THE WEATHER

Oregon—Fair. Washington—Showers. Idaho—Fair in south, probably showers in the north.

THE NEW POLICE CHIEF.

The farther the appointment of the successor of Police Chief Gammal can be kept from politics, and the closer it can be allied to civic regulation of the most mandatory sort, is what the people of Astoria are looking for at the hands of the police commission.

We do not know whom it will be, nor do we care, so long as it is a man that commands the full respect of the community and its confidence as well. There is no post in municipal affairs that needs backbone and quick action as this one does.

A CRYING DERELICTION.

There is no use attempting to qualify the situation that calls for the exact and permanent establishment of the grades of Astoria. The engineering department of the city and the common council might as well go up against this cardinal demand and meet it squarely as to dawdle along further with the incongruities and blunders that are committed constantly and which the future must remedy.

The grades south of the A. & C. Railway track, along the whole frontage are conspicuously low from five to eight feet, at least, to Franklin avenue, and something must be done in this behalf before we can expect anything big and tangible to be done here.

Private interests must not be permitted to sway this situation any longer; it is too large a question to hang upon the whim or plan or convenience of any one man or group of men.

TAX-RECEIPT AND BALLOT.

The law in its wide sweep for equal justice, has so devised its mandates on suffrage, as to range the idler, the bum, the non-taxpayer, directly alongside the home and business owner and the actual taxpayer, with full and effectual rights at the polls and upon all elective propositions.

The present swine building on the Oregon State Fair grounds at Salem has a capacity for showing 200 head of fancy porkers, but it is learned that additional room will have to be provided for the increased number of porkers that will be on display at the fair during the week commencing September 14, next.

If the Republicans of Missouri will cast their full vote they will have the pleasure of giving the electoral eighteen of the state to Taft, and of attending in January the inauguration of Governor Hadley.

Venezuela has handed passports to Holland's diplomatic representative at Caracas. Castro is now almost alone in his glory, and may show his Indian blood by scalping the last of the foreign representatives.

Refrigerated state rooms are to be added to new steamers in the New Orleans-Caribbean line. When St. Louis gets to be an inland seaport a midsummer run to Panama will be popular.

It is only in St. Louis and Kansas City that the state primary made work for the grand juries. By a coincidence, Mr. Cowherd's plurality is similarly located.

Health kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease.

THE WORLD OF POLITICS BECOMING AGITATED

STATE AND NATIONAL AFFAIRS ARE OPENING UP—PRECEDENT ELECTIONS AND SIGNS.

MIDDLE WEST INDICATIONS

Congressional Pointers From Nevada, Nebraska, Michigan, Louisiana and Wisconsin—There is Nothing Yet of Certainty.

LINCOLN, Neb., Sept. 2.—Returns up to this morning at 2 o'clock on Tuesday's primary election show that three Democratic candidates for governor are running much closer together than expected.

DETROIT, Sept. 2.—At midnight the Republican nomination for governor was still very much in doubt. Michigan's first primary election for governor and lieutenant-governor resulted on the Republican side, in an extremely close contest between Governor Fred M. Warner and Auditor General J. B. Bradley.

TONOPAH, Neb., Sept. 1.—When the Democratic state convention assembled tonight it immediately began to argue over the report of the committee on credentials and the fight over this document lasted until midnight.

NEW ORLEANS, Sept. 1.—In the sixth congressional district the returns received up to a late hour tonight in the Democratic primary show that Robert C. Wickliffe is leading in the race in that district for the nomination for Congress.

In the seventh congressional district Representative A. Jujo and William Folk are running close, with the former slightly in the lead. Oliver O. Provost is at present leading the other candidates for the one vacancy in the supreme court.

MILWAUKEE, Sept. 1.—Returns from the primary elections throughout Wisconsin indicate that United States Senator Isaac Stephenson has received the indorsement of the Republicans of the state by several thousand plurality over his three opponents—Samuel A. Cook, Francis G. McGovern and William Hatton.

