D. D. THROUGHMISREPRESENTATION

They Say That the Increased in the Appropriation is 300 Per Cent When They Know the University Has Received \$78,500 in Two Years.

EUGENE, OREGON, April 7 .-An attempt is being made by the enemies of the University of Oregon to create prejudice against the appropriation bill through misrepresentation. They claim that the University hires a football coach at 1500 for a little more than two months "instruction".As a matter of fact, the University has nothing to do with the hiring of a coach, other than to see that he is the right kind of man. Neither have the students ever paid 1500 for a coach, and further, the coach's salary is paid entirely from the gate receipts of such games as the ones with the Oregon Argicultural College and Multnomah. They say that the increase in the appropriation is 300 per cent, when they know that the University has received 78,500 for the past two years, and the increase can only be 59 per cent. Even if the one item of \$47,-500 of the old approapriation bill wee taken, the increase would be only little over half of what they claim. They say also that the University has shown bad faith in pushing this bill by going to the courts on technicalities were the first to appeal to the courts, when the Secretary of State refused to file their petitions, and later carried the case to the Supreme Court. The friends of the University have appealed to the Tallow-Prime, 5c; No. 2 and courts only once, and then when the 51c; 1-barrel lots, 52c; in cases, 58c; title was manifestly unjust and misboiled, 5-barrel lots, 53c; 1-barrel leading. Those are but examples of the misrepresentation used by the opposition throughout their arguments.
