TO PORTATION DE CHRYDRY STATEMENT AND A THE CANDIA REP.

Raised Wages of Isthmian Laborers' by Longevity Order While War

Secretary.

The Panama Canal is one of the

greatest achievements of any Republican administration.

As Secretary of War, Hon. William H. Taft personally assumed the responsibility of inaugurating the work and systematically shaping up the practical operations until a degree of efficiency has been reached that may well as-

Mr. Taft has applied to this world project and history making enterprise those same qualities of careful, thoughtful investigation, penetrating judgment and absolutely fair dealing, which have made him so signally successful in the performance of all those duties of state which have brought him to the high eminence he now occupies as one of our

# Must Know Personally,

Work on the canal has passed through two stages, those of planning and preparation. It is now in the third Bengine-V. M. and P. and Union and final stage, that of construction. Both of the earlier stages required the presence of a large working force, necessarily quartered in temporary and make shift accommodations. Because of these conditions, inevitable at the mistook the initial and temporary out-Gasoline-Union and Red Crown, fit for permanent equipment.

Throughtful About Labor.

ing liberal and appreciate increase inthe wages of various classes of workmen, as follows: "All employes not native to the trop-

ics who occupy the positions herein designated shall be granted the following increases in pay for length of continuous service on the Isthmus; Five per cent of the basic or class rate for the second year, with accumulative addition of three per cent of the basic rate for each aubsequent year; provided, however, that such cumulative

increase shall not exceed a total of 25c of the basic rate." In other words, Mr. Taft made it possible for every American laborer on the Isthmus, by remaining there and

working, to increase his wages 25 per cent and at the same time have a permanent position. These men also get four weeks' vacation with pay, every year and Mr. Taft favors making the vacation six weeks with pay.

Change Would Be Disastrous.

In the performance of this work the United States is under the scrutiny of the entire world, especially of our neighbors in Central and South America, before whom we must make good our profession of high social and industrial ideals. It would be a national calamity to jeopardize the present liberal progressive pollcy that is so successfully constructing the Panama Canal. Mr. Taft is the one man to continue this great work to the end.

COUNTRY NEEDS & REPUBLICAN CONGR.ESS.

### President Roosevelt Points Out Importance of Electing Legislators to Support Taft.

President Roosevelt, in a letter to William B. McKinley, chairman of the Republican Congressional Committee, appeals to disinterested citizens to join with the National Republican Committee and the Congressional Committee in a movement to elect William H. Taft as President and a Republican Congress to support him, saying, in part :

"It is urgently necessary, from the standpoint of the public interest, to elect Mr. Taft, and a Republican Congress which will support him; and they seek election on a platform which specifically pledges the party, alike in its executive and legislative branches, to continue and develop the policies which have been not merely introduced, but acted upon during these seven years. These policies can be successfully carried through only by the hearty co-operation of the President and the Congress in both its branches, and it is therefore peculiarly important that there should obtain such harmony between them. To fail to elect Mr. Taft would be a calam-

ity to the country; and it would be folly, while electing him, yet at the same time to elect a Congress hostile Mr. Taft's chief concern has been the to him, a Congress which under the inproper care of the laboring man on the fluence of partisan leadership would be lathmus. Under his patient and ap- certain to thwart and baffle him on every possible occasion. To elect Mr. of yellow fever, against which the Taft, and at the same time to elect a French struggled in vain, the filthy and Congress pledged to support him, is the pest breeding state of the principal only way in which to perpetuate the policy of the government as now car-Governor Hughes made some punc- the two first eras, have been eliminated. be given to this policy by every good ried on. I feel that all the aid that can citizen should be given; for this is far more than a merely partisan matter."

