## A WOMAN DELEGATE THE FEDERAL COURTS

The Only One to Have a Seat at the Convention in New York Close for the Summer

MRS. LUCY CLARK OF UTAH 45,000 APPEALS PENDING

It is Declared She Also Will be the Only Woman Who Ever Had a Vote in a Republican National Convention.

CHICAGO, June 16.—The only woman who will have a seat on the floor of the republican convention as a regular delegate came to Chicago yesterday. She is Mrs. Lucy A. Clark of Brigham City Utah, and it is declared she also will be the only woman who ever had a vote in a republican convention.

Mrs. Clark came to this city merely as an alternate delegate. Three hours after her arrival, the Utah delegates went into caucus. Then it was found that one of the regular delegates, C. E. Loose, of Prove City, wouldn't come to the convention. Thereupon the vacant position was allotted to Mrs. Clark as a regular delegate.

Mrs. Clark is the daughter of one of the early Mormon pioneers and is an ardent woman suffragist.

Ex-committee man of the National League of Republican Clubs and avowed champion of President Roosevelt for a third term, yesterday issued a statement declaring that President Roosevelt would be placed in nomination, that his acceptance or rejection being "purely a question of relationship" he could do nothing but accept and arguing that his nomination would mean among other things, "The election of the republican ticket by an unprecedentedly large majority. The carrying by substantial majorities of North Carolina, Virginia and Tennessee; the election of every republican nominee for governor north of the "Solid South" the sure return to the house of representatives of a large majority of republicans; the sure election of republican majorities in the legislatures of those northern states which will next year choose U. S. senators and the overwhelming nomination of New York state by the republicans.

Senator Smoot of Utah declared that the delegation from his state will vote for Roosevelt if the president's name is placed in nomination. The Utah state convention indorsed Roosevelt but the delegates were uninstructed.

### Will Cure Consumption

A. A. Herren, Finch, Ark., writes: "Foley's Honey and Tar is the best preparation for coughs, colds and lung trouble. I know that it has cured consumption in the first stages." You never heard of any one using Foley's Honey and Tar and not being satisfied.

### WILL COUNSEL PATRICK.

Who is Convicted of the Murder of Marsh Rice.

NEW YORK, June 16.—With the statement that he had consented to act as counsel for Albert Patrick, convicted of the murder of William Rice, William L. McDonald, an attorney, has made public Patrick's complaint and application to obtain liberty on a writ of habeas corpus from the federal courts. McDonald and Patrick were class mates in the University of Texas. He has visited Patrick at Sing Sing and will have legal aid in the fight for the imprisoned lawyer's freedom. Patrick charges a conspiracy to rob Rice of more than \$3,100,000 in his complaint and denounces those connected with his conviction. He says in part:

"That participating in such conspiracy in addition to those specifically named, were and are many persons of wealth and high standing and official professional, social and political influence, and in the present degenerate oligarchy, non-republican, arbitrary and current government of said state, disrespect for law, disregard of human rights, low state of public morals, individual helplessness and supineness, it is wholly impracticable for your complainant to obtain any redress, hearing or just conclusion of law fact from the state officers or tribunal, and an emergency exists which makes relief by the federal courts imperative."

No More Customs Cases Will Be Heard by the Courts Until October—Millions of Dollars Tied up Pending Final Tariff Differences.

NEW YORK, June 16.—With the closing of the Federal Courts for the summer, so far as tariff litigation is concerned, nearly 45,000 appeals by importers are now pending on the suspended files of the Board of United States General appraisers. No more customs cases will be heard by the courts until October.

Most of the issues now pending are those arising under the present or Dingley Tariff, although a few questions under the tariffs of 1890 and 1894 are before the courts for final determination. The explanation of present conditions is said to lie in the fact that the federal courts are in no position to devote their entire time or even a small part of it to the adequate hearing of questions wholly irrelevant to the tariff, such as bankruptcy, admiralty, Civil and General miscellaneous issues.

While official figures are not obtainable, it is believed that several millions of dollars are tied up pending final tariff differences by the courts, while much American capital which might be used profitably is held back until it is determined whether the rates on certain lines of imports will warrant home manufactures of the foreign products, while existing condition of affairs in customs litigation have caused renewed discussion of a measure introduced in congress two years ago for the establishment of a customs court. The bill was drawn up by one of the members of the Board of appraisers and provided that all tariff cases shall be brought before the tribunal for determination. In certain instances, however, appeals could be prosecuted to the supreme court of the United States.

### The Best Pills Ever Sold.

"After doctoring 15 years for chronic indigestion, and spending over \$200, nothing has done me as much good as Dr. King's New Life Pills. I consider them the best pills ever sold," writes B. Y. Ayscue, of Ingleside, N. C. Sold under guarantee at Charles Rogers & Son's drug store. 25c.

The dull feeling in the head which is not quite an ache, but bad enough to make one miserable, can be driven away by Lane's Family Medicine, the best cure for headache.

### TO PREVENT HYDROPHOBIA.

NEW YORK, June 16.—Administration of treatment for prevention of hydrophobia to three dogs is going on at the Pasteur Institute here—an innovation, it is said in the institution's practice and believed to be the first experiment of the kind tried here. One of the dogs is a prize bull dog, belonging to Captain C. L. J. Frohwitter of the Eighty First Co., Coast Artillery, at Fort Schuyler, which was bitten by a stray animal at the Post. Captain Frohwitter, in an effort to save his pet, has got the institute to undertake the treatment. Two other dogs taking the treatment at the institution are likewise valuable specimens—a French poodle and a great Dane, belonging to residents of Oyster Bay, where a mad ran wild a short time ago. None of the dogs seems to mind the treatment, which consists of the injection of a teaspoonful and a half of anti-toxin three times a day. The treatment will continue for nine days. Soldiers executed seven other dogs bitten at Fort Schuyler by the same animal which had attacked the captain's prize bull dog. They were all "mascots" and the post is mourning for its lost pets.

No medicine has ever done more towards warding off grip and pneumonia and relieving the distressing grip cough than Kemp's Balsam, the best cough cure.
