Golden West Parade

ADMEN ASSIST IN CHEERS

A Number of Astorians Were Honored
Seats on the Grandstand Next
to the Queen Who Was the Daughter
of Governor Chamberlain.

PORTLAND, June 2.—Astoria float in tonight's "Spirit of the Golden West" parade attracted much more attention than any other of the 19 floats. The allegory was the "Gateway of the Columbia" over which was suspended in the mouths of huge sea horses the "Key of the Situation" a huge replica nearly 10 feet in length.

Miss Louise Wise, daughter of Mayor Wise, the lady of honor who rode on the float dressed in a beautiful white costume especially prepared for the occasion.

In the foreground was a handsome yacht in miniature and in this was seated Carl Thomas of Astoria. Back of the great open gateway through which was shown the setting sun, was seated high on the sea a giant Neptune.

A number of Astorians were honored seats on the grandstand next to the queen who was the daughter of Governor Chamberlain.

Members of the Pacific Coast Admen's Association assisted in giving the Astoria float three rousing cheers and a tiger as it passed the reviewing stand.

MOST OPEN DERBY.

Races at Epsom For Stakes Valued at
6500 Sovereigns.

LONDON, June 2.—"The most open derby in 30 years, there were at least ten horses with an equal chance of winning," was the opinion of prominent trainers for the probable outcome of the races at Epsom tomorrow for the derby valued at 6500 sovereigns. In addition to the openness of race the presence of King Edward's colt Perrier among the contestants is a drawing card. There would be tremendous enthusiasm should Perrier win, for it would be the first time Edward as king has won a derby though his colors won when he was the Prince of Wales. A king's horse has never yet won Epsom's classic event.

Two American horses, Norman III, owned by August Belmont and Seasick, owned by W. K. Vanderbilt, will take a prominent part in the race.

John Hays Hammond Decides to Enter
Contest for Nomination.

WASHINGTON, June 2.—After consideration of the suggestion of his Western friends, John Hays Hammond has decided to enter contest for nomination for vice-president on the Republican ticket. Mr. Hammond was in Washington today and it was after several conferences with his political friends that the announcement of his candidacy was made.

INFAMOUS LIBELS.

So Says Theo. P. Shonts Regarding
Son-in-Law's Death to Indulgence
in Opiates.

NEW YORK, June 2.—On his return from Paris today Theodore P. Shonts declared that the reports that his son-in-law, Duc De Chaulnes' death was due to indulgence in opiates were infamous libels. Shonts said the Duke's death was caused by heart disease and that he was not addicted to the use of drugs.

"The Duke and my daughter were kneeling at their bedside in prayer," said Shonts, "when the stroke came that carried him off before medical aid could be summoned."

FIVE MEET DEATH

Car Becomes Unmanageable and
Plunges Over Embankment

AT FAIRVIEW, OREGON

Conductor and Passengers Thrown
Violently Against Seats—Several
Severely Injured by Shower of
Broken Glass from Windows in Car

FAIRVIEW, Or., June 2.—Plunging over a 50-foot embankment at the terminus of the Troutdale-Fairview line of the O. W. P. at 6:15 this morning, a heavy car crashed against a telephone pole head on before the rear trucks had left the rails, throwing the conductor and four passengers with terrific force against the seats and body of car among a shower of broken glass, severely injuring all of them, but none fatally. The motorman, J. H. Toles, escaped injury. The injured:

C. SAULSON, conductor, face bruised, legs hurt.
DR. H. J. HANCOCK, of Sellwood, jaw broken.
L. N. KUMMER, Fairview, head cut and back bruised.
W. W. ASHCRAFT, Fairview, shoulder and back injured.
O. J. JENKINS, Fairview, shoulder injured and body bruised.

The injured were taken to the home of D. F. Buxton, where Dr. J. M. Short, of Gresham and Miss Eva Bristol, a nurse, a grand daughter of Mr. Buxton, attended their injuries.

