BRIEF TALES OF THE TOWN

Marriage Licenses—

Three more licenses to marry were issued yesterday, as follows: Matti Kempainen and Miss Anna K. Kekkonen; and Eskel Heikkila and Miss Liina Karponen; and Edwin Makinen and Miss Karoliin Panttana.

Final Hearings—

Orders for final hearing in the matter of the estate of Ernest E. Ferguson was made in the probate court yesterday, Monday, October 5 being the day set. Final hearings were also ordered for the same day in the estates of Fannie C. Ferguson and Wylton C. Ferguson.

Parade Awards—

Awards were made as follows in the parade of the opening day: For the best decorated automobile, Dr. Estes, the prize being a pennant; the Exempt Firemen also being given a pennant for the best appearance of any organized body in the parade. A prize of \$60 was given the Maccabees for their showing.

Idle Rumor—

There was a rumor floating about the waterfront yesterday morning, that the body of young Sullivan, the high diver drowned from the British ship Donna Francesca on Thursday last, had been recovered, but diligent inquiry failed to establish any facts in relation to him; not even that his brother, who was due to arrive here yesterday, has put in an appearance.

It Was Admirable—

There are plenty of people who know, in this city, quite frank to say that the management of the Regatta grandstand this year was the best in many a Regatta season. There was less confusion, less trouble of all sorts, and better order and safety and quietude there and in that vicinity, than has been known for a long time, and these same people are quietly, but cordially, thanking the Regatta committee for the results attained.

Mr. Gilbert Home—

Rev. Wm. S. Gilbert has returned from Cannon Beach and will occupy his pulpit both morning and evening today. He reports heavy rains at the beach; almost fatal to all in tents. A great many people have been at Cannon Beach this summer. The air there is full of railroad talk and every thing indicates that this beautiful beach will be the resort of the future. The A. D. Garner family and Mr. Gilbert's family will return Tuesday.

Broke Store Window—

One of the show windows in the tailor shop of A. Sipola, on Commercial street, was broken last night while the crowds were thickest. Just how it happened is not definitely

known, though from all accounts two soldiers from Fort Stevens and a Japanese were principals in the matter. It was the Jap—or it may possibly have been a Chinese—that went flying through the window. A moment later all of the parties directly interested had disappeared. Mr. Sipola was later notified of the broken window.

Will Continue Trains—

General Agent G. B. Johnson, of the A. & C. railway said yesterday that he had just received notification from headquarters that the Saturday afternoon special train to Seaside, and the Sunday special to Portland, will be continued until September 12-13; and that train No. 24, through to Seaside at night, would be kept on the schedules until the 30th of September. Asked if he had been advised of any special rate to the Oregon State Fair, September 14-19, he said he had heard of nothing in that line as yet.

Bad Saloon Fight—

A bad fight was reported in an Italian saloon near the Parker House restaurant last night. A crowd of the Italians became involved in a quarrel and started to settle it by means of a general knock-down and drag-out fight. Beer bottles and knives were freely used and several of the men were badly cut. When the police heard of the affray the principals had gone their several ways, probably looking for surgeons to sew them up, and no arrests were made.

Met Wrong Man—

While Police Officer Linville was just about to speak to his wife on Commercial street last night about 10 o'clock, a passerby stepped up and at close range threw a handful of confetti directly into the officer's face. Some of the bits of paper entered his mouth and strangled him for a second, but he recovered in time to see the man still standing there with a pleasant smile on his face. To him it apparently was a great joke to thus insult a police officer. Officer Linville reached out and with his open palm knocked the fellow down, and then gave him a kick that made him nearly turn a summersault.

A Fine Example—

river country came into the city yesterday morning with as fine a specimen of rhubarb as was ever seen in the county of Clatsop. The leaf was 36 inches long, and 33 wide, and the stock was 18 inches long. She took it up to the C. L. Dow institute at the new court house, where it was filed as one of the real exhibits of the day and season. It went far to show what a Clatsop garden can do when run by a woman who knows exactly how to run it.

