**Stevens had no Possible Chance to Live.**

**"I NEVER MET A BRAVER MAN"**

**Doctor Zumwalt Added His Appreciation of Stevens' Character by Saying: "He Had Been Calm and Cheerful From the First."**

SAN FRANCISCO, Mar. 26.—Durham White Stevens, the diplomat, who was shot down by the Korean, In Whan Chang, on Monday morning, died late last night at the St. Francis hospital, after an operation which disclosed a more serious condition of his wounds than had been apprehended by the surgeons.

At his bedside when he died, beside the doctors, was the Japanese consul general, Chozo Koike.

"This is most unfortunate. This is a great loss to Japan, Korea and to this country," were the words of Koike, as he left the death chamber, and Doctor Zumwalt, who had attended him, added his appreciation of Stevens character by saying:

"He had been calm, cool and cheerful from the first and entirely uncomplaining. I have never met a braver man."

Until yesterday morning every hope had been entertained for Stevens' recovery, but at 10 o'clock symptoms of inflammation of the peritoneum appeared and the surgeons realized that his condition had become critical.

At six o'clock Stevens was taken to the operating room and placed under an anaesthetic. On opening the abdominal cavity the surgeon discovered that the intestines had been perforated in six different places by one of the shots fired by Chang, and that the patient had no chance for recovery.

Only once during the evening did Stevens show any sign of returning consciousness, when, in answer to a question by one of the doctors, he said that he was in pain. Then he relapsed and lay quietly until the end came at a little after eleven o'clock.

Doctor Terry, Huntington and Zumwalt, who performed the operation, remained at his bedside during the evening. Stevens leaves two sisters, in Atlantic City, and a telegram was sent there last night, informing them of their brother's death.

Consul General Koike sent cablegrams to his government, reporting the death of Stevens.

In Whan Chang, the Korean who fired the shots which proved fatal to Stevens, when informed last night at the jail of his victim's death, received the news without surprise and with manifest delight.

Since the day of the shooting Chang has been expressing the hope that Stevens wound might prove fatal. Last night, when asked if he was sorry for what he had done, Chang

said: "No; I am glad. He was no friend of Korea, and he is better dead."

Stevens' death will result in a charge of murder being brought against both Chang, who fired the fatal shots and Chun, his accomplice, who attacked Stevens as he alighted from his automobile at the Ferry Building.

Chun, who was wounded by a wild shot from his companion's revolver, is at the Lane hospital where it was said last night that he was apparently on the road to recovery.

**BIGNAMI ARRESTED.**

**Federal Authorities Trying to Trace The History of This Dangerous Anarchist.**

SAN FRANCISCO, Mar. 26.—One of the first fruits of the search for anarchists in San Francisco undertaken by the Immigration inspectors and the police department in pursuance of the sweeping order issued by Oscar S. Strauss, secretary of commerce and labor, March 3, was the arrest yesterday of Paul Bignami, a self confessed anarchist by Detective Rocca, who had been especially detailed by the chief of police.

Rocca found Bignami in a saloon at Stockton and Union Streets. Rocca learned that Bignami had been addressing weekly meetings of anarchists, advocating the destruction of the government and the annihilation of the navy. He placed the President, minor heads of the government and the police in the same category and believed they should be done away with. He also made boasts that the police had no terrors for him, and said that it would take at least twenty blue coats to convey him to any police station. Rocca heard him say this, and laying his hand on Bignami's shoulder, placed him under arrest. Bignami, suddenly losing the thread of his crimson discourse, picked up his hat and followed Rocca with surprising meekness.

**DISTRIBUTING ANARCHIST CIRCULARS.**

CHICAGO, March 26.—Three boys who were distributing circulars announcing an anarchist's meeting tomorrow were arrested by the police in the ghetto last night. The bills advertised that William Nathanson would speak. They also said that Knute Hansen would speak on "Hunger." The meeting will be held, according to Mr. Nathanson, at Matthews' Hall, Miller and Taylor streets, under the direction of the Edelstadt Group.

**INFANTILE DISEASE.**

NEW YORK, Mar. 26.—Epidemics of infantile disease has caused the quarantining of four institutions for the care of children in Brooklyn. Measles, scarlet fever and chicken pox are the prevalent maladies which have forced the health authorities to take charge of these institutions, all of them crowded as a result of the financial stringency. Supt. Goodhue, of the bureau of dependent children says that much of the sickness among the little ones is due to a lack of proper nourishment in the homes from which they have come.

