On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by Frank Hart and leading druggists.

### ELKS ARRIVING AT DALLAS

DALLAS, Texas, July 11.—Evidence is to be seen at every turn in Dallas today that the great national convention and reunion of Elks is at hand. Although the grand lodge does not begin its sessions until Monday, an estimated attendance of twenty-five thousand visitors is already here. The local stations report that the arrivals today will break the record. The Dallas Elks doing escort duty are having a hot time. While many diversions are furnished the visitors, the delegates are already engaged in a lively contest for the election of officers and the selection of a place for next year's convention. Los Angeles is one of the early bidders for the 1909 reunion, but there is abundant evidence that she will have several strong rivals.

The grand lodge will be opened in the great auditorium at the Fair Grounds with a musical program, and addresses, and elaborate entertainment in the afternoon and evening. The big parade comes on Friday. While the delegates are engaged in their sessions, many entertainments have been arranged for other visiting Elks and their ladies.

### BISHOP M'QUAID'S 40TH ANNIVERSARY.

ROCHESTER, N. Y., July 11.—Owing to the state of Bishop McQuaid's health there will be no elaborate celebration tomorrow of the fortieth anniversary of his consecration to the episcopate. Bishop McQuaid is now in his eighty-fifth year and is the oldest member of the Roman Catholic hierarchy in America. On the occasion of the recent visit to Rochester of Cardinal Logue, the venerable bishop overtaxed his strength and has not been well since. Owing to his advanced years his condition is regarded as somewhat critical.

Bishop McQuaid is the first Roman Catholic bishop of this city, having been consecrated July 12, 1868. He has held pastorates in New Jersey and for some time was rector of the Newark Cathedral. He is the founder of Seton Hall College and Seminary, and for ten years was its president.

Especial attention has been paid to the agricultural and livestock exhibits though other lines of activity have not been neglected. Amusement features are numerous and of a high class and during the coming week there will be a great band tournament, a race programme and other entertainment features.

### BIG SAVING

The Housewife can save a large amount from her grocery bills by canning almost everything she uses the entire year around, and have it with that fresh taste—as from garden or orchard, and she knows that her meat is free from bacteria; free from ptomaine poisoning, as well as her vegetables and fruits.

### HOW? WHY?

Can the Economy Jar do all This? Because the Economy uses no Rubber Ring. All other jars use rubber rings, which in time decay, become porous, leak air, and spoil and mould the contents.
