PORTLAND MARKETS

Complete Market Reports Corrected Each Day Giving the Wholesale Prices of Commodities, Farm Produce, and Vegetables.

PORTLAND, March 10.—Further shipments of California butter to this market are expected within a few days, and it is quite probable that local prices will be put down this week in order to meet the competition from the South. This is the season of flush production in California, and it is always a few weeks earlier than that of Oregon. As yet there is no serious accumulation of Oregon stocks here, but production is steadily increasing and the necessity of a lower price is generally felt in the trade.
