THE LACE INDUSTRY

Miss Caroline Amari Returns to New York

WILL CONTINUE HER WORK

To Keep Alive the Talent Inherited From the Ancient Lace Workers in the New York School—As in Italy.

MISS HARPER LIKES ASTORIA

SAYS WEATHER HERE CAN'T BE EXCELLED, WHEN IT DOES NOT RAIN.

Miss Georgia Harper met several old-time friends in Astoria yesterday who called on her at the Astoria theatre last night and chatted over old times. A delightful companion is Miss Harper and she is very fond of thinking and talking about things away from the stage, as well as matters directly connected with her theatrical experience, which for a woman of her age is very extended. She is very fond of all the people who surround her in her work and the whole company is like a big happy family of children. They joke and laugh at the many little incidents that occur behind the footlights, which goes far in making things pleasant for herself and the company.

Don't Heat the Kitchen

All the necessary family cooking may be done as well on a New Perfection Wick, Blue Flame Oil Cook-Stove as on the best coal or wood range.

By using the "New Perfection" Oil Stove, the annoyance of an overheated and stuffy kitchen is entirely avoided, even in midsummer. The construction of the

NEW PERFECTION

Wick Blue Flame Oil Cook-Stove

is such that the heat is thrown directly upward against the kettle or pan upon the stove top, without affecting the atmosphere of the room to an appreciable degree.

You can at once see the advantage of this stove over a great range which throws heat in all directions—it is the ideal summer stove.

If your dealer does not have the "New Perfection" write our nearest agency.

The **Rayo Lamp** is substantially made of brass, body nickel-plated and very handsome. Gives a powerful light and burns for hours with one filling. Portable, safe, convenient—just what every home needs. If not with your dealer, write our nearest agency.

STANDARD OIL COMPANY
(Incorporated)

WATERFRONT NEWS YESTERDAY

ASTORIA IRON WORKS GETS CONTRACT FOR BIG BOILER FOR THE CALLENDER COMPANY.

A contract has been awarded to the Astoria Iron Works by the Callender Navigation Company for the construction of a Scotch marine boiler to be installed in the Melville, flagship of the Callender fleet. The boiler will be 12 feet long, nine feet in diameter costing \$5000, of about 600 horsepower, and the largest of its kind ever manufactured on the Columbia river. It is to be done within four months.

The Potter made her first trip down from Portland yesterday, and left out from Megler's about 3 o'clock on the return trip. She will not touch here on her daily trips.

The steamer Alliance arrived in yesterday morning from Coos Bay with freight and passengers.

The gasoline schooner Rose cleared yesterday, Astoria to Newport, for the summer.

The oil tank steamer Maverick arrived in last evening on her way to Portland.

The Santa Rita, oil tank steamer, left out yesterday morning.

Steamer Homer arrived in yesterday from San Francisco to load lumber.

ACADEMY OF THE HOLY NAMES

THE GRADUATING EXERCISES WILL BE HELD AT LOGAN'S HALL TONIGHT AT EIGHT O'CLOCK.

The Sisters and many pupils of the Academy of the Holy Names are today busily engaged in making preparations and arrangements for the graduating exercises of the Academy of the Holy Names to be held at Logan's hall tonight, commencing at 8 o'clock. The hall will be beautifully decorated with flowers and greens of many kinds, and will present a delightful sight to the large attendance that promises to be present. A splendid program, both musical and instrumental, will be participated in by pupils of the Academy, and quite a number of graduated students will be awarded diplomas. During the evening Father Waters will deliver a short address to the classes.

Those to receive diplomas in the various courses are: In business writing: Miss Frances Glanz, Miss Ruth Paulsen, Miss Henrietta Glaser, Miss Grace Anderson and Miss Hilfred Frederickson. Diplomas for those graduating from the commercial course will be granted as follows: Miss Nola Anstadt, Miss Hilfred Frederickson, Miss Henrietta Glaser, Miss Catherine Kelley, Miss Eva Davich, Miss Francis Glanz, Miss Gertrude Jackson, Miss Emily McVicar and Miss Ruth Paulsen. A grammar grade certificate will be awarded to Miss Clara Johnson, of Hammond, Oregon. The only pupil to receive the conferring of academic graduating honors is Miss Irene C. Riley.