At the terminus of the road and at the edge of the embankment was a wooden bumper, but this obstruction did not hinder the car. The telephone pole which the car struck prevented it from plunging all the way down the embankment. Motorman Toles says it was his first trip, that he did not know how the road ended and had not been instructed in reference to the terminal.

CHAMBERLAIN STILL AHEAD.

PORTLAND, June 2.—Ninetytwo precincts are complete and 14 incomplete out of 114 in Multnomah they give Chamberlain 9708 and Cake 8988.

BOTH FISH BILLS MAY CARRY

The Law Changing the Time of Voting
From June to November Appears
to Have Carried—University
Appropriation Has Carried.

PORTLAND, June 2.—Governor Chamberlain, Democrat, is choice of the people of Oregon for the United States senate to succeed Senator Fulton. At a late hour tonight Governor Chamberlain led his opponent, Henry M. Cake, Republican, by between 1000 and 1500. Final figures not expected to vary much from this plurality.

Complexion of the next legislature as indicated by the returns will be almost unanimously Republican and it may be lot of Republican Legislature to send a Democrat to the Senate. Already there is consideration talk of defection from the ranks of State-ment No. 1 legislators and not impossible in seven months intervening between now and date of next session of legislature some plan may be devised to defeat Chamberlain and send a Republican to the United States Senate from Oregon. From figures at hand it would appear that there will be about 48 statement No. 1 men in the next legislature, including 17 senators and 21 representatives. It requires 46 votes to elect. From returns at hand it would appear that 19 counties voted "dry", in doubt, four. This is in addition to Benton which is now "dry" and three which went partially "dry."

W. R. Ellis, Republican, re-elected for congress in second district and W. C. Hawley in first. Equal suffrage has been defeated.

University appropriation proposition has carried. It came up to Multnomah county leading behind a little, but Multnomah rallied to its aid to the tune of about 5000 plurality which insures its winning. The Willamette valley counties went heavy against the appropriation. It looks tonight as if both the fish bills are carried.

The proposal to increase the supreme judges from three to five was beaten.

The law changing the time of voting from June to November appears to have carried.

PLATT TO PAY \$2471.

NEW YORK, June 2.—Suit was brought in the supreme court today against Senator T. C. Platt by a law firm to recover \$471 which plaintiff claimed it had paid for debts contracted by Mrs. Lillian Janeway Platt shortly before her separation agreement with Platt in 1906. Plaintiff alleges that Platt was to pay all bills incurred by his wife prior to their separation.

CLOSE RACE.

Both Sides Claiming Victory, Majority Undetermined.

DES MOINES, June 2.—At midnight the incomplete returns of today's primary elections indicate a close race for Republican senatorial nomination between Allison and Cummins. Both sides claiming a victory by 1000 to 20,000. Majority cannot be determined until the official count tomorrow. The Democrats nominated Horter, a former candidate for governor to be the candidate for United States Senator.

A FAR CRY.

CHICAGO, June 2.—English may be a dead language in 4,000 A. D. according to Professor Fred Newton Scott of the University of Michigan. In an article on "A Substitute for the Classics" in the school review issued yesterday by the University of Chicago press, professor Scott intimates that Timbuctoo will be the world capital and that Bantu will be the common language. English is superior to Latin and Greek, but inferior to Bantu, he declares.

F. KOHLER'S SPEECH

Chief of Police of Cleveland at
Detroit

ARRESTS HAVE DECREASED

Convention of the International Association of Chiefs of Police at Detroit, June 2—Says Wholesale Arrests Do No Good.

For many years I have given confused study and some not very enlightening observations to the numerous arrests made for minor offenses. I could not see that these wholesale arrests did any good. The number did not diminish; it increased, and I find that the arrests not only did not produce good results, but did harm. They brought disgrace, humiliation and suffering to countless innocent persons in no way responsible for the acts of a thoughtless, careless, mischievous, or even, if you will, malicious first offender.

