WATER TO BE DRAWN OFF BIG RESERVOIR—LITTLE ONE TO BE ENLARGED.

A special meeting of the water commission was held at 2:30 yesterday afternoon in the office in the city hall with Messrs. Wright, Trenchard, Bowlby and Van Dusen present. Mr. Elmore and Mr. Brix being absent. Assistant Superintendent Johnson was instructed to draw off the water in the large reservoir, locate any existing leaks and apply a coat of asphaltum where it is found necessary.

TOO LATE TO KICK.

I appeal to the business men and property owners of Astoria to awake, and see to it that Hon. Jas. W. Welch is nominated for Representative at the primaries on Friday. Mr. Welch has been a wheelhorse these many years, for the advancement of the material and moral interests of Astoria. On the school board, and as a member and president of the Chamber of Commerce, he has spent his time and money for the general good. If by your apathy, or indifference to your duties as citizens, he fails of the nomination on Friday, it will then be too late for you to do any "kicking." CITIZEN.

RAILWAY MEN GATHER.

Annual Meeting of Directorate of the Astoria & Columbia River Railroad Company.

Yesterday's noon express from Portland brought to this city a group of railway men to attend the regular annual meeting of the board of directors of the Astoria & Columbia River Railroad Company, and the session was held at 4 o'clock in the afternoon at the office of the company on Twelfth street.

The affairs of the company were discussed at such length as was essential and when they had been properly disposed of, the election of officers and directors for the ensuing year was taken up, with the following result:

President, Francis B. Clark; Secretary, M. P. Martin; Comptroller, F. D. Kuetner; the associate directors being H. C. Nutt, John McGuire, L. C. Gillman, A. D. Charlton, and William Harder.

In conversation with a reporter of this paper President Clark said there was nothing of immediate note, nor of prospective importance, with regard to either the Astoria & Columbia or the Seattle, Portland & Spokane roads, just at this time, and that the presence of the party in Astoria was due solely to the business exigency of the day, the meeting alluded to above.

All hands returned to the metropolis on the 6:10 train last evening.

THE PIPE'S ANTIQUITY.

In Asia and Africa, besides America, the pipe dates from prehistoric times, and in Europe generally it has been in use since and during the Roman period, if not before. One of the most learned antiquarians says that smoking pipes of bronze are frequently found in Irish tumuli, or sepulchral mounds, of the most remote antiquity.

The Commercial.

One of the coziest and most popular resorts in the city is the Commercial. A new billiard room, a pleasant sitting room and handsome fixtures all go to make an agreeable meeting place for gentlemen, there to discuss the topics of the day, play a game of billiards and enjoy the fine refreshments served there. The best of goods are only handled, and this fact being so well known, a large business is done at the Commercial, on Commercial street, near Eleventh.

"Modern" Delights.

When a man passes under the hands of a barber he wants the best skilled treatment to be had in that line. In Astoria, the man in search of such manipulation, goes direct to Petersen's "Modern" shop, at 572 Commercial, and gets it in any of the six chairs maintained.

The very best board to be obtained in the city is at "The Occident Hotel." Rates very reasonable.

does not wane as time progresses. The system used, that of furnishing the finest the market affords, and all can be obtained, in season, is a plan that will always win, coupled as it is with the best of cooking and prompt service. A common saying nowadays is "Get the Palace habit."

The Clean Man.

The man who delights in personal cleanliness, and enjoys his shave, shampoo, haircut, and bath, in Astoria, always goes to the Occident barber shop for these things—and gets them at their best.
