

The Daily Market Report

"Gradually the East is awakening to the fact that the hop market this year is quite different from that of a year ago," said a local dealer today. "The brewing interests are not yet placing orders in a free way, and many of them are still disposed to wait until after election before committing themselves, yet the past 40 days have witnessed a considerable revival of interest on the part of the East."

STOMACH DISTRESS

AND INDIGESTION WILL VANISH IN FIVE MINUTES.

END THIS MISERY TODAY

It Seems Strange That You Will Continue a Stomach Sufferer With Relief so Handy and Certain—Merely a Matter of Taking Some Diapepsin.

The question as to how long you are going to continue a sufferer from Indigestion and Stomach trouble is merely a matter of how soon you begin taking Diapepsin.

If your Stomach is lacking in digestive power, why not help the stomach to do its work, not with drastic drugs, but a re-enforcement of digestive agents, such as are naturally at work in the stomach.

People with weak Stomachs should eat Diapepsin after meals, and there will be no more Indigestion, no feeling like a lump of lead in the stomach, no heartburn, Sour risings, Gas on Stomach or Belching of undigested food, Headaches, Dizziness or Vomiting, and, besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour stomach and dyspepsia are generally relieved five minutes after eating one Triangle of Diapepsin.

Go to your druggist and get a 50-cent case of Paper's Diapepsin now, and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. They freshen you and make you feel like life is worth living.

PRACTICAL DEMONSTRATION.

Actual Operation of Postal Savings Banks in Philippines.

Two Years' Experiment Indicates the Plan is Successful.

The only postal savings bank system in operation under the American flag is that in the Philippines, where, after two years of experiment, the institution has been declared a great success. In the report of the Philippine commission, just published, the postal savings bank is discussed briefly, in part as follows:

"The postal savings bank was first opened in Manila on Oct. 1, 1906. The law provides for three classes, with limitations as to the amounts that can be received at any one time in each class. Following the opening of the Manila office, other postal savings bank offices were opened in various cities, of different classes, until at the close of the year 235 had been opened, of which 9 were first, 86 were second and 140 were third class.

Philippines Adopting System.
"At first the Filipinos did not to any great extent avail themselves of the opportunity of depositing a portion of their receipts in the postal savings bank, and a great bulk of the depositors were Americans and of other nationalities. As the advantages of this system have been disseminated through means of schools, government bureaus, private agencies and others, the proportion of Filipinos is continually increasing, and gives very good promise that the Filipinos will learn to trust their money to the care of the government, and welcome the opportunity.

"The accounts opened up to the close of the fiscal year numbered 2,676, of which 347 were closed, leaving 2,329 still open. The deposits reached the total sum of 786,561.08 pesos—an average of 108.21 pesos. Withdrawals reached the total amount of 280,400.21 pesos, leaving a net deposit of 506,160.87 pesos at the end of the fiscal year—or the first nine months of the operation of the postal savings bank—but by no means the first nine months of operation of the average number of offices, the smaller ones having been opened from time to time during the year, so that many had not been opened more than a month or two at the time these figures were taken.

Encouraging Small Accounts.
"The device of issuing postal savings bank stamps has met with some response. The stamps are simply a method by which small amounts can be deposited without the expense of issuing a book, accruing interest, and opening an account.

"On the whole, the reception accorded the postal savings bank has been gratifying, and gives good promise. The investment of the funds is in the hands of a postal savings bank investment board, which carries a certain amount of the funds on deposit, and has limited power of investment. The law provides that 25 per cent of the money held on deposit may be loaned on first-class real estate, under limitations carefully drawn to protect the depositors, and 10 per cent on agricultural lands under still more rigid limitations."

AS ROOSEVELT SEES BRYAN.

"You say that you have advocated more radical measures against private monopolies than either I or my party associates have been willing to undertake. You have, indeed, advocated measures that sound more radical, but they have the prime defect that in practice they would not work. I should not in this letter to you discuss your attitude on this question if you did not yourself bring it up, but as you have brought it up, I answer you that in my judgment the measures you advocate would be wholly ineffective in curing a single evil, and so far as they had any effect at all, would merely throw the entire business of the country into hopeless and utter confusion. I put Mr. Taft's deeds against your words. I ask that you be judged both by the words you wish remembered, and by the words that seemingly you and your party now desire to have forgotten. . . . I hold it entirely natural for any great law-defying corporation to wish to see you placed in the Presidency rather than Mr. Taft. Your plans to put a stop to the abuses of these corporations are wholly chimerical. — Theodore Roosevelt."

If it is true that Roosevelt is going to take to the stump Bryan will have to take to the woods.—Philadelphia Press.

Mr. Bryan no longer refers to Mr. Roosevelt as his imitator, counterpart and understudy.—St. Louis Globe-Democrat.

OLD LADY MURDERED.

Body Found in Canal With Large Sum Of Money Missing.

CHICAGO, Oct. 23.—What may prove a murder developed last night, when the body of a woman found in the drainage canal near Summit, Ill., was identified as that of Mrs. Hannah Kaiser, 71 years old, a widow who disappeared from her home October 19 with \$1500 in her possession.

The police obtained from Pedro Kistenmacher the information that Mrs. Kaiser had received a large sum of money. Kistenmacher is a nephew of the woman and resides in apartments above those formerly occupied by his aunt. He told Police-man Victor Simon who accompanied him to Summit where he made the identification, that Mrs. Kaiser recently had sold property for which she received \$1500.

According to Kistenmacher she had no faith in banks and carried the money sewed up in her clothing. This habit was known generally among her neighbors.

A SERGEANT HONORED.

CAMP ATASCADERO, Cal., Oct. 23.—For gallant conduct in an engagement in the Philippines Sergeant Seth T. Weld of the 8th Infantry, U. S. A., has twice been signally honored within a week. A few days ago in the presence of hundreds of troops he was presented with the congressional medal of honor for bravery, and last night he received word from Washington that the President had appointed him a second lieutenant of Philippine scouts. Lieutenant Weld while badly wounded in both arms, rescued two wounded comrades from a band of Pulajanes on the island of Leyte several years ago.

Where Bullets Flew

David Parker of Fayette, N. Y., a veteran of the civil war, who lost a foot at Gettysburg, says: "The good Electric Bitters have done me worth more than five hundred dollars to me. I spent much money doctoring for a bad case of stomach trouble, to little purpose. I then tried Electric Bitters, and they cured me. I now take them as a tonic, and they keep me strong and well. 50c at Charles Rogers & Son's drug store."