The program will be presented as follows:

"In the Arena".....Pianos
J. Lynch, I. Chisholm,
K. Seafeldt, V. Lovell.

PERSONALMENTION

G. W. Shelly from San Francisco is in the city.

W. H. Coats, a resident of Detroit, Mich., is registered at the Occident.

F. L. Palmer arrived in Astoria yesterday from St. Paul.

H. R. Thomas was among the arrivals from San Francisco yesterday.

J. West, a resident of Clatsop, is in town registered at the Occident.

Sister Andrew, Superior of St. Mary's Hospital, returned yesterday from Portland where she has been attending the graduating exercises of the St. Vincent's training school and incidentally attending to other matters of business connected with the hospital.

Miss Zella Stevens a nurse at the hospital returned from Portland where she was one of the graduates of the St. Vincent training school in that city.

Al Utzinger of Seaside was in the city yesterday. He reports he will engage in business at Gearhart Park this summer.

Dr. A. A. Finch left last night for Medford, Ore., for a 10 days' trip.

Miss Emily Thatcher of Salem is visiting her sister, Mrs. Jack Ryan in Astoria.

FOOD FISHERIES

WASHINGTON, June 24.—The British embassy has informed the department of state of the appointment of Samuel T. Bastedo as the British commissioner of the International Commission which is to thoroughly investigate the food fisheries of the waters between Canada and the U. S. with a view to reporting on a code of laws for their preservation. The commission was provided for in a treaty ratified at the last session of the senate.

New York is too far from Japan; San Francisco is nearer.

STORK AHEAD OF TIME.

Many Personages Late Who Should be Present at Birth.

LA GRANJA, Spain, June 24.—The son who was born to the Queen of Spain came before he was expected and as a result many of the personages, including the Bishop of Segovia, whose duty it was to be present on the occasion did not reach the palace in time.

King Alfonso presented the infant formally to the courtiers who had gathered in the throne room at a quarter after 2 o'clock this morning. This ceremony took place in the throne room and in the meanwhile a salute of 21 guns was being fired outside the palace. King Alfonso drafted the forms of a telegram to the chiefs of state telling them of the event, after which he retired.

At 1:30 this afternoon the ceremony of inscribing the birth of the child on the state register took place in the throne room in the presence of the king, members of the royal family, the cabinet and a large gathering of civil dignitaries and military authorities. The baby was registered under the name of Jaime Alexander Jean.

A nurse has been summoned from Santander. In the meantime the queen is nursing the infant.

JOHN D'S AUTOBIOGRAPHY.

Will be Published in a New York Magazine.

NEW YORK, June 24.—John D. Rockefeller, according to an announcement made yesterday, has decided to give to the world his own story of his life. It will be published serially in an New York magazine beginning in October.

"I have come to see," Mr. Rockefeller said to the publishers in explanation, "that my family and friends want some records of things which may shed light on matters that have been somewhat discussed. It is right that I should yield to their advice and in this informal way go over again some of the events which made life interesting to me."

Mr. Rockefeller's autobiography is to be published under the title of

NEW YORK, June 24.—All in America who are interested in the old world industries and the prevention of their utter loss by the merging of immigrants into factory workers are interested in the work of Miss Caroline Amari, a patroness of the Women's Industrial work of Italy and doctor of Scula Industrie Italiani in New York who has just returned to this city from Italy to continue her work in the New York school. About two years ago a lace industry was started at the Richmond Hill settlement house by a New York woman, who had at heart the welfare of the Italian women in this country. The idea was to revive the industry as it had been done in Italy where schools were opened to keep alive the talent inherited from the ancient lace workers whose beautiful work may be seen from time to time in exhibitions.

Only the best patterns were used which were copied from Gothic and Renaissance sources and the result was the Burano Lace of modern production. A committee headed by Huena Marghetta, with the headquarters at Rome, has been formed.

