

DRINK PLENTY OF WATER

ALSO GIVES A PRESCRIPTION — RELEASES STOMACH TROUBLES, KIDNEYS AND BLADDER AND RHEUMATISM

"The people here do not drink enough water to keep healthy," exclaimed a well-known authority. "The numerous cases of stomach trouble, kidney and bladder diseases and rheumatism are mainly due to the fact that the drinking of water, nature's greatest medicine, has been neglected. Stop loading your system with patent medicines and cure-alls; but get on the water wagon. If you are really sick, why, of course, take the proper medicines—plain common vegetable treatment, which will not shatter the nerves or ruin the stomach."

When requested for such a prescription for the cure of rheumatism and kidney trouble the answer was: "You must make the kidneys do their work; they are the filters of the blood. They must be made to strain out of the blood the waste matter and acids that cause rheumatism, the urine must be neutralized so it will no longer be a source of irritation to the bladder, and, most of all, you must keep these acids from forming in the stomach. This is the cause of stomach trouble and poor digestion. For these conditions I would suggest the following prescription: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Syrup Sarsaparilla, three ounces. Mix by shaking well in bottle and take in teaspoonful doses after each meal and at bedtime, but don't forget, the water. Drink plenty and often. This valuable information and simple prescription should be posted up in each household and used at the first sign of an attack of rheumatism, backache or urinary trouble, no matter how slight.

TIRED OF PAYING RENT.

Five Wealthy Men in Chicago to Put Up an Apartment House for Themselves.

CHICAGO, April 14.—Five Chicago men, having become tired of paying rent, and desiring to live in apartments constructed after their own ideas, have pooled their money and with \$100,000 will erect an apartment building, in which the plans of each one will be carried out in the minutest detail.

This became known yesterday with the announcement that the plans for the erection of the building on Cedar

street had been prepared. Instead of paying rent each will pay his share of the cost of operating the building, including heating, lighting and janitor service and the wages of a valet in common, who will be installed in a room on the fifth floor.

The five, who are said to be the first who ever have adopted this plan of avoiding the payment of rent in an apartment building, are James Petit, J. B. Terbell, Benj. Marshal, Charles E. Fox and an official of the Rock Island R. R.

Each apartment will contain 12 rooms.

A feature of the building which will be in the old colonial style of architecture will be that the first floor will be used as a garage, with room for five machines.

UNDERGOING A CRISIS.

Professor Foster Speaks on the Religious Basis of Ethics.

CHICAGO, April 14.—Professor Geo. B. Foster of the University of Chicago Divinity School, in an article on "The Religious Basis of Ethics" in the current American Journal of Theology issued yesterday from the University Press, expresses the opinion that Christianity is undergoing a crisis which may destroy it to make room for a new faith.

Professor Foster declares that Christendom is witnessing the death of the traditional Christianity and that the deepest doubters have been forced by their consciences to question Christian ideals. Many thinkers are coming to look upon the orthodox ideals as "grinning and grotesque ideals" he believes.

"Today we are hearing much of the return to the faith" he says:

"Personally I am unable to see any such return—there may be indeed, signs of a new faith, but no return. In my opinion Christianity is in the most grievous crisis in its history. I do not refer to controversy in the newspapers and on the street but to quiet, bitter battle serious men are fighting out in their own souls."

MANUAL TRADES.

Uncle Sam Anxious to Teach the Filipino Men Manual Trades.

SAN FRANCISCO, April 14.—"Uncle Sam is anxious to instruct the Filipino men, not only in classes and professional lore, but to equip them with a knowledge of the manual trades and agricultural development," said John George Miller yesterday at his hotel. Miller arrived from Las Cruces, N. M., and is en route to the Philippines to teach in the government schools the manual trades, especially in wood work. With him is Allen Graham of the agricultural college, New Mexico who has been commissioned to give the Filipinos

BABY CAMEL BORN AT SEA.

NEW YORK, April 14.—Consigned to a Zoo in Chicago a shipment of 12 camels, taken aboard at Palermo

Italy by the S. S. Ida of the Austro-American Line arrived at this port with their number increased to 13. While the vessel was tossing in a wild sea a week ago a camel was born. The baby camel was named Ida in honor of the steamship.

When the vessel docked the tiny camel followed its mother gingerly down the gang plank with an uncertain tread. All the camels in the consignment suffered much from sea sickness.

"One Touch of Nature Makes the Whole World Kin."

When a rooster finds a big fat worm he calls all the hens in the farm yard to come and share it. A similar trait of human nature is to be observed when a man discovers something exceptionally good—he wants all his friends and neighbors to share the benefits of his discovery. This is the touch of nature that makes the whole world kin. This explains why people who have been cured by Chamberlain's Cough Remedy write letters to the manufacturers for publication, that others similarly ailing may also use it and obtain relief. Behind every one of these letters is a warm-hearted wish of the writer to be of use to some one else. This remedy is for sale by Frank Hart and leading druggists.
