METROPOLITAN DAY

Fifteenth Contest for the Manhattan Cup

SUPERMAN IS DOPED TO WIN

This Grand Event Marks the Opening of the Racing Season in New York—Most Magnificent Race Course in the World.

WHITMAN DEFEATED.
WALLA WALLA, May 13.—The University of Oregon handily defeated Whitman College in the track meet on the Ankeny Field this afternoon with a score of 75 to 47, winning the championship of Oregon, Washington, Idaho and Montana. No records were broken although Martin in the 220-yard dash equalled Dan Kelly's time of 21 4-5. Oregon secured 10 firsts, Whitman getting but four, including the relay in which Oregon ran her weight men in order to save her sprinters.

WORKING OVERTIME.
WASHINGTON, May 13.—The house committee investigating the wood pulp and print paper trust is working hard to conclude its work in time to make a report at this session of congress. To further this end Chairman Mann today announced that the committee would probably hold night sessions. John Norris was on the stand during the entire day answering questions as to the statements he had made during the investigation.

Round Trip Tickets... \$5

For the entertainment of the excursionists music will be furnished by a band during the trip

NEARING THE END EXCHANGE OF VIEWS

Prosecution Will Conclude Its Testimony Tomorrow Night

Brownsville Affair Postponed 'Till December

WENT TO RUEF TO GET MONEY

FORAKER ADVISED THE DELAY

It is Not Known Whether Defence Will Put Any Witnesses on Stand as Ach and Murphy Decline to Make a Statement.

Raynor's Resolution Was Referred to the Committee on Military Affairs With the Understanding He Would Appear Before That Body.

SAN FRANCISCO, May 13.—In Ruef trial today, the time was occupied in the cross-examination of Daniel G. Coleman by Assistant District Attorney Heney. Heney attempted to have Coleman testify the same as he had before the grand jury relative to the Parkside bribery deal, at which time he declared, according to the stenographic report of the proceedings, that he talked with Ruef about the Parkside matter and demanded the payment of the promised bribes. In testifying today, Coleman said he could not remember having conversed with the defendant.

WASHINGTON, May 13.—A further consideration of the Brownsville affair was postponed by the Senate until December 16 next. This decision was reached after an extended exchange of views among the senators. Foraker, after urging the appointment of an early day for voting on his bill, moved that it be taken up next December. After a motion by Culberson to vote on the bill next Sunday was laid on the table, Foraker's motion was adopted by a vote of 62 to 6. Foraker gave out the statement saying that while he could not pass the bill now he thinks he has insured its passage by its postponement.

"I went to Ruef," he said, "to stir him up, so we could get the money." "Didn't you know that the only reason you went to Ruef was to get the money?" asked Heney.

Raynor's resolution directing the president to appoint a court of inquiry into the case of Colonel W. F. Stewart, now stationed at Fort Grant, Arizona, was referred to the committee on military affairs with the understanding that Raynor would appear before that committee tomorrow to make a further statement on the Stewart case.

Coleman in answer to Ach, conveyed an impression that the Supervisors initiated graft jobs and sent Gallagher out to ascertain how much they could get.

The Senate passed the house bill restoring the motto "In God We Trust" on United States coins. The proposed repeal of the commodity clause of the rate bill was considered at some length.

"Haven't you changed your grand jury testimony in favor of Ruef?"

Disturbed the Congregation.
The person who disturbed the congregation last Sunday by a continually coughing is requested to buy a bottle of Foley's Honey and Tar. T. F. Laurin, Owl Drug Store.

Ach made strenuous efforts to shut out his testimony, but did not succeed.

CONVENTION TICKETS.

"My grand jury testimony was explanatory," said Coleman.

CHICAGO, May 13.—In the constantly increasing stream of letters asking for seats for the Republican National Convention, there were some which received immediate attention yesterday. The rule against the issuance of tickets at this time was broken and a batch are on their way to Mexico.

