**SHERMAN PLEADS.**

Sherman Addresses Large Meeting At Danville Ill.

DANVILLE, Ill., Sept. 30.—Last night four members of congress, one of whom is the republican vice presidential nominee, James S. Sherman, delivered addresses pleading with the voters of this section to re-elect to congress Speaker Joseph G. Cannon, who has been their representative for thirty-five years. Special trains brought hundreds of people there from nearby points to near the speechmaking and see the huge torch-light parade. Some time ago the bishops of the Methodist Episcopal Church in this district united in an appeal to the voters to defeat Mr. Cannon for re-election, charging he refused to let the Littlefield bill relating to interstate commerce in liquors be reported out of committee for passage at the last session of congress. The rally tonight was devised for the purpose of strengthening the speaker's position in his home district. Congressman Jas. S. Sherman delivered his speech to a great audience and repeated it later to a huge overflow meeting. Congressman Nicholas Longworth of Ohio, Wm. B. McKinley of Champaign, Ill., and Warfield Wilson of Chicago, also spoke.

CARSON, Nev., Sept. 30.—Two convicts, Davis and Lane, were yesterday found missing from the crew of men employed grubbing brush on State land opposite the prison and a search was at once instituted. News of their escape was telephoned to the state police and they were immediately dispatched to the prison. It is the belief of the officers that the men are in hiding in the ditches there or heavy brush taking their chance of escaping detection until darkness of the night when they will attempt to make good their escape.

Davis comes from Elko County and is serving a sentence of 12 years for attempted murder and Lane hails from Goldfield for six years for burglary.

Large Musical Comedy Company Will Be Seen at  
Astoria Theatre Friday Evening

After record runs of 221 nights in Chicago, four months in Boston and 14 weeks in New York City, at the Majestic Theatre, the "Isle of Spice" described as a piquant musical mixture, has been meeting with great success on the road, and will be seen at the Astoria Theatre tomorrow night. The entire company, principals and chorus, numbering over 60 people, that were responsible for the phenomenal success it attained in the cities mentioned, together with the scenery, costumes and sensational electrical effects, will be seen here. A perfectly drilled army of musical supernumeraries, youthful, pretty of face, graceful of movement and exquisitely costumed, fill the scenes continually, it is said. Lights and all the other accessories of brilliant stage surroundings dazzle the eye, while the music tickles the palate,

and the comedy pleasurable excites the risibilities.

Although there are nearly twenty musical numbers in the piece, it has been said that there are more popular song hits in the "Isle of Spice," than in any other musical comedy or comic opera ever written. Among them may be mentioned: "The Goo Goo Man," "Peggy Brady," "Silly Sailors," "You and I," "Ching Ling Fong," "Take Me Home," and "How Can You Tell Till You Try," the latter rendered by a quartette of clever singers. The music is by Paul Schindler and Ben M. Jerome, while the book and lyrics were written by Allen Lowe and George E. Stoddard.

The production is under the direction of H. H. Prazee and has everywhere been received with an appreciation that at times has approached extraordinary enthusiasm.

REPRESENTING EAST-  
ERN CAPITAL.

William T. Forsythe, of Philadelphia, arrived in this city yesterday and is the guest of Engineer F. L. Evans, of the Astoria, Seaside & Tillamook electric lines. Mr. Forsythe is the gentleman who has been expected here in the interest of this venture and of the syndicate he represents in the East, and will spend a week or more in going over the entire proposition in detail, with a view to reporting upon the situation

as he finds it, in due time.

He is a wide-awake, Eastern operator in these properties and his word goes with the capitalists whom he stands for in such investigations as he is making in this instance. He is apparently very much pleased with the Astoria country and was introduced yesterday to the leading men of the city, and especially to those gentlemen who are sponsoring the project her.

In course of a conversation with a representative of the Morning Astorian yesterday, Mr. Forsythe, speaking from a supervisory standpoint said there was no doubt the money needed to start construction in this enterprise could be had here within 60 days if all things answered the estimates put upon the proposition by its projectors; and to this end he will go deeply and explicitly into every detail of it and make a comprehensive report to his people. What he does he intends to do as quickly as possible,

**MRS. BRYAN WAS EXPELLED.**

NEW YORK, Sept. 30.—A special to the World from Brockton, Mass., says:

It is said that the fact has never been published, that Mrs. Wm. J. Bryan before her marriage to Mr. Bryan was once expelled from school on account of taking a carriage ride with Mr. Bryan. The Rev. Julian S. Wadsworth, pastor of the Central Episcopal Church of Brockton, accompanied them on that memorable ride. The future Mrs. Bryan was then attending Jacksonville Presbyterian Academy in Illinois. It was while Bryan and Wadsworth were students at Illinois College in Jacksonville. She was later reinstated and became valedictorian of her class as did Mr. Bryan of his.

He will go over every inch of the system with Mr. Evans, who will expedite the trip and make it as pleasant as possible for his guest, using an auto' whatever possible, and placing Mr. Forsythe in possession of the last atom of available and essential information to be had.

**COURT DECIDES**

(Continued from page 1)

In a general way the judges had reached their decision on the fact that they did not consider the nature of complaint itself sufficiently definite and certain to permit the granting of the relief asked. Attorneys for the government were well pleased with the outcome of the case and declare the action of the court practically sustains the contention of the president that congress has the right to enact statutes for the regulation of railway traffic.
