ROCHESTER, N. Y., Sept. 16.—Nominating all but one of its candidates by acclamation and adopting a platform which arraigns the administration of Governor Hughes and pledges earnest support to the Denver platform and candidates, the democratic state convention today nominated as the head of its ticket for governor the present lieutenant-governor of the state, Lewis Stuyvesant Chanler, of Dutchess county. All opposite to Mr. Chanler disappeared after a conference of the state leaders, which occupied a greater part of last night.

Secretary of State John Whalen, Controller Martin H. Glynn and State Treasurer Julius Hauser were renominated by acclamation.

Attorney-General George Palmer, by acclamation.

Albert Haight, of Erie, was nominated for Associate Justice of the Court of Appeals. Judge Haight is also the Republican nominee.

State Engineer and Surveyor—Phillip P. Farley, of Kings.

After Senator Gore, of Oklahoma, had addressed the convention it adjourned without date.

A night of conferences looking to the selection of a democratic state ticket was followed this morning in the few hours before convention time by the further consideration of the leaders of a tentative ticket which has been drawn for ratification by the delegates.

William F. Sheehan, of New York, made an effort to secure the selec-

tion of D. Cady Herrick, of New York, for Governor, and held numerous conferences with county leaders. Meanwhile Mr. Murphy and the Tammany leaders talked of one candidate and then another, but gave no indication of committing themselves to any man.

STAND PAT CHARGES DENIED BY CANNON

Speaker Makes Two Addresses at Republican State Campaign in Kansas

INDEPENDENCE, Kas., Sept. 16.—Speaker Cannon made two speeches today at the opening of the Republican state campaign in Kansas. At the afternoon meeting Cannon said he had been accused of being a "stand-patter." Two years ago he and Congressman Campbell had a conference with President Roosevelt and he insisted then was no time to bring on the tariff fight in Congress, that it should be stayed off till conditions were more favorable. He helped stave it off and yet he is the only one to get the blame. At the meeting tonight Cannon made defense of the

house rules, declaring the rules of the present house have been substantially the rules of the house under the control of all parties for more than a generation. The speaker said it was a question of the highest privilege for the representative at any time to offer resolution deposing speaker of the house. He declared that the speaker is the only officer of the government who can be so arbitrarily deposed. Instead he said, of speakers being in control of the house, the house is in complete control of the speaker and without sustaining force of majority of its members he is powerless to influence its action.

ROCHESTER, Sept. 16.—The speech by Colonel Bryan, the democratic candidate for president, in this city tonight, "On Mr. Taft and his scares," and two overflow talks, formed the climax of an eventful day in the present campaign. Principal speech was in Convention hall which was packed to the door, with several thousands outside unable to secure admittance. Bryan was accorded a great demonstration.

Bryan's journey through the Empire State was a triumphant one. Everywhere along the line immense crowds turned out and greeted him with cheers, handclapping and waving of flags and banners. At each place a speech was insisted on and when he got through for the day he had spoken 17 times. He never lost an opportunity to flay both Roosevelt and Taft. HAVOC FOR STRAW HATS.

NEW YORK, Sept. 16.—There was a big smash in Wall Street yesterday. Fully 1,000 straw hats went down to ruin. September 15 is the date set by the financial district for the end of summer head gear and numerous brokers who ventured into the region of the bulls and bears in defiance of the rule soon saw "straws" look like a naval practice target. Although there was less demolishing of hats on the stock exchange than in former years the curb change as well as the lower corridor of the produce exchange, kept up the precedent in good shape.