The Democrats have endorsed Neal Brown of Wausau, over Melvin A. Hoyt of Milwaukee. Governor James O. Davidson received the Republican gubernatorial nomination and J. A. Aylward has defeated Adolph J. Schmitz to head the Democratic state ticket.

HELENA, Mont., Sept. 2.—It has just been announced here by T. J. Walsh who headed the Montana delegation to the national Democratic convention at Denver, that the members of the delegation have contributed \$1500 to the Bryan campaign fund.

FORT WORTH, Tex., Sept. 2.—Samuel Gompers, president of the American Federation of Labor, last night opened his campaign for the

The General Demand

of the Well-Informed of the World has always been for a simple, pleasant and efficient liquid laxative remedy of known value; a laxative which physicians could sanction for family use because its component parts are known to them to be wholesome and truly beneficial in effect, acceptable to the system and gentle, yet prompt, in action.

In supplying that demand with its excellent combination of Syrup of Figs and Elixir of Senna, the California Fig Syrup Co. proceeds along ethical lines and relies on the merits of the laxative for its remarkable success.

That is one of many reasons why Syrup of Figs and Elixir of Senna is given the preference by the Well-Informed. To get its beneficial effects always buy the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists. Price fifty cents per bottle.

Democratic national ticket. He began with a defense of unionism and referred to the question of strikes, saying the strike was a weapon of labor to be used only in cases of extreme necessity.

He closed with an appeal for every man present, regardless of political affiliation, to vote for Bryan.

CROOKSTON, Minn., Sept. 2.—W. J. Bryan brought his speech-making tour of the northwest to a close last night by a brief address at this place from a platform of his car. A large crowd had assembled at the depot to greet him on his arrival, shortly after 10 o'clock.

WEDS BANDIT LOVER.

Famous Member of Dalton Gang Marries in Oklahoma.

CHICAGO, Sept. 2.—A dispatch to the Inter-Ocean from Bartlesville, Okla., says: Emmet Dalton and Mrs. Julia Lewis were married here last night. Only a few months ago Dalton was pardoned from the Kansas penitentiary, where he was serving a life sentence for participation in the raid on the Coffeyville, Bank, more than 16 years ago.

Julia Lewis is the widow of Ernest Lewis, who died in a bloody fight with United States Marshals Keeler and Williams last November.

The romance between Dalton and Julia Lewis began twenty years ago, when the latter was the daughter of "Texas" Johnson, and lived with her parents near the Kansas line, 18 miles north of Bartlesville. She and Dalton were about the same age and they rode races, practiced shooting with rifles and rode their ponies to dances within 30 miles of the Johnson house.

He was sent to the penitentiary and never saw his former sweetheart until he was released last winter. She wrote to him frequently and spent a great deal of her time working to gain him a pardon.

EXTENSION COMPLETED.

CHICAGO, Sept. 2.—The coast extension of the Chicago, Milwaukee & St. Paul Railway now is completed for half the distance across the state of Washington, according to a telegram received yesterday at the company's head offices from H. B. Williams, president of the Chicago, Milwaukee & St. Paul Railway of Washington. The road is now in operation as far west as Butte, Mont., and Idaho trains are being run over a new stretch of track from Plummer to St. Joseph, about 100 miles.

Cured Hay Fever and Summer Cold.

A. J. Nusbaum, Batesville, Indiana, writes: "Last year I suffered for three months with a summer cold so distressing that it interfered with my business. I had many of the symptoms of hay fever, and a doctor's prescription did not reach my case, and I took several medicines which seemed to only aggravate my case. Fortunately I insisted upon having Foley's Honey and Tar in the yellow package, and it quickly cured me. My wife has since used Foley's Honey and Tar with the same success." T. F. Laurin, Owl Drug Store.

One of the worst features of kidney trouble is that it is an insidious disease and before the victim realizes his danger he may have a fatal malady. Take Foley's Kidney Cure at the first sign of trouble as it corrects irregularities and prevents Bright's Disease and diabetes. T. F. Laurin, Owl Drug Store.
