CRAFT ARRIVING AND DEPARTING IN AND FROM ASTORIA
—AND THEIR MASTERS, MEN AND MESSAGES

The handsome little pleasure launch "Lady Marie," commanded by Captain Charley Johnson and carrying one passenger beside, crossed in yesterday from Coos Bay, after a quick passage of 22 hours, the fastest time ever made on a sea trip by an open boat of her class. He did not experience the slightest trouble nor delay, but was glad to get in all the same. The "Lady Marie" will wend her way up the Columbia and the Willamette today, bound for the metropolis.

The Portland-Astoria-San Francisco liner Rose City is due to leave out for the Bay City from the O. R. & N. piers here at 4 o'clock this afternoon. Among her passengers will be Mrs. Dr. M. B. Staples, of the Capital City; and Mr. and Mrs. I. Bergman, of this city, who go to Golden Gate to attend the golden wedding of Mr. and Mrs. A. Bergman, a brother of Astoria's memorable ex-mayor.

The schooner Seahome's crew will be paid off at the custom house today, and the vessel will retire to the classic waters of Bryan's Boneyard, where she will find plenty of good company, worse luck!

The good ship Berlin went up the river to Goble yesterday on the hawsers of the O. R. & N. steamer Oklahoma where she will discharge her salmon cargo and go into winter quarters.

The fine old Roanoke got away from the Callender dock here early yesterday morning with a good passenger list and plenty of general cargo.

The steamer Spencer came down with more freight than people yesterday, discharging 40 tons of mixed stuff at the Callender. Gus Schoenbacher was a passenger for Skamokawa when she pulled out.

How little it is! How little it adds to the weight of the cup! It has covered the sea with ships for a hundred years.

DIKING PROPOSITION AT COUNCIL MEETS ONLY TO ADJOURN

WHAT ENGINEER HEGARDT IS DOING WITH THE 1100 ACRES HE PURCHASED.

Before he left the city yesterday G. B. Hegardt the well known civil engineer, who was here on business connected with the proposed seawall amendment to the Astoria charter, talked pleasantly and cheerfully of his own fine project of diking Tenas Illihee Island, in the Columbia, opposite Clifton, purchased from the late Clark Carnahan early in 1907, a venture he and a partner are prosecuting steadily and successfully.

The island contains 1600 acres of land which involves six miles of diking, two miles of which have been completed, the dike having a 30-foot base and a 10-foot crest. Mr. Hegardt says that every foot of the frontage has been and will be divested of roots, snags and all substances likely to rot out and leave hollows that may be invaded by the tides to the detriment of the work of reclamation, the whole system being deeply ditched on the inside.

He is sanguine of making the property, which cost him \$11,000, worth many times its cost by reason of the skillful and careful work they are devoting to it; and the completion of this work, along with several other parallel ventures in that neighborhood, will be certain to benefit Astoria by reason of the splendidly productive acreages that will supply this market with the finest of marketable fruits and vegetables, etc.

Mr. Hegardt has the best wishes of a lot of people down this way for ample and genuine success in the undertaking, since it is, in a measure, the pioneer effort made in this territory.

BOOTH COMPANY FAILURE NOT FELT HERE

MANAGER FREDERICK BARKER ANNOUNCES RECEIPT OF ORDERS THAT LOCAL BUSINESS BE CONDUCTED AS USUAL.

The reported failure of the well-known fish house of A. Booth Company, of Chicago, with branch offices and plants over the country, including a fine cannery and docks in this city, was read with astonishment and regret in this city yesterday, since the general public had no knowledge of any conditions that predated such a business issue.

As soon as possible a reporter for the Astorian called on Manager Frederick Barker for the company in this city and asked for a statement in relation to the matter, to which request Mr. Barker complied by handing over a telegram, just then at hand, from F. R. Robbins, of Chicago, treasurer of The A. Booth Company, and one of its largest stockholders, to the following effect:

"Continue business, as usual, under receiver's name. Ample funds will be furnished immediately for the conduct of the business," which, Mr. Barker thought, and rightly, was ample answer to the query propounded. He said also that the status of the Astoria house was on the credit side of all its balances, owing no one and its current obligations entirely adjusted including fishermen and all help, a state of affairs he was glad to report to his own people as well as to Astoria friends.

GERMAN MANEUVERS OVER.

ST. JOHANN ON THE SAAR, Sept. 11.—The Autumn imperial army maneuvers held this year in Alsace-Lorraine came to an end this afternoon. Emperor William has expressed himself as highly gratified by the work done by both sides.

The main object of imperial maneuvers is instructional rather than practical. The authorities really attach as much importance to the effect that these operations on a gigantic scale have upon the populace as to the experience gained by the soldiers themselves.

SEAWALL AMENDMENT STATED TO HAVE NOT BEEN QUITE IN READINESS TO SUBMIT

The common council last night met only to adjourn. The principal object of the session was to receive the final report of the charter amendment committee on the bulkhead matter, and inasmuch as it developed that the amendment was not quite ready to leave the hands of the attorneys the session adjourned, to meet again in regular meeting on Monday week.

That this delay will be viewed as not an unmixed evil will probably be the thought of many. Hard as have the members of the committee worked on the provisions of the bill, and naturally anxious as they are to advance their work, nevertheless this delay will give many a chance to look into the completed measure and learn really what it is.

At the meeting Thursday night it was constantly urged that the matter be at least delayed for a time.

WILL WED HIS NURSE.

Aged California Physician Thus Expected To Repay Young Woman.

