AFTER 99 YEARS THE CURRENCY BILL

Body of Major George Clinton Removed 166 to 144 Democrats Voting Against It

19 GUNS FIRED IN HONOR OTHER BILLS AGREED TO

The Remains Were Escorted From Cemetery to Union Station by Military, Patriotic and Commercial Organizations. After Report Had Been Agreed to Members Vanished and it Was With Great Difficulty That Quorum Had to be Obtained For Roll Call.

WASHINGTON, May 27.—After resting for four years less than a century in the Congressional Cemetery in this city, the body of George Clinton, once Major-General in the Revolutionary Army, first Governor of New York and a former Vice-President of the United States, was today removed to New York City on its way to Kingston, N. Y., for final interment.

Not since the death of President McKinley has a funeral been marked with such elaborately great honors. The remains were escorted from the cemetery to the Union Station by military, patriotic, civic and commercial organizations, representatives of the State of New York and descendants of Governor Clinton. For the first time in the history of military funerals, at the request of the War Department, women participated in the ceremonies incident to the disinterment. General Franklin Bell, chief of staff, U. S. A., was chief marshal of the procession.

The troops assembled at the cemetery and after receiving the casket, the crowd marched with it to the Union Station, where it was received by representatives of various patriotic societies of women. On completion of this ceremony the casket was delivered to the guard of honor. As the body was carried from the spot where it had rested for 96 years to the station, the trumpeters and drummers sounded the general's march, and the United States Marine Band played a dirge. In the meantime a field battery fired a salute of 19 guns in honor of the distinguished dead.

The reinterment will take place in Kingston on May 30 near the spot where Clinton took the oath of office as Governor of New York in 1777. Rev. Roswell R. Hoes, Chaplain, U. S. N., a former resident of Kingston, originated the idea of removing the body of Governor Clinton to Kingston, believing that it should not permanently rest away from the scene of the patriot's activity.

HOSPITAL FUND.

LONDON, May 27.—Lord Mount Stephen, formerly president of the Canadian Pacific Railway who had previously given \$2,000,000 to the King Edward hospital fund has now further given 5,000 shares of the Great Northern Railway Company of the U. S. to the same fund.

WASHINGTON, May 27.—The interest in the proceedings in the House today centered in a report of conferees on the currency bill. After an hour's debate the report was adopted 166 to 140, the Democrats voting against it. Fourteen insurgent Republicans voted with opposition. The debate by unanimous consent was fixed at one hour. After the report had been agreed to, the members vanished and it was with great difficulty that the quorum had to be obtained for by subsequent roll calls.

The conference report on the omnibus, public lands bill and the Senate amendments to the bill granting obsolete ordinance to the various institutions and organizations was also agreed to. After passing the bill revising the tariff laws of the Philippines, placing the agricultural machinery and other articles on free list, the House recessed until tomorrow.

The Democratic Senators spent much of the day in an informal conference among themselves as to the proper course to pursue with reference to the bill and decided upon a conference to be held tomorrow as the best means of affording an opportunity for an exchange of views without binding any one. It was decided to summon all the absent Democratic Senators to return. Practically the only point remaining unsettled is the time when a vote will be taken. No one doubts that the report be developed and the bill carried. As the situation now appears, the time for voting and the consequent final adjournment of Congress depends largely upon Senator La Follette. So far as they have spoken the democrats are inclined to permit final action after a comparatively brief consideration. They simply desire to enumerate what they believe to be objectionable features of the new bill and also point out the supposed inconsistencies of the Republican leaders.

The meeting of the Democrats tomorrow will be a conference and not a caucus there will be no effort to bind the participants. La Follette refused to outline his probable course further than to say he voted against the bill. He was in a conference with the Democratic leaders at different times during the day and his bearing was such as to lead to the conclusion that if the Democrats would agree to fight the measure he would assist them. Aldrich did not expect to speak on the bill except to make a brief statement. An opinion was expressed by Aldrich that the whole bill is more of half faith cure, and that if he added more it is just what the country needs.

"The temper of the Senate seems better now than when the Senate passed the bill in the first place," said Aldrich.

"Even the Democratic senators who were disposed to vote against the bill were anxious to get home and it may be possible to adjourn on Friday."

WASHINGTON, May 27.—The emergency currency law is assured.

ASTORIA'S BIGGEST CLOTHES SHOP

The currency question held its place today as it practically was the only subject of consideration at both ends of the capitol and when both Houses adjourned the compromise bill which was drafted by Republican conferees had received the sanction of the House and has been presented to the Senate where it was announced it would be taken up for consideration tomorrow and where it will also be passed when the vote is reached.

The day began with a continuance of yesterday's conference between the Republicans and Representatives of the two Houses. This resulted in a complete agreement, which being later presented as a matter of form to the Democrats the conferees were shortly after 2 o'clock presented to the House. There it was up to 3 o'clock discussed for an hour and passed.

The House had no sooner recorded its verdict than it was hurried over to the Senate shortly before 5 o'clock with the announcement of the approval of the House. The conference report was read and after reading had been concluded Aldrich announced that tomorrow after routine of business he would move to take up the report and continue its consideration until it was disposed of. In reply to a question by Culberson, Aldrich stated that the Democratic conferees of the Senate and the House had not concurred in the conference report.

MUST BELIEVE IT.

When Well-Known Astoria People Tell It So Plainly.

When public endorsement is made by a representative citizen of Astoria the proof is positive. You must believe it. Read this testimony. Every backache sufferer, every man, woman or child with any kind of trouble will find profit in the reading.

Mrs. E. Nettleblade, 133 Astor St., Astoria, Ore., says: "For a long time I suffered from kidney complaint and would rise in the morning feeling so lame and stiff that it was only with great effort that I was able to perform my household duties. There was an awful bearing down feeling through my hips and loins and many times I suffered so intensely that I

was forced to lie down. The secretions from my kidneys were unnatural in appearance, frequently causing me much annoyance. I finally learned of Doan's Pills and deciding to give them a trial, procured a box at Chas. Roger's drug store. The results that followed their use were very satisfactory. I feel that I can recommend Doan's Kidney Pills with great confidence to other sufferers."
