HOUSE WORK

Thousands of American women in our homes are daily sacrificing their lives to duty.

In order to keep the home neat and pretty, the children well dressed and tidy, women overdo. A female weakness or displacement is often brought on and they suffer in silence, drifting along from bad to worse, knowing well that they ought to have help to overcome the pains and aches which daily make life a burden. It is to these faithful women that

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

comes as a boon and a blessing, as it did to Mrs. F. Ellsworth, of Mayville, N. Y., and to Mrs. W. P. Boyd, of Beaver Falls, Pa., who say: "I was not able to do my own work, owing to the female trouble from which I suffered. Lydia E. Pinkham's Vegetable Compound helped me wonderfully, and I am so well that I can do as big a day's work as I ever did. I wish every sick woman would try it."

FACTS FOR SICK WOMEN.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been the standard remedy for female ills, and has positively cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, dizziness, or nervous prostration. Why don't you try it?

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

RETURNING PROSPERITY

Conditions throughout the country point to an early return of prosperity. Bank clearings, and railroad earnings are below those of a year ago, but the gap is steadily narrowing. There are fewer idle cars than there were at the beginning of June. The July interest and dividend payments this year in New York, the country's financial center, will be \$177,000,000, as compared with \$184,000,000 in July, 1907. Thus the falling off is far less than had been expected. About \$46,000,000 of gold has been exported since the present outward movement began in the middle of April, but as we gained over \$100,000,000 of gold in November and December last, and as we can get as much as we need from the outside world at any time we may need it, this movement does not disturb anybody. The rates for money are about the same as they are in midsummer or normal years.

"Re-employment days" are becoming general. St. Louis had one on June 1st, when 15,000 idle persons were put to work. On a far larger scale the Pittsburgh district will have one on July sixth, when every plant of the United States Steel Corporation, the largest concern in the world in its field, will resume operations. The other shops of that corporation, all over the country will, it is expected, all be running by August first. All the independent steel concerns in the Pittsburgh district, it is announced, will be at work with a full force by the first week in August.

The Department of Agriculture in Washington says the crop outlook is better, on the whole, than it ever was before at this time of the year. It estimates that the value of the country's farm products of 1908 will reach the \$8,000,000,000 mark. This will leave all records far behind. It will be more than double the value of the farm yield of 1900, which was \$3,764,000,000. Big crops have always heretofore meant good times for the country, and they will mean the same this year.—James W. Van Cleave, President National Association of Manufacturers, in American Industries for July.

The Daily Market Report

PORTLAND, July 13.—The outlook west of the Cascades in this state is for an immense crop of both potatoes and onions this year, and for potatoes at least the chances are that fair prices will prevail when the time for marketing the product comes. In the eastern part of the state the spud crop has suffered severely on account of the dry weather of the last few weeks, and the indications are for a lighter output there than usual. It is yet too early to make any predictions as to the onion market this fall and winter. The demand for fancy butter continues strong at the prices that have prevailed for some time, and instead of a surplus, a scarcity of the best grade is reported in some quarters. City creamery is active and dealers in country creamery say it is difficult at times to fill orders for the best brands. The fact that a good deal of cream is frozen during the hot weather in a large way accounts for the situation.

IT'S ALWAYS BAD.

The Best of Backs Are Bad When They Ache, and Astoria People Know It.

A bad back is always bad.

Bad at night when bedtime comes, just as bad in the morning.

Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

William McLarty, living at 16th and Washington streets, Oregon City, Ore., says: "I had persistent backache and pain through the loins that seemed to never let up. At night I could not find a comfortable position or get any restful sleep on account of the continual aching and as a result, I lost energy. I learned of Doan's Kidney Pills curing others of similar troubles and I procured a box. By the time I had used half of one box, there was so much improvement that it seemed almost unnecessary to take any more, but I finished the box to make sure of a permanent cure."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
