

**Barrington Hall  
The Steel Cut Coffee**

Is just pure Mocha and Java prepared in a new way. The coffee berry is cut up (not ground) by knives of almost razor sharpness into small uniform particles. Thus it is not crushed, as by the old method of grinding, and the little oil cells remain unbroken. The essential oil (food product) cannot evaporate and is preserved indefinitely. This is one reason why a pound of Barrington Hall will make 15 to 20 cups more of full strength coffee than will any coffee ground the old way; why it excels all other coffee in flavor and why it will keep perfectly until used.

But the main thing about Barrington Hall Coffee is that it can be used without ill effect by those who find ordinary coffee injures them, because the yellow tannin-bearing skin and dust (the only injurious properties of coffee) are removed by the "steel-cut" process. A delicious coffee not a tasteless substitute.

**VISIT ABOUT ENDED**

The Fleet Will Weigh Anchor This Morning

**GOING TO LOS ANGELES**

At Midnight a Farewell Salute of 13 Aerial Bombs, Fired From Point Loma Will be Followed by a Flight of 13 Giant Rockets.

SAN DIEGO, Cal., April 17.—The stay of the American Battleship fleet in San Diego waters is rapidly drawing to a close and the sixteen ships under command of Admiral Chas M. Thomas, will hoist anchor at 6 a. m. tomorrow and steam to the northward, their next visiting place being the port of Los Angeles, four of these ports are included in the calling list, a division of four ships being sent to each place.

Another large section of liberty men came ashore from the fleet this morning and the day has practically been given over to their entertainment. There were matinees in all the theaters except one this afternoon, the only card being the uniform of the enlisted men. The blue jackets packed most of the amusement places. During the evening they roamed about the streets enjoying themselves to the fullest extent. Shooting galleries were a favorite stopping place and more target records were broken. Restaurants of the better class were thronged at the luncheon hours. Sailors of the modern navy enjoy splendid fare on board ship and seek equally good food ashore. Every sailor on the streets wore a souvenir of some sort, usually buttons with streamers of red, white and blue commemorative of the visit of the fleet.

A junior officers' ball at Hotel Del Coronado tonight and a band concert in the city will wind up the round of gaiety marking the four days of the fleet's visit. At midnight a farewell salute of 13 aerial bombs fired off Pt. Loma will be followed by the flight of 13 giant rockets and 13 red fire illuminations.

**DRESS SUIT MUSICIANS.**

CHICAGO, April 17.—Members of the Chicago Federation of Musicians insist it is worth \$2 a week more than the regular scale of wages to wear a dress suit. A demand based upon this theory as embodied in resolutions adopted yesterday by organization and will be presented to the Chicago Theater Managers Association. Both "first" and "second" class houses are included in the demand. The first class scale is \$20 for eight performances and the second class is \$18. It is worth \$2 more to appear in dress suits at every performance" said President Winkler of the Federation. Laundry bills are high and there is great wear and tear on the suite."

**MATTER OF ONE YEAR**

Burkett's Resolution to Extend Date of Application.

**OF COMMODITIES CLAUSED**

Rouses Railroads in Defense of Extension Supplied by the Elkins Law—Earlier Date is Not Yet Possible.

WASHINGTON, April 17.—From the bill introduced in the Senate today by Burkett, it is indicated that the resolutions offered by Senator Elkins, to extend the application of the commodities clause in the railroad rate bill, to January 1, 1910, may be opposed when it comes up for passage. Burkett's bill proposes to change this extension to January next. The railroads have represented that it will be impossible for them to divorce themselves from the ownership of the mines, the output of which they carry to May 1 next; and therefore the Elkins resolution, giving them two years additional, was offered.

**SHORT WEEK ON CHANGE.**

NEW YORK, April 17.—The short week in the stock market was characterized by languid and insignificant trading. Money continued to accumulate in New York with a diminishing demand from borrowers and with the expected demand from railroad corporations in abeyance. The money market became so plethoric that shipments of gold to Paris began on the triangular operation through London. Concessions offered by the Imperial Bank of Germany pointed to some outgo to Berlin as well. Neither the gold nor the promise of an early recall of government deposits from the banks had any effect in stiffening money rates. Trade reports pointed to some renewed contraction, copper prices declined again and iron and steel prices were unstable. A fresh increase in the number of idle freight cars pointed to disappointing conditions of railroad tariff.

**COUNTERFEITERS.**

SACRAMENTO, April 17.—Evidences of the bogus coin artists, working in this city was disclosed yesterday when a family moving into a flat on 16th street, found pieces of glass on which were perfect impressions of \$5 pieces. Scattered all through the flat were tell tale evidences of the bogus coin artists. Quantities of plaster of paris which had been used as molds, bits of waste and unused metal were littered about the floors.

Two men who recently vacated the house are supposed to have been the criminals as their actions while there were suspicious in the extreme. It is thought the men did not float any of the coin in this city but carried it with them to other fields.

**IF HE'S NOMINATED.**

Taft's Plans in Case the Nomination Falls to Him.

WASHINGTON, April 17.—Secretary of War William H. Taft will resign from the cabinet if he is nominated in June. Otherwise he will continue at the head of the department until the end of President Roosevelt's term. Mr. Taft took occasion yesterday to deny a statement printed in the east that he intended to resign at the end of the present session of congress. In order to be unhampered in his political canvass.

Should the presidential nomination fall to the lot of the former Ohio judge, it is believed his successor would be chosen from the following: Robert Bacon, assistant secretary of state; Robert S. Oliver, assistant secretary of war; Beekman Wintrop, assistant secretary of the treasury or Charles E. Morgoon, provisional governor of Cuba. Each of these men possesses qualifications for the portfolio which commend themselves to the president.

