at about \$3000.

While on his last voyage to the lower coast on the Della, Captain Bob Jones was put in possession of a copy of a message recovered from the sea, and found on the beach below the Nestucca, which hailed from the master of the Jane L. Stanford, the American barkentine which was in collision with the steamer J. B. Stetson off this bar last year, and was directed to the officer of the U. S. Geodetic Survey, giving the latitude and longitude of the ship at a certain time, with a lot of specific data, on a specified form furnished to master of sea-going ships by that department. The data on the card in question signified that it had drifted, what in a straight line, would have been 600 miles, but which may have been 6000 when the play of the sea currents and storms and winds, are considered.

## NEW TO-DAY

### The Clean Man.

The man who delights in personal cleanliness, and enjoys his shave, shampoo, haircut, and bath, in Astoria, always goes to the Occident barber shop for these things—and gets them at their best.

### To The People.

In submitting my name to the electors of the Fifth Judicial District for their consideration for the office of District Attorney of said District, I desire to say that if I am nominated and elected, I will, during my term of office, honestly, vigorously and impartially perform all the official duties pertaining to said office, without fear or favor, endeavoring always to accord to every individual, irrespective of party, politics or personalities, a square deal under the law, keeping always uppermost in my mind the interests of the tax payers of said District and State.

the Palace Restaurant is evidence of the good management, and the aggressive, at this popular dining room. For a long time the reputation of the house has been of the best and it does not wane as time progresses. The system used, that of furnishing the finest the market affords, and all can be obtained, in season, is a plan that will always win, coupled as it is with the best of cooking and prompt service. A common saying nowadays is "Get the Palace habit."

### The Commercial.

One of the coziest and most popular resorts in the city is the Commercial. A new billiard room, a pleasant sitting room and handsome fixtures all go to make an agreeable meeting place for gentlemen, there to discuss the topics of the day, play a game of billiards and enjoy the fine refreshments served there. The best of goods are only handled, and this fact being so well known, a large business is done at the Commercial, on Commercial street, near Eleventh.

On the various car lines of New York, including the steam, surface, subway and elevated roads, there is an average of twenty employees injured each day.

Ex-Senator Stewart of Nevada, now a resident of Washington, despite his long white beard and his eighty-three years of life, is still as erect and as sturdy a specimen of manhood as one could wish to see.

### PROPOSALS.

OFFICE OF C. Q. M., VANCOUVER Barracks, Wash., March 10, 1908—Sealed proposals, in triplicate, will be received here until 11 o'clock, a. m., April 10, 1908, for furnishing fuel, fuel oil, gasoline, dogfood, mineral oil at posts in this Department for the year ending June 30, 1909; for furnishing forage and bedding for posts in Alaska for year ending June 30, 1909, and for furnishing a three months' supply of forage and bedding for posts in Department of Columbia embraced within boundaries of United States, for period commencing July 1, 1908. Deliveries of supplies to commence July 1, 1908. Information furnished here or by Quartermasters at posts. United States reserves the right to reject or accept any or all proposals, or any part thereof. Envelopes containing proposals should be marked: "Proposals for \_\_\_\_\_," addressed John E. Baxter, C. Q. M. 11-12-13t.
