TO REBUILD PULLMAN.

Mammoth Shops And Town To Be Razed.

CHICAGO, Aug. 15.-The Record Herald today says: Pullman's mammoth shops are to be razed and rebuilt upon a remodeled scale for the express purpose of the manufacture of steel palatse cars.

Plans which are to be put into immediate operation and which have been in process of making for a half a dozen years, call for revolutionizing of the method of building the Pullman rolling stock. To accommodate the greatly enlarged shops and the new style machinery which is to be installed, the area of ground occupied by the Pullman shops is to be increased to the extent of 60 acres. Work on the re-making of the city of Pullman and its predominant industry would now be under way but for the financial flurry last winter. The report which gained general credence in railroad circles among the financiers yesterday was that the Pullman officials had arrived at the point where immediate and rapid perfection of the plans had so long been in abeyance is at hand.