**Harvard Instructor to go to Arctic Circle in Row Boat.**

**NO WHITE MAN HAS VISITED**

**His Expedition Is Under the Auspices of the American Museum of Natural History—Mr. Steffansson Speaks Eskimo Fluently.**

NEW YORK, March 26.—His "healthy body and cheerful mind" are the principal equipment to be used by Vithjarnir Steffansson, who is to start in April in a row boat for the Arctic circle to learn the ways of Eskimo tribes no white man has visited.

Money he will not require, but he will carry a few files, needles and butcher knives as gifts in return for the hospitality which he expects to receive. One rifle, a few fish hooks and nets and a suit of fur clothing will be the sinews of the expedition. Mr. Steffansson was formerly an instructor at Harvard University, and his coming expedition is under the auspices of the American Museum of Natural History.

The expense of getting to the Mackenzie river, where he expects to find a row boat, is to be advanced by the institution. The museum will publish his report, and if it is possible to bring them out of the inaccessible country it will obtain whatever ethnological specimens Mr. Steffansson may gather. The young explorer is of Icelandic birth and speaks the Eskimo language fluently. He will live on the country and what he can trap. He will start late in April from Edmonton, Alberta, and expects to travel 1,800 miles in the row boat.

**DRIFTED ROUND CAPE HORN.**

NEW YORK, Mar. 25.—Her captain telling a tale of having drifted all the way around Cape Horn from San Francisco, the American full rigged ship Wm. P. Frye made port yesterday. The Frye, says her skipper, never shipped a drop of water until four days ago when she ran into a smart northeastern off Cape Henry. Otherwise the voyage was a succession of light and baffling winds and dead calms. "Its the first time in my sixty odd voyages around Cape Horn that I ever saw such weather," said Capt. Murphy. His mate, Herman R. Smith of Seattle, backed up the captain's story of the placid voyage by the exhibition of the mute but veracious evidence of the ships log book.

**NEW YORK TO GENOA.**

NEW YORK, Mar. 26.—Carle De Peloggie, an enthusiastic Italian yachtman, is going to make an attempt to cross the Atlantic in a 24 foot sail boat. The start will be made from New York harbor on July 1 and the ultimate destination is to be Genoa, Italy. The daring task that Mr. De Peloggie will undertake is the outcome of a wager between him and the Marquis Zanotte, of Rome.

These two yachtmen have long been rivals in Mediterranean races, and Mr. Paloggie made the assertion that he thought it possible to cover the long expanse of ocean between here and the birth place of America's discoverer, the Marquis offered to make the bet that he would find it too difficult a proposition for a boat of so small dimensions to navigate the long stretch. Mr. De Peloggie will be accompanied on his trip by only one person. His partner will probably be the Viscount de Lemonior of Paris.

Although there is no time limit set by the Marquis Zanotte for the accomplishment of the trip the young sailor says that with favorable weather conditions he is confident of making the port of Genoa in 40 days from the time of starting.

**Given up to Die.**

B. Spiegel, 1204 N. Virginia street, Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you?—T. F. Laurin, Owl Drug Store.

**HIS HISTORY UNCOVERED.**

SAN FRANCISCO, Mar. 26.—The Call says to-day:

The obscurity enshrouding the career of Max Jagerhuber, jr, the alleged son of a millionaire manufacturer relative of a United States supreme court justice; a U. S. Senator and a New York judge, who was jailed on the evening of the San Francisco earthquake for passing a fraudulent check at the St Francis Hotel, has been uncovered, and he is again thrust into the light of notoriety by the efforts of the U. S. army officials at the Presidio to apprehend him for desertion, while awaiting sentence for court martial.

Jagerhuber, who has been serving in the army for nearly two years before being placed under arrest for alleged desertion under the alias of Charles Lacri, escaped from the Presidio Tuesday and was accompanied it is said by a sergeant.

Jagerhuber is 22 years of age. He is the son, according to his statement to the police, of Max Jagerhuber of 172 Fifth Avenue, New York, who is reputed to be worth \$20,000,000.