Miss Caroline Amari came to New York in the winter of 1896 to organize a school similar to those already flourishing in Italy. Miss Amari brought with her patterns of all styles and a number of genuine antique pieces which were lent for the inspiration of the workers. These patterns were used as samples in the New York schools and are copied there and the New York patterns have already been put on exhibition at Milan and shown at the Italian schools. The conditions under which the work is done are as favorable as possible to the comfort of the workers. The work room is cheerful as well as warm, clean and well lighted. The teacher who is an Italian understands the dispositions of her pupils and is an encouraging and helpful instructor. Wages are paid during apprenticeship and girls earn from \$6 to \$8 a week at the regular work and considerably more when they have become especially skilled.

WOULD EXCLUDE AMERICANS

Mexican Railroad Employees Will Organize Union.

CITY OF MEXICO, June 24.—The Mexican Herald, publishes a story this morning to the effect that railroad employes throughout the Republic of Mexico are planning the organization of a union which will have for its sole aim the exclusion of Americans from connection in any capacity with the various roads.

TREATMENT OF RABIES.

New Pasteur Serum For the Treatment.

NEW YORK, June 24.—Dr. Rambaud of the Pasteur Institute of this city, recently returned from Europe with a supply of the new Pasteur serum designed for the treatment of rabies cases of a more advanced nature than had previously been possible to combat successfully. An opportunity to test it has already been presented to test it. Andrew Bell, a confectioner of Worcester, Mass., was bitten on the right hand by a stray dog on March 30. The dog bit other dogs and was then shot. This week Mr. Bell was informed by the chief of the cattle bureau of Massachusetts, Augustin Pierce, that one of the bitten dogs had rabies. He advised Mr. Bell to take treatment at once and the Worcester man hastened to the Pasteur Institute here. He has received his first inoculation of the new serum, prepared by Dr. Rambaud of Paris.

SMALLEST DONKEYS

NEW YORK, June 24.—Probably the smallest oriental donkeys that ever came to this country were landed from the Hamburg of the Hamburg American Line which came in from the Mediterranean. They were consigned to David N. Goodrich, a retired rubber merchant of this city who has a country home at Mount Kisco and who will take them there for breeding purposes. The donkeys are native of Sardinia and 15 of them were put on the Hamburg at Naples.

Festoons Flags

and all kinds of Decorations for the **FOURTH** at **Svenson's Book Store** 14th and Commercial St.

Off the stage, as well as on, Miss Harper is the same sweet little woman, who, when she makes a new acquaintance, it's ten to one that he, or she, is her friend for life. It's this fine personality and magnetism that has won her many friends.

It was evidently one of these admirers who has not been fortunate enough to meet Miss Harper, that sent a beautiful bouquet to her over the footlights after the first act last night, and who was too modest to even make himself known by attaching a card. Miss Harper says her plans now are to remain in Astoria throughout the summer.

W. R. Ward, of Dyersburg, Tenn., writes: "This is to certify that I have used Orin Laxative Fruit Syrup for chronic constipation, and it has proven, without a doubt, to be a thorough, practical remedy for this trouble, and it is with pleasure I offer my conscientious reference." T. F. Laurin, Owl Drug Store.

LETTER CARRIERS HERE SATURDAY

STATE CONVENTION OF THE POSTOFFICE MEN WILL BE CONVENED IN ASTORIA.

The letter carriers of the State of Oregon are to hold their annual convention in Astoria next Saturday and a large representation of the men who deliver the mails is expected.

The local postoffice men have made preparations to receive and entertain the guests and Astoria may look forward to this convention as one of no little importance.

Multnomah county alone will send 13 delegates, and there was considerable rivalry in their selection, as the visit to Astoria is looked forward to as a welcome outing by the Portland carriers.

Among those attending the convention from Portland will be F. P. Holm, state vice-president, and E. G. Burns, state secretary. All matters pertaining to the welfare of the letter-carriers and to the betterment of the service will be discussed at the annual convention. The organization of letter carriers now extends throughout the nation. The Oregon state officers are: President, C. C. Henderson of Eugene; vice-president, F. A. Baker, Salem; secretary-treasurer, E. Burrows, Portland; executive board, F. A. Baker, J. E. Torbet and F. E. Taylor.

NEW TO-DAY GOOD WOOD.