LOS ANGELES, Sept. 11.—Brought to death's door by the excitement incident to a court trial in connection with land frauds in Oregon, Dr. David M. Goodwin, 75 years old, a long time resident of this city, is determined to wed Miss Mary A. King, his faithful friend and nurse. Miss King obtained a marriage license at the courthouse yesterday. She stated that the marriage was the urgent wish of the aged physician, who was believed to be near death.

Miss King was very reluctant to discuss her approaching marriage with the aged physician, but she admitted that the wedding would take place as soon as Dr. Goodwin rallied from an unusually severe spasm of pain. She refused to state the time at which the marriage would occur, claiming that it depended upon the instructions from his physician.

Friends of the old doctor say that his wish to marry the woman who has been his constant attendant is for the purpose of leaving her what remains of his once large fortune. He is said to have lost a fortune in the failure of the California Box & Lumber Company, several of whose officers were indirectly implicated in the Oregon land frauds.

FINGER PRINTS INSUFFICIENT.

One Judge Deems This Method Of Identification Not Conclusive.

NEW YORK, Sept. 11.—The finger print method of identification by which the police have been cataloguing their women prisoners lately failed to satisfy Magistrate Corrigan in the night court last night. A woman who gave her name as May Curtis was arrested as a disorderly person. Detective Watson declared that she was the same woman who had been twice arrested last June under the names of Maud Allen and Rose Allen. He showed a record of finger prints.

Magistrate Corrigan quipped at the papers under the magnifying glass. "They look alike," he said, "but they have points of difference also to my mind. These things are not conclusive enough for me. I will give her the benefit of the doubt and place her on probation."

STOPS THE COINAGE.

Bankers Find A Fault In The New \$20 Gold Pieces.

San Francisco, Sept. 11.—After coining \$430,000 in \$20 gold pieces of the latest design, the local mint, acting under orders of the treasury department, has stopped work on the coins and is awaiting the arrival of new dies which are expected to correct a fault discovered by local bankers. With one ground of complaint eliminated by the restoration of the "In God We Trust," motto, the public has manifested no hesitation in accepting the new double eagles, but the bank tellers complain that the coins will not stack in such manner as to be accurately counted when they are handling both old and new coins. After several bank balances had been reported seriously inaccurate, report of the matter was made to Washington and the order to stop coining was the result.

SHE SHOT TO KILL.

Colorado Young Woman Fires Into A Crowd of Revelers.

CRIPPLE CREEK, Colo., Sept. 11.—Armed with a rifle, Miss Annie Coplen of Gillette, 12 miles from here, fired as rapidly as she could into a group of men who were making a disturbance in front of her mother's home last night.

As a result Robert R. Young, operator of a cyanide plant at Gillette, was wounded in the head and will not live. Wilbur Rand was shot in the left leg.

Miss Coplen was brought to Cripple Creek. Her mother declares that the girl fought a battle with the men and won the victory.

According to the mother's story the men were shouting and singing and the girl stepped out upon the front stoop and requested them to desist. One of the men, the girl declares, fired at her. She immediately secured a rifle and returned to do battle. Every bullet she fired found a mark. As soon as the two men fell the others fled. Half an hour later the young woman was arrested by a deputy sheriff.

Young is married and has three children.

BROOKLYN PRIMARIES.

NEW YORK, Sept. 11.—Republican primaries were held throughout Brooklyn last night, delegates to the state convention at Saratoga next week being elected in all of the 23 assembly districts. The results were for the most part negative so far as an expression of sentiment for Governor Hughes was concerned. In but one district, the fifth, were the delegates instructed to vote for Governor Hughes for renomination. In the ninth a resolution embodying instructions for Hughes was offered, but was overwhelmingly voted down.

"MONTANA" LOSES OUT.

NORFOLK, Va., Sept. 11.—The new armored cruiser Montana, just back from her speed trials off Rockland, Me., has come to the Norfolk Navy Yard for repairs to her port engine, which is reported to have broken down in the tests during which she made only 21 knots an hour when it was expected she would make between 22 and 24 knots an hour. Following repairs to the Montana she will, it is said, become flagship of a new fleet of some 12 armored cruisers and battleships, including the North Carolina, Idaho, Mississippi and Iowa.

SWINDLED THE KING.

Albert's Defalcation Involves the Danish Crown.

COPENHAGEN, Sept. 11.—M. Alberti, the ex-minister of justice, who is under arrest here, charged with extensive frauds, yesterday filed a declaration of bankruptcy. It is believed that his whole estate will not realize more than \$300,000.

It is rumored that King Frederick is among the creditors, having invested \$400,000 in the savings bank of which Alberti was president. The King is said to be deeply affected, having placed the greatest confidence in Alberti's integrity. The foreign diplomats have sent long reports of the affair to their government.

J. M. McCormack of Chicago Tribune Gives Views on Campaign.

NEW YORK, Sept. 11.—Chairman Hitchcock at the national headquarters today introduced to the visiting newspapermen J. Medill McCormack of the Chicago Tribune, who gave his views on the political situation in the west. He said there will have to be a great deal of work done "All down the line," in order to make the central and western states safe for Taft. The organization perfected by Bryan has been underestimated said McCormack who added that all of the democratic forces are striving harmoniously in Bryan's interest.

DEMENTED PAYMASTER.

PARKERSBURG, W. Va., Sept. 11.—James C. Mills, paymaster on the cruiser Chicago, became suddenly insane yesterday at the Hotel Monroe in this city where he was a guest. His home is in Roadsville, Ohio.