I finally concluded that it was our duty not to help these unfortunates on their downward course, but to save them. It seemed to me it was up to the police to learn to know the difference between a thief and a mischievous man or boy. And why not? I decided to experiment. I determined my policemen use their best human instincts. I propose my men should exercise that discretion which the judges don't always exercise.

Every misdemeanor and crime was dissected and we decided together just how far the policies were to be applied. Juveniles were never to be placed in city prisons. They were to be taken home or their parents sent for and the child turned over to them with a warning for parental correction. Intoxicated persons were to be taken or sent home unless it seemed necessary for the protection of their lives or their property to confine them until sober.

The force was shown how by constantly carrying out this policy they would save many hours in court, a matter of great importance to officers

JOURNALIST DEAD.

CHICAGO, June 2.—William H. Welch, founder of the Western Newspaper Association and first publisher of the Des Moines Leader, died at his home here, following an attack of apoplexy last night.

Twice during Mr. Welch's management of the Leader the paper's plant was destroyed by fire. Subsequent to the second fire, 25 years ago, Mr. Welch established the Western Newspaper Union. Two years ago he retired from active administration of its affairs and sold its controlling interests. A widow, four daughters and a son survive.

RARE DISTINCTION.

CHICAGO, June 2.—William Hammond Hubbard said to be the first person to hear the human voice reproduced on the telephone, died yesterday at Lake Forest, Ill. He it was whom Alexander Graham Bell, the inventor of the telephone, in the late '70's selected to aid him in making tests for the scientific discovery that has revolutionized the world. Mr. Hubbard was 50 years old. His death was the result of long illness that several years ago compelled him to retire from active life. It was as a student in Harvard that he was chosen by the noted inventor to assist him in the work of perfecting his wonderful invention. He was graduated from Harvard in 1879. He was intensely interested in scientific work and he came an active member of the Geographical Society.

WHOLESALE HOLD-UP.

SAN FRANCISCO, June 2.—One after the other, in quick succession, two street cars of the Kearney Street Line were held up at their terminus at Bethel and Powell Streets early this morning by two men in black masks who compelled the car crews, at the point of revolvers to turn over to them nearly \$70.

The holdup was skillfully planned and both men worked with an easy daring and lack of nervousness that characterized them as old hands. Conductor A. S. Birch and Motorman Frank Johnson of car 130 were the first victims and, after they had been allowed to go on their way, Conductor H. R. Cocker and Motorman Con Rowley of car 1135 were relieved of \$30 in fares.

JUDGE IS JUDGED.

SCIENCE OF INFANT CARE

Kindergarten For Young Mothers—
Splendid Purposes Founded on Unfailing Methods—Hundreds of
Trained People In It.

NEW YORK, June 2.—Physicians and representatives of fifty hospitals, charitable and municipal organizations, nurseries and diet kitchens banded themselves together at a meeting held at the Department of Health to cooperate with health commissioner. Darlington, in a campaign against mortality among infants this summer. Every agency, known to medical and sanitary science will be employed to reduce the death rate in the next four months.

According to the plan adopted each bureau will be divided into districts so that there can be no overlapping of territory. As many milk depots, physicians and nurses as needed will be supplied to each district. It was also decided to issue cards of instructions to mother, which it is said will be radically different from those sent out before. The cards will be distributed by thousands.

Besides giving explicit instructions on the feeding, clothing and bathing and necessity for fresh air for babies, the card will give the location of the milk depots in each district recreation centers, recreation piers, hospitals and all other agencies for the assistance of the mothers.

The campaign of education is to begin at once. More than eighty nurses will be employed who will hunt out every home in the city where there has been a birth since April 1 and begin instructing the mother how to care of her children. The nurses in each district will learn to know the mothers and keep in such close touch with each that the moment a baby becomes ill they will be ready to give the best treatment known for its recovery. It is expected that the services of more than sixty physicians will be needed in addition to nurses.
