ILWACO

Andrew Pakkala and family of Raymond, Wash., returned Friday. About a year ago Mr. Pakkala was proprietor of the Finnish boarding house here.

Mrs. Ekerson and son returned Friday to their home in Portland after a visit of a couple of weeks with Mr. and Mrs. H. H. Unruh.

Mrs. A. E. King and children, accompanied by her mother, Mrs. Warner, returned Friday to their home near Oregon City, after a visit of a few weeks with Mr. King.

Mr. and Mrs. Averill of Fort Canby spent Friday afternoon in Ilwaco.

Miss Nell Williams visited with her friend, Miss Alvina Petterson, at Long Beach, for a short time Friday. She returned on the afternoon train.

Isaac Belknap, deputy sheriff of Chinook, spent Friday in Ilwaco on business.

Saturday morning, Mr. and Mrs. J.

E. Kelly and daughter, accompanied by Miss Mabel Hughes, went to Long Beach, where they will make a stay of a week or more before returning to Ilwaco.

Friday evening, one of the most enjoyable features of the season, in the form of a hayrack party, was given by Emanuel Porter and Miss Cora Hawkins to a large number of their friends. Those who attended report a splendid time and their only regret is that such good times do not come oftener.

Mr. J. A. Hybarger took a fishing party out on the bay, Friday afternoon, in his gasoline launch. They anchored near Fort Canby, where the fishing is the best, and returned in the evening with several strings of tom-cods.

Owing to the extremely warm weather in Oregon and Washington, people have begun to arrive, at the beach in larger crowds than ever before. The boarding and rooming houses report a flourishing business this season, just as good if not better than the preceding year.

homes or places of business were destroyed by the mob by establishing a refugee camp which is guarded by a regiment of state militia. About three scores of persons availed themselves of this protection. Loper whose restaurant was destroyed because he assisted the sheriff in spiriting away prisoners, left with his family today for a resort in Michigan. In common with other property owners who suffered loss at the hands of the mob, Loper was notified by the insurance companies today that his policies were rendered void by the riot clause. Under the statutes, the city and county are each responsible for the property losses and special assessments will be levied to cover the damages.

The death list was raised to four by a second negro lynching which is reported to have occurred tonight. This negro was William Donegon, who was strung up to a telegraph pole at the corner of Spring and Edward streets by mobs of such large proportions that the firemen and police who responded at the first alarm were unable to handle it.

This lynching occurred within two blocks of the capitol, where Governor Deneen sat in his office. He immediately gave orders to the troops to scatter the crowd at all hazards. The mob broke before the cavalry. Simultaneously with the lynching, a disturbance occurred in front of the armory, where the mob gathered and threatened to storm the building in which were housed a number of negroes. The infantry company then charged the mob with bayonets and dispersed them.

troops on hand, the Governor during the evening ordered out the second regiment of the National Guard and ordered the seventh regiment to hold itself in readiness. Both of these are Chicago regiments.

After the infantry company had dispersed the crowd alarms were frequent. They seemed to come from everywhere. Camp Lincoln, where large number of fugitives were sheltered reported the reappearance of the mob and asked for more troops. General Young, after consulting with Governor Deneen ordered the camp abandoned and the negroes brought to a new arsenal. Spaulding, a suburb, seven miles from here, where there are many black coal miners, telegrapher the Governor that the blacks are threatening retaliatory measures. General Young promptly dispatched a company to the place. These were samples of the disturbing messages constantly reaching headquarters at the county jail. Force which had seemed at first more than adequate melted in process of detailing the guards until it became apparent that further reinforcements necessary. This led to the calling out of the Chicago troops. Report is circulated that two mobs dispersed earlier in the evening had formed a junction and were proceeding by circuitous route to Twentieth and Monroe street, proved to be without foundation. The situation of the negroes here is pitiable. Those who have courage to remain show their care plainly. Ten waiters at the Leland Hotel were compelled to leave. They appeared of violence and the hotel feared damaged to their property if they remained.

Adjutant-General Scott tonight estimated fully 300 colored folk have fled from the city whose proudest boast is that it was the home of the great Emancipator. With the arrival of the second regiment, General Young will have more than 3000 troops and declared that tomorrow he will have the affairs in order.

The leader of the mob which wrecked Loper's Cafe last night is claimed by the police, is definitely discovered to have been a woman. She was arrested and gave her name as Kate Howard. The detectives who searched the prisoner's house say that they discovered table linen and silver belonging to Loper. It is said the crowd last night feared to enter the cafe until the Howard woman appeared. With her arm flung in the air and shouting she dared the men to

TO SEE RACES, \$2.
And Still There Is No New York Betting.

NEW YORK, Aug. 15.—The racing campaign in the Metropolitan district, opens again today at the Empire City track, Yonkers, where a two week's meeting is scheduled.

New improvements will greet the patrons, while the general rate of admission of \$2, with the joining of the grand and field stands, has met with general approval. Stabling room has been increased to accommodate 600 horses. Another improvement which is certain to be appreciated by turf men as well as patrons is the use of the new chute, constructed at the far end of the first bend for races to be run at three quarters of a mile. Heretofore the races were started on the turn of the track, which was both dangerous and unsatisfactory. The track

President James Butter has issued specific instructions to the special policemen at the track to enforce all laws, especially those relating to the prohibition of betting.

Today's racing will be the only conflict with the Saratoga track which closes its season this afternoon. A majority of the turfmen and racegoers left the Saratoga course yesterday which will augment the crowd at the Yonker's track.

THEY CRITICISE PRESIDENT.
Peace Advocates Don't Like Idea Of Big Navy.

MYSTIC, Conn., Aug. 15.—President Roosevelt and some of his policies were severely criticized because of the "barracks policy" as it is known in Europe, which requires the

enlargement of the army and the building of a big navy, by the speakers at the forty second annual meeting of the Universal Peace Union at Peace Grove here yesterday. Dr. William I. Hull of Swarthmore, Pa., who attended all of the sessions of the second Hague conference in his address on "Limitation of Armament," referred at some length to the proposal that the nations come together and appoint an international board. Dr. Hull quoted Admiral Evans and President Roosevelt to the effect that a large army and navy are necessary to preserve peace and indignantly denied that this was so.

Rev. Scott F. Horsey, of Newcastle, Pa., ridiculed the idea of the United States having to go to war with Japan and criticized Congressman Hobson for "Going up and down the country making a disturbance about this matter."