The witness admitted he had talked with Ruef regarding the \$1000 offer in the second Parkside franchise and that Ruef told him the matter was being held in abeyance because of the agitation that was going on in 1906.

President Manuel Calera of the lower house of the Mexican Congress wrote to say that he and some of his associates wished to learn how presidential nominations were made in the United States and asked if he could have tickets. This request was granted at once and the tickets sent to President Calera.

Assistant District Attorney Heney announced in court during the Ruef trial today that the prosecution would conclude its testimony tomorrow night. Whether the defense will put on witnesses or not is not known. Attorneys Ach and Murphy declined to make a statement on this matter. It is probable that the tend of he taking of testimony will come on Friday. However, an adjournment to Monday may be taken at which time the arguments will be heard.

CUP RACE IN AUGUST.

Most of the foreign guests of the convention will occupy the second tier reserved for the diplomats at Washington, invitations having been extended to the representatives of different countries.

NEW YORK, May 12.—To choose defending boats for the International cup races in August. Trial races open to any boat will be held at the station of the Motor Boat Club of America on July 10, and 11. Three races are planned and the regatta committee reserves the right to select the three boats which in its opinion are the three fastest boats—those best fitted to make a successful defense. Boats chosen as defenders must be steered and owned by members of the Motor Boat Club of America.

Kidney complaint kills more people than any other disease. This is due to the disease being so insidious that it gets a good hold on the system before it is recognized. Foley's Kidney Cure will prevent the development of fatal disease if taken in time.

EUROPE COMES FOR GOLD.

FESTIVAL OF THE FRIARS.
NEW YORK, May 13.—The first annual festival of the Friars, an organization of theatrical press agents, will be held at the New York Theater tomorrow afternoon. The bill prepared includes the names of a score of people well known on the dramatic and vaudeville stage. The friars recently opened elaborately fitted club rooms in 45th Street.

NEW YORK, May 13.—The movement of gold to Europe, which began several weeks ago, and then practically ceased, was resumed today. The National City Bank announced an engagement of \$2,000,000; the National Bank of Commerce \$750,000; Goldman, Sachs & Co., \$1,000,000, and Lazard, Freres, \$1,000,000. All this gold will be shipped to Paris. This makes a total of \$18,250,000 engaged for export on the present movement.

NEW YORK, May 13.—With promise of fair weather, society, race track followers and all those who love blooded horses in contest, have but one point of interest today, the Belmont Park, where the West Chester Racing Association's Spring Meeting opens this afternoon with the Metropolitan Handicap, the first of the real big races of the season on the card. "Metropolitan Day" marks the beginning of "real racing" in New York, and although there have been meetings at other tracks, Belmont Park really has the honor of opening the season.

Belmont Park is known as the most magnificent race course in the world and for weeks gardeners have been at work mowing and rolling the lawns and filling the great flower beds which do much to add to the beauty of the setting in which horses carrying the colors of the famous horse owners in the country will do battle for supremacy in the 15th contest for the Manhattan cup.

From early indications that fully 3000 persons will be at the track when the bugle calls the horses to paddock for the big event of the day.

Today's great race will be the 17th struggle for the classic. Its history is filled with notable performances, but it is doubtful if at the close of the contest this afternoon there will be seen a more bitterly fought race. The elements are there and only bad luck can prevent the best horses from achieving new records. The fastest mile as yet made in the race since it was run at Belmont Park was when Grapple beat a big field in 1:39. This was in 1906. In 1903 when the late Wm. C. Whitney's Gunfire won at Morris Park the race was run in 1:38 1-4.

No better field of horses has entered in several years. When Sysonby finished a dead heat with race King in 1905 the horses that came along in the rear were not the equals of those that compete today. From Salvidere, the Brighton Cup winner of last season, down to the lightly weighted Don Creole, that is considered by Handicapper Vosburgh the slowest horse in the race, there is not a thoroughbred that has not come claims to distinction as a racer.

