Hyde and Schneider Claim Their Liberty Was Bartered

VERDICT WAS AGREED TO

Both Declare the Jury Had Planned Their Verdict by Mutual Agreement by Which Freedom of Two Was Obtained.

WASHINGTON, June 27,-Misconduct of the jury after the case was submitted to it, amounting to a barter of the liberty of Frederick A. Hyde and Jost H. Schneider, of San Francisco, to effect an agreement upon a verdict, is alleged by Hyde and Scneider, recently convicted of conspiracy to defraud the government of public lands, as an additional assignment of reasons for a new trial.

This supplemental reason, made public in the criminal court today, charges that the verdict was the result of an agreement among the jurors that if some of their number who held a different view would agree to convict the two men, other jurors would vote to acquit Benson and diamond. The defendants say that jurors who

were in favor of convicting Benson were told that if they would join in a verdict of acquittal as to him, those in favor of acquitting Hyde would vote for conviction, and that if those who thought all four men suspended, was yesterday indicated should be convicted would vote to acgeneral acquittal would vote to convict Schneider.