Ran Over His Leg—

In the crush and confusion of the day, yesterday, during the early afternoon, the one and only accident of this Regatta season, occurred on Commercial street, when the carriage carrying a contingent of the Queen's court, had the misfortune to run over a little lad by the name of Deane Bowers, the five-year-old son of Mr. and Mrs. J. F. Bowers, of 2232 Commercial street. The boy was not able to dodge the rig owing to the crowd that hedged him in, and fell under one wheel, which bruised his right leg badly but most happily did not break it. He was carried to the offices of Dr. A. A. Finch, in the Merwyn block, and that gentleman soon had him in shape to be taken to his home, where, last evening, he was reported as resting easily.

Are Old Friends—

Tom Richardson, manager of the Chamber of Commerce at Portland, after participating in the ceremonies at the city hall in connection with the Saengerfest parade, spent most of the afternoon with Mr. Whyte, of the local chamber of commerce. Mr. Whyte and Mr. Richardson are old-time friends and have been together in various cities. "We are old friends," said Mr. Richardson, "and our fathers were and our mothers were before us." Mr. Richardson is a man who is accustomed to doing things and under his management the Portland Chamber has accomplished great and lasting work.

Spoiled His Suit—

It remained for Mr. John H. Whyte, manager of the Chamber of Commerce, to be the first member of the Regatta committee, to get his immaculate suit soiled. Mr. Whyte got blood on it. Last night, as he was going to the Saengerfest in company with friends he saw a man striking and otherwise maltreating a young woman—a young girl, in fact. According to the accounts of the matter that were told about the streets last night Mr. Whyte remonstrated, and in a moment blows were exchanged. The rowdy who was maltreating the girl got the pummeling that he richly deserved, and it was from his bloody face that Mr. Whyte got his sprinkling of blood. The fellow made his escape in the crowd and the police were not able to ascertain his identity.

Positive And Peremptory—

The following positive and peremptory order emanated from the headquarters of the Baby Show Committee yesterday evening, signed by the chairman, Frank J. Carney, and his co-conspirator, H. F. Prael, and was sent via the constabulary, to every man who went through the tortures of the inspection and judging of babies on Thursday; and those of them that are not down with nervous prostration, obeyed it: "You are hereby directed to assemble at Ford & Stokes' hall at 8 o'clock this, Saturday evening, to participate in Macbeth's Wild West Parade and Circus. Carriages have been provided for the use of the Baby Show committee, and any failure to attend and report will result in a fine of \$250, to be collected forthwith."

Fruits And Flowers—

One of the most popular features of the entire Regatta has been the agricultural and flower display in the basement of the court house, and again yesterday hundreds of people called to see the flowers and the farm products. The number of visitors for both days was really surprisingly large, and this seems to demonstrate pretty thoroughly the interest that is taken in such matters. Yesterday it was decided to give many a chance to see these exhibits who failed to do so during the Regatta days, and therefore the place will be kept open

Barrington Hall
The Steel Cut Coffee

Is just pure Mocha and Java prepared in a new way. The coffee berry is cut up (not ground) by knives of almost razor sharpness into small uniform particles. Thus it is not crushed, as by the old method of grinding, and the little oil cells remain unbroken. The essential oil (food product) cannot evaporate and is preserved indefinitely. This is one reason why a pound of Barrington Hall will make 15 to 20 cups more of full strength coffee than will any coffee ground the old way; why it excels all other coffee in flavor and why it will keep perfectly until used.

But the main thing about Barrington Hall Coffee is that it can be used without ill effect by those who find ordinary coffee injures them, because the yellow tannin-bearing skin and dust (the only injurious properties of coffee) are removed by the "steel-cut" process. A delicious coffee not a tasteless substitute.

today, both during the morning and afternoon. The exact hours, however, have not been announced, but presumably from 9 or 10 o'clock on. A considerable number of new products were added to the agricultural display yesterday, some very fine specimens being brought in, and quite a number of handsome flowers were also put in the floral exhibit. Mr. Dow now feels that he has enough of the farm exhibits on hand to make a respectable showing at the state fair, and says it will be one that Clatsop county need not be ashamed of. The agricultural display is to be a permanent one in the basement of the court house, except when taken to the state fair at Salem, and Mr. Dow believes that he can fit up very

Honored The Mayor—

The United Singers, of the great Saengerfest, stole up on the home of Mayor and Mrs. Wise, last night, at

midnight, and broke in upon their dreams with several splendid serenades, which were profoundly appreciated by all at that home, including Queen Hattie, and to which the mayor made suitable response in his usual happy vein.
