NEWS OF THE HOUR**

CRAFT ARRIVING AND DEPARTING IN AND FROM ASTORIA  
--AND THEIR MASTERS, MEN AND MESSAGES

The Lurline arrived down in good season last night with a fair cargo and good list of passengers. Before leaving on her return trip she dropped down to the Kinney dock and took on a shipment of salmon. Among her passengers up were Mr. and Mrs. Foster, Rev. Hoben and family, Miss Dent and Messrs. Anthony, Peterson and Kennedy.

The lighthouse tender Heather was at Sand Island yesterday carrying Inspector Charles F. Bond who examined the proposed positions for the new range lights to be placed there. Work on the placing of these guides to navigation will commence next week. Captain Bond returned to Portland last night.

Captain Neuman of the German steamship Arabia, reports that on August 16 in latitude 46 27 N. Long. 124 48 W., he passed a large tree about 50 feet long. Also, on August 26th in Lat. 51 58 min. N. Long. 162 20 min. W. he passed several large timbers.

The lighthouse tender Armeria left out yesterday morning for a trip to Alaska, calling at Seattle. She will visit the different stations in the north and land supplies, etc. Small repairs will also be made and more power installed for the fog signals. She will be gone for some time.

The steamers Guernsey and Knight of the Thistle and the ship Aster left down for the sea yesterday morning and it is thought that they crossed out in the afternoon. The bar was obscured and no reports were received.

IT IS NOT EASY TO CARRY

such a large and varied stock of new styles in Millinery as we are now exhibiting. Yet we have this vast assortment for the benefit of our patrons, that they may have ample scope for selection of suitable Hats that will suit them in style, shape, trimming, and price. We cordially invite our lady friends to visit our show-rooms this week and examine the wonderful variety of Millinery novelties that are here awaiting inspection. Prices most moderate.

The lighthouse tender Columbine leaves on Monday for all stations southeast. She will deliver supplies to the different stations and will be absent about a month.

The steamer R. D. Inman is at Rainier where she is completing a lumber cargo. The steamer Weatherford is also at the same place for the same purpose.

The Heather will leave for Willapi, Shoalwater Bay and other neighboring stations, delivering supplies, etc., and will be gone about a couple of weeks.

The gasoline schooner Evie is loading freight for Tillamook picking up freight intended for the Sue H. Elmore. She may get away today or tomorrow.

The steam schooner Jim Butler has completed her cargo at Rainier and arrived down last night. She may go to sea today.

The steam schooner Cascade crossed out yesterday morning at 7 o'clock bound for San Francisco.

The Alliance is scheduled to leave out for Coos Bay this morning at 5:30.

The Rose City left out for San Francisco yesterday morning.

The steamer Breakwater is due in from Coos Bay, this morning.

The steamer Yellowstone left San Francisco on Friday for Astoria.

At high noon yesterday Master Fish Warden H. C. McAllister entered this port with the new and handsome fisheries patrol boat "The Astoria," having left Portland at 11 o'clock on Friday, and spending the night at Cathlamet. The Warden was accompanied by Mrs. McAllister and by Mr. Dwight Edwards, a prominent merchant of the metropolis, while Deputy Frank Brown had charge of the boat as captain.

The fine little craft behaved beautifully all the way down the river and all concerned are delighted with her; she makes her 13 miles an hour easily, runs smoothly, and when she "shakes" down to her paces and wears some of the "new" off, will be all she was built for, a swift and admirable patrol.

It is understood that the Astoria Chamber of Commerce will bestow her pennant on her in due time thus signifying the appreciation of this

public for the honor done it in naming her for the city; it will be very handsome and in perfect keeping with the style and service of the craft. Warden McAllister and his party will leave up for the metropolis at 7 o'clock this morning.

**OPENING FOOT BALL  
GAME YESTERDAY**

THE HIGH SCHOOL DEFEATS  
THE ALL STARS BY SCORE  
OF 16 TO 1.

Yesterday afternoon at 2:30 p. m. on the A. F. C. field, the Astoria High School football team met and defeated the team known as All-Stars, 16 to 0. The game was really one-sided as the High School could make yardage whenever needed.

In the first half by a series of line bucks, end runs and kicks, the ball was worked to the All-Stars goal line where Captain Parker by a center buck carried the ball across for the first touchdown. The ball then seceded dangerously near the All-Star goal, Upshur the High School kicker, several times trying place picks, all of which just missed the goal posts.

In the second half, two more touchdowns were made, Upshur and L. Short each making one. In this behalf the High School tried out several forward passes and fakes all of which netted yardage.

For the All-Stars the best work was done by Holmes, Barry, Ness and Malagamba. Of these men Barry and Ness are High School second team men.

This game showed up the High School team to be the best one turned out in years and the friends of the school look for them to win an enviable reputation among the secondary schools of the state.

Captain Parker is back in his old position as fullback and is bucking the line in better form than ever before, while his defensive work is good. Ed Short, the speedy left half, promises to show up well, particularly in end running. His brother, "Seab" Short, playing quarter, is a coming football man and promises to hold up the reputation of his brother. Upshur, the big freshman half, was the star of the day, his fierce

cross tackle bucks, and runs, and his kicking, being features. In the line Ross is holding down center with Ness, Peschl, Allen and Nelson trying for guard positions. Fulton and Troyer played the tackle positions, showing up well. Barry, a second team man, is giving Fulton and Troyer, both, a hard fight for the positions. Morton and Holmes played the ends, Morton on left end played a splendid game, carrying the ball well and never failing to make yardage when called upon.

Altogether the faculty and students of the High School have a team that they may depend upon to keep up the good name in athletics which the track team won last spring.

**IRVING AVENUE SLIDE  
IS TALKED OVER**

CONTRACTOR IS ABOUT TO  
RECEIVE HIS FINAL PAY-  
MENT, PER AGREEMENT

At a conference yesterday afternoon between Mayor Wise, and the street committee, Messrs. Hansen, Logan and Belland, and the city surveyor, the whole matter of the Irving avenue slide was discussed with great thoroughness. Especially was the matter of the recent ordinance granting a final payment to Mr. Goodin, the contractor, considered. This ordinance has been looked into very carefully by Mayor Wise and he will act upon it one way or the other in a day or two. It is expected he will sign it.

At the recent meeting of the council an ordinance was passed granting Contractor Goodin the sum of approximately \$2300, which sum represents the final payment to be made on the contract as far as it has gone. On the face of things, there appears no reason why this sum should not be paid, it is said, as payment apparently would not prejudice the city in any future trouble or litigation that might arise over the improvement, and at the same time it is apparently due. The entire contract was for a sum in the neighborhood of \$18,000. With this sum of about \$2300 paid, as it probably will be without demur, that will mean that Mr. Goodin will have secured all of

his contract price except \$1986.82. This sum of \$1986.82 represents the amount of filling that was still required (if the land had been stationary) at the time the city and Mr. Goodin agreed to stop work. Meantime nothing is being done in the matter of the Irving avenue improvement. It is deemed best to let the street stand as it is during the winter rains, and the city has apparently arrived at the definite conclusion that it can, or will, do nothing on the private property affected by the sliding ground, unless the private owners consent to the formation of some district covering the territory affected. Being private property, the city cannot pay out public funds to protect it, according to the advice the city authorities are acting upon.