**BASEBALL SCORES.**

At Los Angeles—Portland 0, Los Angeles 7.  
At San Francisco—San Francisco 4, Oakland 3.

**NOT EXPLAINED.**

Land Grabbers on the Anxious Seat In Colorado.

DENVER, April 17.—The United States department of justice reversing its policy, announced some time ago, will resume investigation of frauds in Colorado and other western states and another force of special agents has been detailed from Washington to begin immediate work in Colorado, Utah and Wyoming. They are to make their headquarters in Denver. It has been understood that there would be no further proceedings in Colorado until after the supreme court had passed upon the appeal from the recent decisions of Judge Lewis, quashing the indictments that had been returned against the alleged "land grabbers." These appeals are not to be argued until October 13 and no explanation has yet been given for the change in policy of the administration in resuming the investigations before that time. A federal judge has been summoned for the May terms.

**SUITS AGAINST C. H. VENNER.**

CHICAGO, April 17.—In an answer filed by the Chicago City Railway Co., yesterday to the suits brought by Clarence H. Venner, the New York banker, is referred to as a "sandbagger" who bought stock for the purpose "of holding up" the corporation.

Venner has asked the supreme court to set aside the ordinance of Feb. 11, 1907, and to order the appointment of a receiver for the company. He demands an examination of the corporation's books. The answer is signed by Cole E. R. Bliss and Geo. Gillette, council for the street railway. In Venner's bill he insisted he as a bona fide stockholder of the company which is denied.

The suit will come up for a hearing tomorrow.

**AGREEMENT SIGNED.**

Helena, Mont., April 17.—At a conference yesterday between the Montana Coal operators Association and the United Mine Workers' District No. 22, an agreement was signed, effective until September, under the terms of which operators at every coal mine in the state will be continued uninterruptedly and all possibility of strike is eliminated.

**ROLLER SKATE RECORD.**

CHICAGO, April 17.—All previous records for the mile on roller skates were broken last night when Wm. Robinson, American amateur champion, did the distance in 2:24, which is three seconds faster than Ollie Moor's professional record of 2:27. The race in which Robinson set the new mark was in the final heat of a handicap affair in which he started from scratch. Robinson passed the entire field before five of the eight laps had been rolled off.

**NEW STRING QUARTETTE.**

NEW YORK, April 17.—Organization of a new string quartette to which belong two well known members of the Kneisel Quartette is announced here. The organization is to be called the Hess Schroder Quartette and includes Willie Hess, who was concert master of the Boston Symphony orchestra; J. Theodorowicz, former second violin of the Kneisel Quartette and Alwyn Schroder, cellist of the Kneisel until his resignation last year, and return to Europe for a year's rest. The viola player is not yet chosen.

**CRYING FOR SOLUTION.**

VICTORIA, B. C., April 17.—Evidence that some unidentified vessel, apparently a large sailing ship, has met disaster, with much loss of life off the Vancouver Island coast, was given in a dispatch tonight from Light-house Keeper Daykin of Carmanah Point, who tells of a large quantity of wreckage which came ashore last night, six miles east of Carmanah. Among the mass of wreckage was a hatch marked "Port." It looks as if the wreck was recent.

**ELECTRIFYING TERMINALS.**

CHICAGO, April 17.—The electrification of all railroad terminals in the city limits as next in importance to the drainage canal in solving the health problem of Chicago was recommended by Health Commissioner Evans in a speech before the Traffic Club yesterday. Consumption and pneumonia caused by air made impure largely by railroad and steamboats, were declared to be responsible for 10,000 deaths in Chicago in the last year.

**ARMY GETS MORE PAY.**

WASHINGTON, April 17.—The army is practically assured of an increase in pay. Conferees of the Senate and House have reached an agreement along the lines of the Senate amendment to the army appropriation bill, which graded the authorized increases according to the various branches of the service.

**SAME OLD FOLLY.**

CHESTER, Pa., April 17.—As a culmination of the bitter feeling engendered by the mobilization of the State constabulary here in connection with the car strike, Marshal Crawford a member of troop B was shot in a skirmish with Thomas and Nicholas Berger, on the Darby Pike, near Leiperville, two miles outside of this city tonight. A trooper's horse was shot. Crawford was shot in the leg.

**AMICABLE AGREEMENT.**

200,000 Miners Will go to Work Monday at the Old Scale.

TOLEDO, April 17.—Two hundred thousand idle miners in the central competitive district will return to work on Monday. An amicable agreement has been reported today by the committees ratified by a joint meeting of the miners' operators. The terms provide the adoption of the old rate of 90 cents a ton.

**LA FOLLETTE ILL.**

NEW YORK, April 17.—Senator La Follette of Wisconsin is ill at his home in California Street, suffering from gall stones. He has been attended by a physician almost constantly for the past forty eight hours and inflammation of the stomach has developed. His family and friends are alarmed over his condition.

**HEADQUARTERS SELECTED.**

CHICAGO, April 17.—The headquarters for the promotion of the candidacy of Taft have been engaged at the great Northern Hotel today.

**A CARD.**

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe coughs, and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. T. F. Laurin, Owl Drug Store.

A cup of Ghirardelli's Cocoa gives more nourishment, more energy, more strength, than a dozen breakfast rolls, at a fraction of the cost. Don't quit eating rolls but remember

**Ghirardelli's  
LESS THAN A CENT A CUP  
COCOA**

Is made with scrupulous, conscientious care and old-fashioned attention to cleanliness, purity, goodness and quality. No cocoa at any price can be better or more delicious. Your grocer sells and recommends it.