At Lincoln, Neb., July 3, 1908, Herman Ridder of New York, the new treasurer of the Democratic national which he said: "I said to Mr. Bryan: Raisin -- Loose muscatels, 3-crown, You cannot carry New York, and you

proved methods the terrible scourge Panamanian towns, the rough labor camps, and other ploneer hardships of of Sanitation, the Department of Mu-

nicipal Engineering and the Building Department. To-day we find yellow fever driven from the isthmus, the deadly stegomyia mosquito thus rendered innocuous, malaria and pneumonia greatly reduced and a high average of health prevailing.

Mammoth Construction Project. President Roosevelt appointed a special commission to examine the Isthmian situation last spring, and it reported Aug. 6, 1908. According to this special report there were at work at the Isthmus April 30, 1908, 26,118 men for the Isthmian Canal Commission and 7,075 at work for the Panama railroad. a total of 33,193 men all told. Housing this industrial army in quick time, with due attention to sanitation and hygiene, was a problem which would have been beyond most men. But Mr. Taft did it successfully.

To keep the machinery and tools in condition, three large machine and repair shops, two shipyards and numerous warehouses are maintained. When we recall that this enormous plant is operated at a distance of 1,382 miles from its nearest base of supply, New Orleans, and 1,975 miles from its main base of supply, New York, we can estimate with more justice and accuracy the magnitude and complications of the undertaking Mr. Taft has conducted so well.

Workingmon Appreciate Tatt.

He has succeeded in impressing labor on the 1sthmus with his kindly interest in its behalf. On this point the special commission's report says: "From the outset we were strongly impressed by the spirit of good will and loyalty of the employes \* \* .\* The general oria. sentiment of the workers was expressed in the words of a mechanic, in one of the conferences which we held with representatives of different trades. Said he: 'We want it understood that we are American citizens and that we are proud to have a share in this great work. We believe the government is treating as right, and we are as much interested to see this thing a success as anyone.' This spirit of loyalty and many occasions and should be accounted as an asset of the highest value to the government in the accomplishment of its colossal task."

Taft Baises Wages.

Mr. Taft issued a longevity order mak-

APPEAL TO LOYAL REPUBLICANS

# To Middle West and Rocky Mountain States Republicans.

You want Mr. Taft and Mr. Sherman elected and they cannot be elected unless the Republican National Committee has sufficient money to pay the legitimate expenses of the campaign. It costs money to perfect an organization. It requires money to pay for printing, postage, salaries or stonographers and clerks at headquarters, traveling expenses of speakers and numerous other details that go to make the campaign end successfully. Congress, as you know, has passed a law making it unlawful for us to solicit money from corporations. We must depend upon the contributions of individual voters. If every Republican in this Western Division would contribute one dollar to the campaign fund, we will be able to do all the things that the voters want done; we will be able to elect Taft and Sherman. Will you help? If so, please JACOB KAMM send one dollar to the chairman of your

State Finance Committee, whose name appears in the list following, or send it direct to me and you will receive the official receipt of the Republican National Committee.

FRED W. UPHAM, Assistant Treasurer.

Contributions may be sent by check or money order to any of the following named chairmen of the various State finance committees:

Colorado, Whitney Newton, Denver. Idaho, Frank F. Johnson, Wallace. Illinois, Col. Frederick H. Smith, Pe-

Iowa, Hon. Lafayette Young, Des Moines.

Kansas, Frank E. Grimes, Topeka. Michigan, John N. Bagley, Detroit. Missouri, O. L. Whitelaw, 409 North Second street, St. Louis.

Montana, Thomas A. Marlow, Helena. Nebraska, John C. Wharton, New York Life building, Omaha.

New Mexico, J. W. Reynolds, Santa Fe.

North Dakota, James A. Buchanan, Buchanan. Oregon, Dr. H. W. Cos, Portland, South Dakota, O. W. Thompson, Ver-

million. Washington, James D. Hoge, Seattle. On May 1, 1907, as Secretary of War, Treasurer, 234 Michigan avenue, Ohi-Or to Fred W. Upham, Assistant cago, Illinois.
