

# Just Three Weeks Remains of This Great Contest

## Lose No Time But Get in and Make Every Day Count

The beautiful Reo automobile which will make happy some young lady in Astoria is now on exhibition in the show window of Chas. Heilborn & Co.'s furniture store and all are invited to call and inspect it. The beautiful high-grade Kimball piano can be seen just across the street at P. A. Stokes. Either one of these grand prizes are well worth fighting for. In this contest the Astorian is giving bigger values as premiums than have ever been given in a city of this size; but the management believes in doing nothing by halves.

We made up our mind to add 1000 new subscribers to the Astorian's list during this contest and at the present rate of increase we will go away beyond this mark before the contest closes.

All the candidates are beginning to work hard and each is striving to win with the help of their friends. Just three weeks remains of the contest, so get in and hustle, for, as in everything else, this is what will win.

There is a ballot box in the Astorian office where the votes may be deposited for any young ladies whom you may see fit to vote for. If you cannot bring the ballots to the office, send them in by mail to the Contest Manager and the votes will be accorded to the young lady for whom they are intended. The votes are counted twice, so there can be no mistake as to the proper number of ballots accorded to each candidate. The votes are always open for inspection to insure a fair deal.

### HOW TO WIN.

The easiest and quickest way to win is for candidates to ask their friends to prepay their subscription for 6 to 12 months. It costs the subscriber nothing extra to do this and they are saved the annoyance of weekly and monthly collections. By so doing you receive a special vote ballot which is good any time during the contest.

Orders for the prizes will be given the successful contestants at the close of the contest; same may be used by the contestant herself or disposed of in any manner she may see fit.

Any young lady residing in the above mentioned territory is eligible to compete in this contest.

Anyone who desires to vote in this contest may do so by ballots cut from the Daily and Weekly Astorian, or by special vote coupons obtained in the five districts. The trips—one by subscribing to the Astorian. Their each district—the lady standing coupons secured by subscribing to second, will receive the scholarship the Astorian may be held as long as and the third will each receive the desired and voted at any time up to gold watch.

the desired close of the contest, but ballots cut from the Astorian are only good for one week from publication and will not be counted if voted after the date printed on the ballot.

Persons living in one district are not confined to voting for ladies in their own particular district, but may vote for anybody in the race.

The offer affords the girls of Astoria and surrounding territory an excellent opportunity to travel or receive a business education at the expense of the Astorian.

### DISTRICTS.

The districts will be divided as follows: First district will include all the City of Astoria east of Twenty-second street; second district will include all the City of Astoria east of Ninth street to Twenty-second; third district will include all the City of Astoria west of Ninth street to city limits; fourth district will include all the towns in and around Ilwaco and Chinook; fifth district will include the towns of Hammond, Warrenton and Seaside.

### FRANK J. DONNERBERG.

Frank J. Donnerberg, who several months ago opened a handsome jewelry store at 574 Commercial street, has won a reputation that has brought him what is perhaps the best trade in the city. After 16 years' experience in the large jewelry and watchmaking stores of San Francisco and Portland. Mr. Donnerberg came to Astoria and opened a small place at 110 Eleventh street, confining himself largely to repairing watches, and carrying a small stock of jewelry and watches. His customers found him a good watchmaker and discovered they were given fair treatment and patronized him liberally, enabling him to increase his stock rapidly. Mr. Donnerberg is a broad-minded business man, and his up-to-date stock includes all the newest styles which he purchases from New York and San Francisco wholesalers, and his establishment is a credit to the city.

### HOW THE PRIZES WILL BE DISTRIBUTED.

The automobile will be awarded to the young lady receiving the largest number of votes in the five districts. The piano the second grand prize will be awarded to the young lady receiving the second largest vote of the five districts. The trips—one by subscribing to the Astorian. Their each district—the lady standing coupons secured by subscribing to second, will receive the scholarship the Astorian may be held as long as and the third will each receive the desired and voted at any time up to gold watch.

### MEMORIAL DAY AUTO RACE.

DENVER, May 27.—Over a triangular course 32 miles in length, 10 powerful racing automobiles will run on Memorial Day in the first Rocky Mountain endurance race. The machines are to run the measured road 10 times, making a total of 320 miles distance to be traveled. Several of the machines entered have records of 90 miles an hour and surprises are expected in speed and endurance. The first prize is a \$500 trophy and there are second and third prizes also. In addition to the regular officers there will be 100 men strung along the course to keep it clear and guard against possible accidents. Most of the details of the contest will be the same as those prevailing in the Vanderbilt cup race and many of the drivers of the contest have taken part in that contest.

### THE AMERICAN LOBSTER.

300 Choice Lobsters Taken From American Waters to Europe.

NEW YORK, May 27.—An invasion of European waters by the American lobster has been begun. When the Kaiser Wilhelm II steamed for Europe yesterday she carried in her fish tanks 300 choice specimens of the lobster species. The trip will determine whether they can be kept alive until they are landed in Europe. If they are able successfully to undergo the voyage there is good reason to believe a new industry will

be the result. At present the lobster is only obtainable along certain portions of the European coast and for the most part difficult of access and an invasion of the American lobster is likely to be hailed with joy by the epicures of the continent.

The Kaiser Wilhelm's tanks have pipe attachments which supply fresh water with pure air by a patented process and the fact that fish have been easily kept alive in them throughout a trans-Atlantic voyage lead to the belief that lobsters will be similarly preserved.

Another improvement which the Kaiser has undertaken is that of transferring two live frogs to Germany with a view of breeding for the German markets. They were taken from New Jersey swamps and will be placed in Bavarian environs as similar as possible.