It is rarely at this season of the year that so many horses of high class compete. But the open spring weather has been a great help in advancing training and the local racegoers who have been longing for a contest between the upper ten will have their wish granted.

There is said to be a chance that Salvidere may not start and at the last moment Mr. Keene may scratch Restigouche and pin his faith in Superman.

BELMONT PARK, N. Y., May 13.—Metropolitan handicap: Jack Atkin won, Restigouche second, Bon Creole third; time, 1:38 3-5.

With the fine weather, society, and all those who love blooded horses in contest, had but one point of interest today—the Belmont Park—where the West Chester Racing Association's Spring meeting opened this afternoon with the Metropolitan handicap, the first of the really big races of the season on the card. "Metropolitan Day" marks the beginning of "real racing" in New York, and although there have been meetings at other tracks, Belmont Park has the honor of really opening the season.

No medicine has ever done more towards warding off grip and pneumonia and relieving the distressing grip cough than Kemp's Balsam, the best cough cure.

29 CONVICTS DEAD.

KATERINOSLAV, May 13.—The attempt made yesterday by prisoners to break out of the government jail here after making a breach in the wall of the big room with a bomb has resulted in the death of 29 of the convicts. These prisoners were either killed outright or received wounds from which they have since died. Of the 28 wounded, 11 are in a serious condition.

CANAL BOAT CAMPAIGN.
NEW YORK, May 13.—Canal boat campaigning is one of the features of the suffrage work announced at the New Suffragist headquarters here. A canal boat trip will be made by the Suffrage workers, after the trolley suffrage campaign already planned is over. The workers will travel from Albany throughout the length of the Erie canal and will take their summer vacations in this city. Suffrage banners will wave from the canal boats, and the passengers will speak at towns along the route.

ITALIAN TRAGEDY.
CHICAGO, May 13.—A murder, attributed to jealousy, occurred last night in Chicago Heights. Emidio Rossi was the victim and Antilio Palestini the murderer. The manner of the tragedy was startling and horrifying. Rossi, who was 30 years old, was seated at supper in the dining room of his brother's house, when Palestini crept up on a porch overlooking a window of the dining room. Through this window Palestini shot three times. The bullets struck Rossi in the back of the head, killing him instantly. Palestini has not been caught.

A. Rossi, the brother, told the police that Palestini was jealous of the attentions Emidio is said to have shown to Mrs. A. Rossi. Palestini is but 19 years old.

ARBUZZI TALKS ON WEDDING.
ROME, May 13.—The Duke of Arduzzi arrived here today from Naples. He went at once to the Quirinal and held a long conference with King Victor Emmanuel regarding his marriage with Miss Katherine Elkins, daughter of United States Senator Elkins, of West Virginia. The Duke later had luncheon with the King and Queen. He will leave Rome tonight for Spezia.

PATHETIC SCENE.
TOKIO, May 13.—There was a touching scene at the naval port of Sasebo today when the training squadron arrived. Admiral Uriu, commander of the port, visited the flagship Itsukushima to express his condolence over the loss of the cruiser Matshushima. Yoshimatsu, the commander of the squadron, while receiving this condolence, had to assume himself a painful duty of a similar nature in conveying to Admiral Uriu the news of the tragic death of his son. Uriu's son had his thigh broken, while the sons of Field Marshal Oyama and Baron Chinda were not wounded, but evidently drowned.

DOCUMENTARY EVIDENCE.

SAN FRANCISCO, May 13.—Lewis E. Aubury, state mineralogist, of California, left for Washington Monday night with considerable documentary evidence bearing upon his charges that land frauds in this state affecting mineral lands have been upon so extensive a scale as to affect fully 3,000,000 acres of land and that federal officials and their agents have not properly attended to the unearthing of these frauds and punishing the guilty parties.

Aubury is to confer it is said, with President Roosevelt and Secretary of the Interior Garfield.

Pains in the back and side may come from the kidneys or liver. Lane's Family Medicine, the tonic-laxative, and a great kidney and liver remedy, will give relief.
