ASTORIA THEATRE.

Every class of theatrical offering appears to have its followers. Some crave Shakespeare and the classics, some the morbid problem play, others the farce, some tragedy, some comedy, but everyone, almost without exception, loves the Minstrel show. There appears to be some responsive chord, a sort of telephatic sympathy, between the Merry, Merry Minstrel and humanity difficult to understand, and still more difficult to describe. But that such a feeling exists is amply proven by the large houses that always greet a minstrel company of known reputation and worth. Richards & Pringle's Famous Company, the largest minstrel organization upon the road, undoubtedly the best, and by far the oldest, have been making people laugh for 30 years—over a quarter of a century.

You of the younger generation ask your grandfather the first minstrel company he can remember, and

he will probably tell you Richards & Pringle's.

This company's age and popularity is remarkable, yet easily explained.

They have always endeavored to give the best minstrel show on the road, and have always treated the public fairly and honestly. The public in turn have learned to rely upon them, and have faith in their promises.

They will appear at the Astoria Theatre on Saturday matinee and night, October 10th.

For Chronic Diarrhoea.

"While in the army in 1863 I was taken with chronic diarrhoea," says George M. Felton of South Gibson, Pa. "I have since tried many remedies but without any permanent relief until Mr. A. W. Miles of this place persuaded me to try Chamberlain's Colic, Cholera and Diarrhoea Remedy, one bottle of which stopped it at once." For sale by Frank Hart and leading druggists.

AFTER THE CAPTAINS.

Officers Of Star Of Bengal Swear To Charges Of Cowardice.

SAN FRANCISCO, Oct. 3.—During the official inquiry into the wreck of the ship Star of Bengal, which went ashore off the coast of Alaska two weeks ago, direct charges of cowardice and desertion were made against F. Farrar and P. Hamilton, masters of the cannery tugs Hattie Gage and Kayak, which were towing the vessel when the wreck occurred. Captain Nicholas Wagner, mate Victor Johanson and several members of the crew testified before a federal inspector that the blame of the loss of the vessel and 111 lives rested upon the tow boat captains. Their testimony was to the effect that the tugs had made no effort to save the lives on the Bengal, but had remained away a period of thirty hours, during which time the ship was driven ashore. Captain Wagner affirms that there was a period of two hours after the Bengal had been cut adrift during which every life might have

CHOLERA IN LUZON.

WASHINGTON, Oct. 3.—During the past seven years of American occupation of the Philippines there have been 225 cases of cholera among Americans and 119 deaths in the entire archipelago. This information comes from the governor-general of the islands who had the figures compiled at the request of Secretary

Wright. The number of cases is regarded by the officials as relatively very small and they think the figures presented ought to allay the not unnatural fear on the part of the families of officers and men on the fleet of any danger to which they may be exposed at Manila.

There were two deaths from Asiatic cholera among the troops in the last mortality list received from General Weston.

BATTLE WITT MOROS.

MANILA, Oct. 3.—A belated report received today from the Island of Mindanao tells of a battle between scouts and outlaw Moros, in which over a dozen casualties occurred. An outpost company of scouts was attacked on Keithley Road by a band of 50 Moros. In the first sudden onslaught one of the scouts was killed and two were wounded. The

company rallied, however, driving off the superior force with a loss of nine natives killed and several injured.
