

SAILORMEN ASHORE

Men From the Battleships Enjoying Themselves

ACCORDING TO THEIR LIKES

Some Go Buggy Riding, Others Horseback and Quite a Number Invaded a Bicycle Shop and Rode for Hours Round the Town.

SAN DIEGO, Cal., April 16.—The formalities of official welcome are at an end, and the big parade a thing of the past, the officers and men of the Atlantic fleet began today to enjoy themselves largely according to their bent, although many hospitable receptions were planned in their honor. The sailors came ashore in large numbers, a quarter section of the entire force entitled to liberty being allowed to land. The sailor men find many unique ways in which to amuse themselves, but generally seek out something that the limited quarters of a ship cannot afford. Some have today been riding horses at a high gallop through the street and looking extremely picturesque in their blue blouses and flapping, bell-shaped trousers. Quite a party of the sailors invaded a bicycle establishment and rode the wheels around the city and outlying roads for hours. Buggy rides also were popular with the men. The uniforms were everywhere to be seen. Refreshment booths with lemonade, fruits and dainties, to be had for the asking, were erected about the city and proved extremely popular.

Seventy of the officers of the fleet started off on an automobile picnic shortly after 8 o'clock this morning and will be gone all day. They were taken to a ranch some thirty-five miles away and entertained by a number of the young clubmen of the city. The officers' wives and families who were in the city entertained at luncheon by the ladies' auxiliary. Boat races on the bay and a baseball game this afternoon between the team from the battleship Ohio and a San Diego nine divided the interest of the sailors.

Tonight an elaborate display of fireworks will mark the end of the third day of the fleet's visit.

The ships were thrown open to visitors today between the hours of 10 A. M. and 8 P. M., and were open to sightseers. Visiting hours will be observed tomorrow.

MARVELOUS SECRET.

Discovery of Process to Change Living Organisms Into Metal.

CHICAGO, April 16.—The Inter-Ocean today says: Wolfram C. Fuchs, an X-ray expert, of Chicago, who died a year ago with X-ray cancer, a martyr to science, discovered a marvelous secret by which he was able to work certain chemical changes in living organisms that transform them into metal. For two years before his death he conducted a series of experiments, which reached their climax in the metalization of a rose.

R. C. Fuchs, his brother, took up the work where he left off, and brought the secret process to practical perfection. Mr. Fuchs is planning to metalize a human body, which he proposes to put on exhibition in a downtown shop window. The body will be that of A. Hauper. By the direct process of metalization it will be changed into a statue, which, to all external appearances will be of solid gold. The cost of this strange conversion of a human corpse into metal, according to the inventor's estimate, will be \$500.

ning to metalize a human body, which he proposes to put on exhibition in a downtown shop window. The body will be that of A. Hauper. By the direct process of metalization it will be changed into a statue, which, to all external appearances will be of solid gold. The cost of this strange conversion of a human corpse into metal, according to the inventor's estimate, will be \$500.

CHINA'S AWAKENING.

Much Faster Than Japan was so Missionaries say.

CHICAGO, April 16.—That China is undergoing an awakening much greater in extent and more rapid in its progress than that which in Japan has startled the world during the last generation, was asserted by several speakers at the Interstate Men's Missionary convention in the Centenary Methodist Episcopal Church yesterday.

Three of the speakers were the Rev. W. N. Brewster, of Hankow, China; Dr. John R. Mott, head of the student volunteer movement in America and Bishop J. W. Bashford, of Shanghai, China.

All agreed that in the last three years there had been as great changes in many lines in China as in the previous decade and that in the field for missionary effort is unequalled in the world.

Bishop Bashford prophesied that at the present rate of progress the Chinese would soon outstrip us even in political matters. The fight against opium now being made by the Chinese was compared to the fight in this country against liquor, much to the advantage of the Chinese.

Rheumatic Pains Relieved.

Mrs. Thos. Stenton, postmaster of Pontypool, Ont., writes: "For the past eight years I suffered from rheumatic pains, and during that time I used many different liniments and remedies for the cure of rheumatism. Last summer I procured a bottle of Chamberlain's Pain Balm and got more relief from it than anything I have ever used, and cheerfully recommend this liniment to all sufferers from rheumatic pains." For sale by Frank Hart and leading druggists.

PENALTY OF POPULARITY.

Dr. Robert Koch Noted German Scientist Bothered by Over Solicitous Friends.

CHICAGO, April 16.—"I am literally driven from Chicago, where I came for a week's rest, by over-solicitous friends and citizens and news paper reporters, and I am obliged to leave Chicago at once," testily declared Dr. Robert Koch, the German scientist, last night.

