To Republican Voters

AN OVERWHELMING majority of Oregon's voters by registration have formally declared that they believe in the principles of the Republican Party. Let them now show that they are honest by voting in accordance with their declarations. The Oregon election comes before the Republican National Convention. Let every Republican voter in the Second Congressional District uphold the honor of the Republican Party in Oregon and strengthen the influence of Oregon's delegation in the National Convention by voting for H. M. Calkins for United States Senator and W. R. Ellis for Representative in Congress. If either of these Republican nominees fail of election the primary election system will be discredited and a return of boss rule will be invited. The good name of Oregon's delegation to the National Convention will be placed in a humiliating position. For the effect it will have on the November election it is imperative that the Republican nominees in the June election shall be elected by an overwhelming majority. As a believer in the principles of the Republican Party it is your duty to be at the polls June 1st, and vote for Calkins and Ellis.

GOOD ADVICE TO A FRIEND IN BUYING A PIANO

If Followed by You Will Safeguard Every Dollar Invested in an Instrument

Mr. Hy Eilers, President of the Eilers Piano House, was asked by a friend the other day, as to what piano to buy, and his unbiased advice, given below, based on actual experience, is safe for all intending piano buyers to follow:

"My friend, the very first piano I sold in Oregon was a Kimball, and that was over ten years ago. Today that same piano is in my friend's home as good as the day it was placed there. Its tone is pure and sweet, the action is perfect and it practically shows no wear."

"I say in 'my friend's home,' because I made him a friend and a true one, by selling him a sweet-voiced, reliable piano, and that same piano has sold several others just like it, and will continue to do so in the years to come. It is as good as an agent. So is any Kimball piano in a home where others can appreciate its fine musical qualities. Kimball pianos were always good, but are made today, if possible, better than ever; so I can conscientiously say to you—By all means buy a Kimball—and the price is right, too—at least a hundred dollars less than others of the highest grade."

The above should be carefully considered by any one intending to buy a piano—Secure an instrument that is not and will not be an experiment as to lasting satisfaction. Cheap, unknown makes oftentimes cost uninformed buyers nearly a Kimball price, and are expensive at any cost.

The safe way is to buy of a reliable house and buy a Kimball. Kimball Pianos in the different case designs and all fancy woods are on exhibition at all Eilers Stores. If not convenient to call in person, write for Kimball catalogue "J." Do it at once—Today.

Hood River County

This bill is submitted under the initiative for the following, among other reasons:

A county is a public corporation and it is apparent that section 2 of article XI, of the Constitution of Oregon, as amended, reserves to the people the right to create a county by initiative vote.

There is no general law for the creation of counties now, and no one knows when, if ever, there will be one. The facts as to area, population and assessed valuation show that we are able to maintain a county government. Out of a population of about 7,500 the desire of a county for the Hood River country is earnest and unanimous with the exception of a small fraction of one per cent. We are assured by leading citizens of The Dalles, Dufur and other portions of Wasco county that they have no objections to the creation of Hood River County as proposed in this bill. More than 400 residents of The Dalles and Dufur have signed the petitions asking that this bill be submitted to a vote at the June election, though forty-five names from Dufur were received too late to be filed with the Secretary of State.

The people of the Hood River country therefore ask favorable consideration of the voters of the State upon this bill for these, among other reasons:

Because the new county will be a great benefit to the people residing therein and will facilitate the transaction of their county business.

Because the people of The Dalles and the balance of Wasco County are willing that Hood River County may be created as provided in this bill.

The assessed valuation in the proposed Hood River County in 1903 was \$908,568.00; in 1906 was \$1,618,670, showing a gain in valuation from 1903 to 1906 of \$710,102.00, or about 78 per cent. The valuation in 1907 was \$2,762,250.00; a gain over 1906 of \$1,143,580.00, or about 70 per cent, showing

the proportionate increase in one year from 1906 to 1907 to be almost as great as that in three years from 1903 to 1906.

The proposed Hood River County has a population of about 7,500; an area of about 500 square miles; and twenty school houses, seven of which are graded schools having from two to eight rooms each and with a \$30,000.00 high school under construction. There will be left in Wasco County, after Hood River County is created, an area of 1,646 square miles, a population of 11,500; and a valuation of \$5,457,720.00, thus leaving it among the largest and strongest counties of the State.
