PINES FOR LIBERTY.

POUGHKEEPSIE, May 16.—Harry Thaw's plea for liberty from the Matteawan Insane Asylum where he has been confined since his acquittal for the murder of Stanford White on the ground of insanity will probably be decided by Judge Morschauer on Monday, May 25. The hearing in the habeas corpus proceedings by Thaw ended late tonight after District Attorney Jerome had made a sensational request that Thaw whom he had called to the stand, permit his alienist to examine him and judge of his mental condition because they had no opportunity to converse with the defendant. Thaw was not permitted to respond, the court instructing him not to do so. The judge suggested however that Thaw could confer with counsel and perhaps they might decide it was wise to grant the request. Until the judge decides the case he is to remain in the custody of the sheriff's office. This means that he will continue to occupy Sheriff Shenler's private rooms in the Duchess County court house. Which ever way the case is decided it will be appealed.