He packed five large trunks and had them sent to St. Louis by express, tagged: "Hold until called for in two or three weeks." Dr. Koch then paid his bill, bundled his wife and brother into a carriage and was driven to the Union Station, where he boarded a train for Milwaukee.

The interruptions which so disturbed the scientist reached a climax yesterday when a party of local scientists and several citizens stormed his apartments with pressing invitations for banquets and social gatherings.

INSURANCE COMPANY LOST.

SAN FRANCISCO, April 16.—The California Wine Association was awarded a verdict in Judge Murphy's court yesterday of \$2,500 against the Commercial Union Insurance Com-

pany. Wine was stored at Fifth and Bluxon-streets and was destroyed in the great fire. It is estimated that it has cost, exclusive of the attorneys' fees, more than \$6,000, about \$1000 being paid out in jury fees alone. One hundred and eighty-nine witnesses were examined. While but \$2500 was sued for (more than \$200,000 of insurance upon similar grounds is involved).

The whole case hinged on the earthquake clause.

Chamberlains' Has the Preference.

Mr. Fred. C. Hanrahan, a prominent druggist of Portsmouth, Va., says: "For the past six years I have sold and recommended Chamberlain's Colic, Cholera and Diarrhoea Remedy. It is a great remedy and one of the best patent medicines on the market. I handle some others for the same purposes that pay me a larger profit, but this remedy is so sure to effect a cure, and my customer so certain to appreciate my recommending it to him, that I give it the preference." For sale by Frank Hart and leading druggists.

CONTRACTS LET.

New Million Dollar Cathedral and High School to be Built This Year.

HELENA, Montana, April 16.—The Rt. Rev. John P. Carroll, Bishop of Helena, today announced that the contracts for the erection of the new \$1,000,000 cathedral and the Catholic High School have been awarded. Work will begin on the High School building today and its completion will be in time for the Fall term. The erection of the cathedral will begin May 15. It will be finished in two years. The latter, to be known as the Cathedral of the Sacred Heart, will be, it is claimed, the most magnificent church edifice in the Northwest.

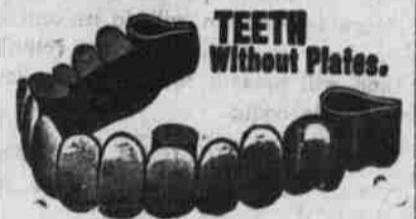

TENNIS CRACKS TO EUROPE.

NEW YORK, April 16.—Eustace H. Miles and Peter Latham, the British amateur and professional court-tennis players sailed for England yesterday on the Cunard line steamship Lusitania. Miles came over to play Jay Gould for the amateur court tennis championship of the world and was defeated, 3 sets to 1.

LAUNDRIES.

Those Pleated Bosom Shirts The kind known by dressy men in the summer, are difficult articles to launder nicely. Unless you know just how to do it, the front pleats won't iron down smooth, and the shirt front will look mussed. Our New Press Ironer irons them without rolling or stretching. Try it. **TROY LAUNDRY.** Tenth and Duane. Phone Main 1991

REMARKABLE RECORD MADE BY COOPER IN MINNEAPOLIS

The remarkable success that has attended L. T. Cooper during the past year has not been confined to any one locality, but is so widespread that the young man is now a well-known figure in most of the leading cities of the country. Mr. Cooper believes that the stomach is the foundation for most ill health, and claims that his preparation, by regulating the stomach, is a true specific for most diseases. The following extract from the Tribune of Minneapolis gives an idea of the surprising number of people who are accepting Cooper's theory. The article was one of many that appeared during Cooper's stay in Minneapolis, and is as follows: "The sale of Cooper's preparation is now phenomenal in this city, and an estimate made today seems to indicate beyond all doubt that it will equal the large figures reported from

Pittsburg during the 30 days Mr. Cooper spent in that city.

"During the past twenty-two days Mr. Cooper has been in Minneapolis, the sale of his preparation has averaged about two thousand bottles a day. When the amount of medicine disposed of throughout the state is added to this, the amount will be doubled. Therefore, the young man has sold in 22 days 88,000 bottles of his medicine in the State of Minnesota alone which is a truly remarkable record.

"During the past week so many hundreds of Minneapolis people have been calling to thank Cooper for the good he has accomplished with his medicine, that it is safe to say that his visit will long be remembered by the sick of the city."

We sell the famous Cooper preparation which has made a similar record to the above wherever introduced. —Charles Rogers & Son.
