

TOBE MYERS' LETTER

Dated Heaven and Addressed to Fish Commissioners.

CHANGING MASTER WARDENS

Cannerymen in That Region Are Unanimous in Condemning Fallacy of Putting in a Drummer For Master Fish Warden.

"Heaven, April 14, 1908. To the Hon. Fish Commissioners, State of Oregon, Salem, Oregon. Intelligence of your foolish, ignorant, expedient of the removal of Fish Warden Van Dusen, and substitution of an inexperienced Drummer for the position has just reached us here.

"It is always and ever the intention of recent and early arrivals across the boarderland to help assist and revisit their earthly scenes. My friend, Mr. Tallant, tells me we soon get over these symptoms and smile at the inevitable and foolishness of earth people. Still I insisted upon calling together the very few Columbia River cannerymen that I find here and we have unanimously condemned your proceedings. I endeavored to get communication by phone and telegraph with those Columbia River cannerymen who are in Hell but their location is the very hottest, so that the asbestos on the wires burns off so rapidly that it was utterly impossible to get anything satisfactory from them.

"I will simply say in this connection that your action in the matter is understood by us, the main feature is to secure votes for Gov. Chamberlain as U. S. Senator. It will prove futile as his show to obtain the position is about as good as a keg of powder would have in Hell not to explode. The Columbia River is doomed and will so prove in your day, but I will give you a tip, that even Frank Warren, who guides and directs your actions, does not know. After the Japanese War, which will shortly occur, the Columbia River will be ceded to Japan; and when they occupy Oregon and Washington, their greater intelligence will restock the River and for generations it will provide food for the countless millions of Japanese who will occupy Oregon and Washington.

Madame Saiza, my earth medium, says no more at present. "I was known in Earth Life as "TOBE MYERS."

FIFTEEN YEARS OF AGONY.

Will You Continue to Suffer From Catarrh in the Face of This Testimony?

"I suffered for 15 years with catarrhal troubles so bad that I had to leave the sea. I could not lie down at night to sleep, on account of the constant catarrhal drooping. I went to two different hospitals for treatment, but without any lasting benefit. I was constantly raising yellow and green phlegm, and the trouble was so unbearable and nauseating that I was ashamed to go out in company. I have used only two bottles of Hyomei, and have been cured by the remedy. It has made full and complete recovery."—Capt. Willnef.

Hyomei is a dry, healing, antiseptic air, extracted from the Eucalyptus groves of Australia. It is a pleasure to use Hyomei, because you do not take it into the stomach; you simply breathe in this germ-killing air, and relief is immediate, and complete recovery comes in a few days. Hyomei outfit, including an inhaler that will last a lifetime, costs \$1.00. If it does not cure your catarrh, asthma, bronchitis, coughs, or colds, T. F. Laurin will give you your money back.

OIL BURNING APPARATUS.

WASHINGTON, April 20.—Oil apparatus is to be installed on only two of the five torpedo boat destroyers now under construction, the bids for such installation on the remaining three being regarded as excessive. No changes are to be made on those destroyers which will be completed, according to the plans—specifications providing for coal concentration. The cost of the oil installation burning apparatus on the two vessels is about \$25,000 each.

NEW RULES.

WASHINGTON, April 20.—Heads of the army and navy establishment have approved of a set of rules prepared by the joint army and navy board governing the visits of foreign naval and military attaches and other foreign officers to military and naval establishments to other establishments which have work under contract for each of these departments. Authorization for such visits are to be more or less elastic and the reception and courtesy accorded to our officers in foreign countries are to govern our departments in according similar attention and courtesy to officers of foreign countries. Subject to regulations and customs th rules say there seems to be little objections prescribing that the foreigner shall be accompanied by one of our officers who is to have instructions as to what

may be shown and who is to report the apparent purpose of the visit of the foreign officer and the character of the material shown him. If the foreigner wants more information than the instructions say is to be referred to the department interested. Permission is not to be granted to visit certain establishments having in hand work of a confidential character for the departments and request to visit the proving grounds powder works, permanent fortifications, etc. are not to be accorded to foreign officers except in special cases.
